**Opinion and International Intervention** Richard Sobel, Peter A. Furia, Bethany Barratt, 2012-05 Rarely has a foreign policy event spawned such interest in international public opinion as has the Iraq War What does this war indicate about the extent to which public opinion influences foreign policy leaders Have leaders decisions about participating in the Iraq Coalition reflected the willingness of their citizens to do so Are leaders of some countries more responsive to public opinion than others The editors address these questions using select case studies that explore the extent to which leaders and people in democracies that are capable of participating in the Iraq War Coalition have willingly done so Each chapter is based on the premise that democracies are most responsive to public opinion and that the wealthiest democracies would be most capable though not necessarily most willing to participate in the Iraq War The editors have assembled contributions that build on the successful model of Richard Sobel's International Public Opinion and the Bosnia Crisis In this Iraq volume leading scholars debate the role of public opinion in particular countries decisions to participate or not in an international conflict making it an essential text for any foreign policy course

*Comparative Public Opinion* Cameron D. Anderson, Mathieu Turgeon, 2022-07-22 This book presents a comprehensive examination of public opinion in the democratic world Built around chapters that highlight key explanatory frameworks used in understanding public opinion the book presents a coherent study of the subject in a comparative perspective emphasizing and interrogating immigration as a key issue of high concern to most mass publics in the democratic world Key features of the book include Covers several theoretical issues and determinants of opinion such as the effects of personality age and life cycle ideology social class partisanship gender religion ethnicity

language and media highlighting over time the effects of political social and economic contexts Each chapter explores the theoretical rationale mechanisms of effect and use in the scholarly literature on public opinion before applying these to the issue of immigration comparatively and in specific places or regions Widely comparative using a nine country sample Australia Canada France Germany Italy Portugal Switzerland the United Kingdom and the United States of America in the analysis of individual level determinants of public opinion about immigration and extending to other countries like Belgium Brazil and Japan when evaluating contextual factors This edited volume will be essential reading for students scholars and practitioners interested in public opinion political behaviour voting behaviour politics of the media immigration political communication and more generally democracy and comparative politics
