**National Conference on Social Welfare**

## **Public Service Trade Unionism And Radical Politics:**

*Public Service Trade Unionism and Radical Politics* Chris Miller,1996 This text is concerned with the nature of public service white collar trade unions particularly those within local government It argues that the human product of the labour of public service workers gives the production process a heightened significance uneasy with capitalist labour relations

Employee Relations in the Public Services Susan Corby,Geoff White,2002-01-22 Almost a fifth of all employees work in the public sector Employees working in the civil service NHS local government education the police and fire services also represent a large and growing body of students taking degree courses at universities Exploring this important and rapidly changing area this book outlines the main developments in the public sector since 1979 including topical issues such as the rise of new public management decentralisation and contracting out Themes which currently affect public sector employees are examined including decentralization contracting out fragmentation and the growth of individualism in the employment contract This stimulating up to date and intellectually rigorous text is thematic rather than sector specific and reflects the way this subject is taught in a range of courses It will complement alternative texts in this area and will be a valuable resource for students of public policy public sector management human resource management employee and industrial relations

*Gender Democracy in Trade Unions* Anne McBride,2020-07-24 This title was first published in 2001 Detailed interviews with activists and case studies of decision making bodies show how different membership groups exploit equal opportunities strategies to facilitate or impede women These case studies expose the conundrum of understanding women as a differentiated but distinct membership group They illustrate why women activists need to be understood in their diverse and multiple roles of being low paid workers black women lesbians and members of political parties but also demonstrate that women are most empowered when treated as an oppressed social group

**Towards a Politics of the Rainbow** Jill C. Humphrey,2017-11-22 This title was first published in 2002 The trade union movement in twentieth century Britain has been a cornerstone for society s marginalized members women disabled people lesbians and gay men and people from black and ethnic minority communities As these groups of workers self organized to reform their unions they built a bridge between the old social movement based around class position and labour identity and the new social movements based around civil rights and status stratifications This book presents a detailed look at self organization within public sector unions through the emergence of four self organized groups within NALGO and later UNISON Drawing upon unique insider knowledge of the alliances and antipathies between the self organized groups and the host union the book also provides fascinating revelations of the tensions between self organized groups themselves This study will be essential reading for students of political sociology and industrial relations

*Trade Unions* Sue Fernie,David Metcalf,2005 With an innovative and thorough approach the authors present a refreshingly forward looking case for industrial relations in Britain as they dissect historical and contemporary events and theory

**Emotional Life and the Politics of Welfare** P. Hoggett,2000-08-22 Social policy

and political theory are based upon rationalist models of the human subject Drawing particularly upon contemporary Kleinian and feminist political theory the author explores the powerful role that emotions such as love hate and fear play in the development of the human subject From this base the book then examines a range of contemporary issues such as employment dependency care and generosity conflict and oppression which are relevant to struggles around the welfare state

*Public Service Employment Relations in Europe* Stephen Bach, Lorenzo Bordogna, Giuseppe Della Rocca, David Winchester, 2005-08-16 The book provides an up to date analysis of the restructuring of public service employment relations in six European countries Germany France Italy Spain Denmark and the UK Each of the chapters on national systems is organized around a set of themes and policy issues including the impact of fiscal crises and increasing macro economic integration within the European Union on the scope and organization of public services changes in the patterns and status of public service employment the shift from centralized administration to new models of devolved management changes in the organization and policies of public service trade unions reforms in the structure process and outcome of collective bargaining patterns of conflict and cooperation between unions managers and the state Written and edited by some of the country's primary authorities on public sector industrial relations this outstanding book on this high profile field is sure to be a valuable resource for those studying this important topic

**The dilemmas of development work** Hoggett, Paul, Mayo, Marjorie, 2008-11-19 Social development work takes place in the grey area between government and the voluntary and community sectors This book written by three well known educators and researchers in the social policy and development field explores the ways in which front line professionals working with communities identify and address the dilemmas inherent in the current policy context Drawing upon original material the authors examine how community engagement workers negotiate the ethical and emotional challenges they face how they work through problems of community representation at interpersonal and team levels how they manage the conflicting roles of local activist and paid worker and what role colleagues management and others play when responding to such challenges The dilemmas of development work reconnects to and updates an important tradition in social policy which explores the dilemmas of street level work It draws on contemporary political theory and current debates concerning the modernisation of governance and psycho social perspectives on identity values and agency Combining theory and practice it will appeal to practitioners policy makers and undergraduates in social and public policy

*The Politics of the Welfare State in Turkey* Erdem Yoruk, 2022-05-23 In *The Politics of the Welfare State in Turkey* author Erdem Yoruk provides a politics based explanation for the post 1980 transformation of the Turkish welfare system in which poor relief policies have replaced employment based social security This book is one of the results of Yoruk's European Research Council funded project which compares the political dynamics in several emerging markets in order to develop a new political theory of welfare in the global south As such this book is an ambitious analytical and empirical contribution to understanding the causes of a sweeping shift in the nature of state welfare

provision in Turkey during the recent decades part of a global trend that extends far beyond Turkey Most scholarship about Turkey and similar countries has explained this shift toward poor relief as a response to demographic and structural changes including aging populations the decline in the economic weight of industry and the informalization of labor while ignoring the effect of grassroots politics In order to overcome these theoretical shortages in the literature the book revisits concepts of political containment and political mobilization from the earlier literature on the mid twentieth century welfare state development and incorporates the effects of grassroots politics in order to understand the recent welfare system shift as it materialized in Turkey where a new matrix of political dynamics has produced new large scale social assistance programs

