Pueblo On The Mesa:

Mesa Verde Dr. Jesse Harasta, Charles River Editors, 2014-05-06 Includes pictures Includes footnotes and a bibliography for further reading When the Spanish came into contact with different tribes in the Southwest they were so intrigued by the structure of the communities that they gave the natives the name Pueblo a term they used to measure certain sizes for their own settlements Thus while most Americans have heard of the Pueblo and Navajo many remain unfamiliar with distinctions within the tribes The Spaniards interest was understandable because the Pueblo fascinated those who came across their settlements especially those located in desert regions and the sides of cliffs that involved the use of adobe mud stone carving homes out of cliffs One such settlement Oraibi was created around 1100 A D and remains one of the oldest continuously inhabited settlements in North America but the most famous of the cliff dwellings can be found at Mesa Verde which was turned into a national park in the early 20th century about 1500 years after the Ancient Pueblo established the settlement Today s Puebloan tribes are descended from tribes known as the Ancestral Puebloan People one of which was the Anasazi but anthropologists believe that the Anasazi were a common ancestor of every Pueblo group so the Ancient Pueblo are often referred to simply as the Anasazi The name Anasazi came from their enemies it is a Navajo word that means enemy ancestor While that name understandably continues to offend the descendants of the Anasazi it also underscores that there is still a lot of uncertainty regarding the history of the Anasazi In fact it is still unclear what the Anasazi called themselves and though they resided near the Four Corners area of Utah Arizona Colorado and New Mexico for more than 700 years they mysteriously abandoned their settlements shortly after they truly began to flourish around 1050 1150 A D Despite the mystery surrounding the Anasazi it s widely agreed that they occupied Mesa Verde and its unique structures for a period of nearly 700 years beginning as early as the 7th century Thanks to its occupants taking advantage of the surrounding geologic formations Mesa Verde is an amazing collection of cliff dwellings as well as houses that utilize caves and rock overhangs and structures consisting of adobe and sandstone Unfortunately the natural conditions that make Mesa Verde so special also likely played a role in its abandonment with overpopulation and drought forcing inhabitants out near the end of the 13th century Mesa Verde The History of the Ancient Pueblo Settlement covers the establishment of Mesa Verde from its origins until its establishment as a national park Along with pictures footnotes and a bibliography you will learn about Mesa Verde like never before

The Ethnogeography of the Tewa Indians John Peabody Harrington, 1916

Excavation of Two Anasazi Sites in Southern Utah, 1981 The two reports published here contain elements which contribute substantially to this broader spectrum of Southwestern cultural change While primarily descriptive in nature these two site reports one from the western Kayenta area and one from the margin of the Mesa Verde area and the eastern Kayenta suggest that the changes which occurred in the more centralized portions of these regions were directly related to what happened on the margins That while the site densities and population aggregates may not have been as high the same factors affected these marginal areas

That conclusion could be expected but what may not be expected is the differential response which appears to have occurred After reading these two reports it appears that it may be possible to discern elements of change in these fringe areas that once defined will provide new insight into what happened and why and in what are presently the better known areas of the Southwest These two papers are important in sum not only because they are reports of work in poorly known areas but because they do provide analyses of fringe areas they help us to understand the Southwest generally From preliminary introduction **National Register of Historic Places, 1966 to 1994** ,1994 *Bureau of American Ethnology* ,1916 Annual Report of the Bureau of American Ethnology to the Secretary of the Smithsonian Institution Smithsonian Institution.
