La lengua espanola Rainer H. Goetz, 2014-01-10 The Spanish language has a long and rich history from its prehistoric

roots to its position today as the mother tongue of nearly 400 million inhabitants of 21 countries. How the language originated, how it evolved, and how it is spoken today around the world makes for a fascinating story that greatly enhances the study of written and spoken Spanish. This Spanish language text covers the history of Spanish from its pre-Roman and Latin roots to its standardized form and its many regional variations. Along the way, discussion covers the spread of Latin on the Iberian Peninsula, the development of romance dialects due to a number of sociolinguistic influences, and the process of creating a standard variety of Spanish. It concludes with a discussion of the origin and the range of dialects that are spoken across the vast geographical area that forms the Spanish-speaking world. Details of pronunciation, spelling, grammar, and vocabulary are explained in their historical context, giving the student of Spanish a deeper understanding of the language as a whole. Perfect for students of Spanish as well as Spanish-speaking readers seeking to expand their general knowledge of the language, this book also includes a glossary of basic linguistic terms discussed in the text. La lengua española tiene una rica y larga historia desde sus raíces prehistóricas hasta su estado actual como la lengua materna de casi 400 millones de habitantes en 21 países. El cómo se originó, cómo evolucionó y cómo se habla hoy en día alrededor del mundo contribuye a una historia fascinante que complementa el estudio del español escrito y hablado. El presente texto en lengua española trata la historia del español desde sus raíces prerromanas y latinas hasta su forma estandarizada y sus múltiples variantes regionales. A lo largo de la narrativa se cubre la expansión del latín en la Península Ibérica, el desarrollo de los dialectos romances debido a una serie de influencias de tipo sociolingüístico y el proceso de crear una variante estándar del español. El libro concluye con una discusión de los orígenes y de la variedad de dialectos que se hablan en la vasta zona geográfica que comprende el mundo hispanohablante. Los pormenores de la pronunciación, la ortografía, la gramática y el vocabulario se explican dentro de su contexto histórico y proporcionan al estudiante del español un entendimiento más profundo de la lengua en su totalidad. El libro es perfectamente adecuado para los estudiantes del español tanto como para otros lectores hispanohablantes que desean aumentar sus conocimientos de la lengua e incluye también un glosario de los términos lingüísticos elementales que se tratan en el texto. Puerta Abierta Mary Lutyens, 2005. En *La puerta abierta*, el tercer volumen de la biografía iniciada con *Los a os del despertar* y *Los a os de plenitud*, Mary Lutyens ofrece una vista panorámica y muy amena de la enseñanza de Krishnamurti a través de penetrantes evocaciones de sus experiencias espirituales. Gran parte del libro está formada por numerosas y hermosas citas sacadas de sus conferencias. Quién fue Krishnamurti? Él fue muy claro cuando dijo que no era un guru; deploraba la relación discípulo-guru ni el liderado de ninguna organización religiosa. Su propósito era librarnos de todo cuanto nos impide descubrir la verdad por nosotros mismos. Krishnamurti buscaba aportar comprensión, no consuelo. Un filósofo sutil y sin concesiones que todavía estimula a millones de personas de todo el mundo. Un filósofo cuya finalidad consiste en terminar con la violencia y el dolor.

del contexto de apertura de los géneros literarios propiciado por las vanguardias históricas y continuado por la epistemología posmoderna así como de los hallazgos de la literatura fantástica en el ámbito hispánico. Desde esta base teórica realizamos un recorrido por todos los libros del escritor mexicano publicados hasta la fecha detectando las dos etapas principales de su trayectoria y explicando los temas, símbolos y personajes más significativos. Nuestro propósito reside en reivindicar a un autor con enormes posibilidades de instalarse en el canon como un clásico de la literatura contemporánea. Dada la heterogeneidad de su propuesta apostamos por una visión panorámica que atiende tanto al marco histórico en que se inserta como a las estrategias retóricas que predominan en su estilo literario. Como colofón analizamos en profundidad *El fantasma* texto en blanco en el que se sintetizan gran parte de las aportaciones samperianas.
