

INTRODUCTION

The manuscripts known as the *Olden Papers* are among the most valuable and important in the possession of the Library. They extend through the greater part of the eighteenth century, and constitute a rich treasure of materials for our Colonial History. A portion of these papers have been included in the first volume of this series of publications, which is prefatory only, in which it is deemed sufficient to refer to this place.

The present volume contains the first part of *Jonathan Dymond Dummer's* official *Letter Books*, which extend from 1766, when the administration of the Province first devolved upon him as President of the Assembly's Council, to the death of Jonathan Dummer The Elder, in 1775, when his Son and last son of consequence of the Executive Chair was born:—namely in the year before his death.

Care has been made of all these papers by historical writers, and some of them have found their way into print; but it is considered best to give the entire text of the *Letter Books* as they stand in the original MSS., from which they are now printed, without breaking the unity of the series of documents thus preserved.

The contents of this volume, which ends with the early part of the year 1766, shows a first of light upon the measures which were actually forcing New York into necessary action.
