*Puerto Ricans in the United States* María E. Pérez y González, 2000-08-30 Puerto Ricans in the United States begins by presenting Puerto Rico the land the people and the culture The island s invasion by U S forces

in 1898 set the stage for our intertwined relationship to the present day. Prez y Gonz lez brings to life important historical events leading to immigration to the United States particularly to the large northeastern cities such as New York. The narrative highlights Puerto Ricans' adjustment and adaptation in this country through the media, institutions, language, and culture. A wealth of information is given on socioeconomic status including demographics, employment, education, opportunities, and poverty, and public assistance. The discussions on the struggles of this group for affordable housing, issues of women and children, particular obstacles to obtaining appropriate health care including the epidemic of AIDS, and race relations are especially insightful. The final chapter on Puerto Ricans' impact on U.S. society highlights their positive contributions in a wide range of fields.

**A New Introduction to Poverty** Louis Kushnick, James Jennings, 1999. Since the end of the Second World War, poverty in the United States has been a persistent focus of social anxiety, public debate, and federal policy. This volume argues convincingly that we will not be able to reduce or eliminate poverty until we take the political factors that contribute to its continuation into account. Ideal for course use. *A New Introduction to Poverty* opens with a historical overview of the major intellectual and political debates surrounding poverty in the United States. Several factors have received inadequate attention: the impact of poverty on women, the synergy of racism and poverty, race and gender stratification of the workplace, and crucially, the ways in which the powerful use their resources to maintain the economic status quo. Contributors include Mimi Abramovitz, Peter Alcock, Bonnie Thornton Dill, Raymond Franklin, Herman George Jr., Michael B. Katz, Marlene Kim, Rebecca Morales, Sandra Patton, Valerie Polakow, Jackie Pope, Jill Quadagno, David C. Ranney, Barbara Ransby, Bette Woody, and Maxine Baca Zinn.

*The Kingdom Began in Puerto Rico* Angel Garcia, 2020-12-15. How the South Bronx and Puerto Rican migration defined Fr. Neil Connolly's priesthood as he learned to both serve and be part of his community. South Bronx, 1958. Change was coming. Guidance was sorely needed to bridge the old and the new, for enunciating and implementing a vision. It was a unique place and time in history where Father Neil Connolly found his true calling and spiritual awakening. *The Kingdom Began in Puerto Rico* captures the spirit of the era and the spirit of this great man. Set in historical context of a changing world and a changing Catholic Church, *The Kingdom Began in Puerto Rico* follows Fr. Neil Connolly's path through the South Bronx, which began with a special Church program to address the postwar great Puerto Rican migration. After an immersion summer in Puerto Rico, Fr. Neil served the largest concentration of Puerto Ricans in the Bronx from the 1960s to the 1980s as they struggled for a decent life. Through the teachings of Vatican II, Connolly assumed responsibility for creating a new Church and world. In the war against drugs, poverty, and crime, Connolly created a dynamic organization and chapel run by the people and supported Unitas, a nationally unique peer-driven mental health program for youth. Frustrated by the lack of institutional responses to his community's challenges, Connolly challenged government abandonment and spoke out against ill-conceived public plans. Ultimately, he realized that his priestly mission was in developing new leaders among people in the Church and the world and supporting two nationally unique lay

leadership programs the Pastoral Center and People for Change Discovering the real mission of priesthood urban ministry and the Catholic Church in the United States author Angel Garcia ably blends the dynamic forces of Church and world that transformed Fr Connolly as he grew into his vocation The book presents a rich history of the South Bronx and calls for all urban policies to begin with the people not for the people It also affirms the continuing relevance of Vatican II and Medellin for today s Church and world in the United States and Latin America     Latinos in New York Sherrie Bayer,Angelo Falcón,Gabriel Haslip-Viera,2017-06-23 Significant changes in New York City s Latino community have occurred since the first edition of Latinos in New York Communities in Transition was published in 1996 The Latino population in metropolitan New York has increased from 1.7 million in the 1990s to over 2.4 million constituting a third of the population spread over five boroughs Puerto Ricans remain the largest subgroup followed by Dominicans and Mexicans however Puerto Ricans are no longer the majority of New York s Latinos as they were throughout most of the twentieth century Latinos in New York Communities in Transition second edition is the most comprehensive reader available on the experience of New York City s diverse Latino population The essays in Part I examine the historical and sociocultural context of Latinos in New York Part II looks at the diversity comprising Latino New York Contributors focus on specific national origin groups including Ecuadorians Colombians and Central Americans and examine the factors that prompted emigration from the country of origin the socioeconomic status of the emigrants the extent of transnational ties with the home country and the immigrants interaction with other Latino groups in New York Essays in Part III focus on politics and policy issues affecting New York s Latinos The book brings together leading social analysts and community advocates on the Latino experience to address issues that have been largely neglected in the literature on New York City These include the role of race culture and identity health the criminal justice system the media and higher education subjects that require greater attention both from academic as well as policy perspectives Contributors Sherrie Bayer Juan Cartagena Javier Castaño Ana María Díaz Stevens Angelo Falcón Juan Flores Gabriel Haslip Viera Ramona Hernández Luz Yadira Herrera Gilbert Marzán Ed Morales Pedro A Noguera Rosalva Reyes Clara E Rodríguez José Ramón Sánchez Walker Simon Robert Courtney Smith Andrés Torres and Silvio Torres Saillant