**Producing Welfare** Chris Miller, 2017-05-02 This book is about the organization and delivery of welfare services a subject that is currently the focus of hot debate as successive governments seek to modernize public services in response to recent social economic and political change Written specifically for a student readership it provides a critical and contemporary exploration of the organizational models processes and structures associated with different approaches to welfare including traditional post war approaches and the new right Particular emphasis is given to the formulation and implementation of policy under the current British Labour government Workers, Power and Society Jens Arnholtz, Bjarke Refslund, 2024-06-03 The book addresses how power and power resources remain important analytically as well as empirically dimensions for analysing contemporary capitalism It provides a theoretical framework for studying understanding and explaining changes in the world of work and how that leads to changes in contemporary capitalist societies Changes in the world of work are closely related to increasing inequality growing social unrest and societal polarisation Hence the book seeks to deepen our understanding of how developments in the sphere of work have implication far beyond the direct impact on workers The book focuses on how workers and unions utilise their various power resources to off set the power advantage of employers and capital in the sphere of labour politics which have crucial linkages with both cultural life politics and the market Although workers and unions power and influence have been declining almost universally across the world the argument in the book is that they still hold power resources that can challenge and sometimes alter outcomes in another direction than what employers and capital wants Hence the theory can help understand the possibilities that workers and unions still have and how these resources affect the outcomes of the labour capital struggle A core contribution of the book is that it develops theoretical propositions about power resource theory provides clear definitions of the core concepts as well as apply the power resource theory to a range of new or emerging topic fields like global value chains minimum wages and migrant workers The Community Development Reader Craig, Gary, Mayo, Marjorie, 2011-05-18 This unique Reader traces the changing fortunes of community development through a selection of readings from key writers *Trade Unions in Asia* John Benson, Ying Zhu, 2008-05-30 Offering a comprehensive account of the role of trade unions in Asia today this book put together by two editors who have published extensively in the areas of business and economics in Asia covers all the

important Asian economies both developed and developing Making a vital contribution to the very small amount of literature that has been pub **European Politics into the Twenty-First Century** Hans Slomp,2000-02-28 This short and simple introduction to European politics which includes Western and Eastern Europe as well as Russia demonstrates how European nations have attempted to cope with division within Europe and in international politics Highlighting differences with U S politics Slomp examines the European system from various perspectives including geography religion economics and social composition Two separate chapters discuss relations within the European Union as well as its interaction with nations outside the group Tables and figures provide a wealth of information on the location of minorities the ideological spectrum and social policies Directed toward both an American and a European readership this study includes information about the importance of ethnicity and religion the impact of new migration waves and the position of the labor movement It covers the role of political parties the Americanization of election campaigns and the prevalence of coalition governments A chapter on European style civil society focuses on the influence of pressure groups the popularity of formal business trade union government contracts the mass media local politics and federal political systems Every chapter deals with the social transformation of the former communist countries of Central and Eastern Europe A final section contains a brief description of all the nations by groupings **The Politics of Privatisation in Western Europe** John Vickers,Vincent Wright,2005-06-28 This title available in eBook format Click here for more information Visit our eBookstore at [www.ebookstore.tandf.co.uk](http://www.ebookstore.tandf.co.uk)

*Racism, Class and the Racialized Outsider* Satnam Virdee,2014-06-24 Racism Class and the Racialized Outsider is that rare thing nowadays an academic book that not only engages with a wider public but also provides a sharp campaigning edge to the analysis Historical and broad in its coverage this is one of the best accounts of contemporary racism published in a good long time Mark Perryman Philosophy Football Racism Class and the Racialized Outsider offers an original perspective on the significance of both racism and anti racism in the making of the English working class While racism became a powerful structuring force within this social class from as early as the mid Victorian period this book also traces the episodic emergence of currents of working class anti racism Through an insistence that race is central to the way class works this insightful text demonstrates not only that the English working class was a multi ethnic formation from the moment of its inception but that racialized outsiders Irish Catholics Jews Asians and the African diaspora often played a catalytic role in the collective action that helped fashion a more inclusive and democratic society *The State and the Social* Ørnulf Gulbrandsen,2012 The development of Tswana merafe kingdoms and the arrival of Christianity and colonialism Tswana consolidation within the colonial State development of a postcolonial State embryo Cattle diamonds and the grand coalition The State and indigenous authority structures ambiguities of co optation and confrontation Tswana domination minority protests and the discourse of development Anti politics and questions of democracy and domination Governmentalization of the State on State interventions in the population Escalating inequality popular reactions to political leaders **The Social**
