Public Utilities And The Poor Rights And Responsibilities:

Public Utilities and the Poor David C. Sweet, Kathryn W. Hexter, 1987-11-17 Public Utilities and The Poor examines an often neglected aspect of utility policy the development of new policy directions for utility assistance to the low income and the elderly It focuses on the shift in utility assistance policy making from the federal to the state local and neighborhood levels and on the resulting opportunity among private utilities for leadership in developing local programs In addition the authors propose that steps be taken to open up the policy making process to make sure that all groups with a stake in the outcome are included

Subcommittee No. 4, 1972 Closing the Rights Gap LaDawn Haglund, Robin Stryker, 2015-03-21 Rights language and practices have been used increasingly in the last decade to address conditions of economic social and cultural marginalization It is still unclear however whether such efforts have been effective at promoting transformative social change Have rights as embodied in constitutions statutory and judicial law international conventions resolutions and treaties fostered demonstrative improvements in the lives of the excluded When where how and under what conditions This volume explores these questions through a systematic comparison of the mechanisms actors and pathways MAPs operating in a diversity of cases analyzed by established scholars from different disciplinary backgrounds The MAPs comparative approach provides insights into the conditions under which and institutions through which rights on the books

are more or less effectively translated into substantive rights realization We suggest multiple pathways in which litigation may combine with non legal mechanisms and strategies including institutionalized and non institutionalized politics and global and local networks and advocacy The volume is unique in its synthesis and advancement of parallel issues and debates across different disciplines and geographic regions it likewise brings into dialogue scholars of economic social and cultural rights with the scholarship on civil and political rights These cross fertilizations allow us to conclude by proposing a series of testable hypotheses about how economic and social rights might be realized as well as an agenda for future research to broaden and deepen empirical integration and theoretical synthesis in ways that can facilitate human rights realization worldwide Provided by publisher **France** ,1919 **The North Dakota Quarterly** ,1916 Vol 1 includes The installation of Frank Le Rond McVey as president of the University of North Dakota Programs and proceedings called Inauguration number dated Sept 1910 **The New American City Faces Its Regional Future** David C.
