Critical Bibliography of Religion in America, Volume IV, parts 3, 4, and 5 Nelson Rollin Burr, 2015-12-08 Volume IV bound as two volumes provides a critical and descriptive bibliography of religion in American life that is unequalled in any other source Arranged topically so that books and articles on a single subject are discussed in relation to each other and carefully cross referenced and indexed it will be an indispensable tool for anyone exploring further into American religion or related subjects Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Religion in American Life Nelson Rollin Burr, 1971 **Quiver**, 1885 V 12 contains The Archer Christmas 1877 **The A to Z of the Puritans** Charles Pastoor, Galen K. Johnson, 2009-09-28 Members of the Church of England until the mid 16th century the Puritans thought the Church had become too political and needed to be purified While many Puritans believed the Church was capable of reform a large number decided that separating from the Church was their only remaining course of action Thus the mass migration of Puritans known as Pilgrims to America took place Although Puritanism died in England around 1689 and in America in 1758 Puritan beliefs such as self reliance frugality industry and energy remain standards of the American ideal The A to Z of Puritans tells the story of Puritanism from its origins until its eventual demise This is done through a chronology an introduction a bibliography and several hundred cross referenced dictionary entries on important people places and events

Metropolitan Pulpit and Homiletic Monthly, 1919 Catalog of Copyright Entries, 1922 **Catalogue of Copyright Entries** Library of Congress. Copyright Office, 1922 **The Overland Monthly** Bret Harte, 1870 Overland Monthly and Out West Magazine, 1870 **The Institute Tie**, 1920 **Gender and Rhetorical Space in American Life, 1866-1910** Nan Johnson, 2002 Nan Johnson demonstrates that after the Civil War nonacademic or parlor traditions of rhetorical performance helped to sustain the icon of the white middle class woman as queen of her domestic sphere by promoting a code of rhetorical behavior for women that required the performance of conventional femininity Through a lucid examination of the boundaries of that gendered rhetorical space and the debate about who should occupy that space Johnson explores the codes governing and challenging the American woman s proper rhetorical sphere in the postbellum years While men were

learning to preach practice law and set political policies women were reading elocution manuals letter writing handbooks and other conduct literature These texts reinforced the conservative message that women s words mattered but mattered mostly in the home Postbellum pedagogical materials were designed to educate Americans in rhetorical skills but they also persistently directed the American woman to the domestic sphere as her proper rhetorical space Even though these materials appeared to urge the white middle class women to become effective speakers and writers convention dictated that a woman s place was at the hearthside where her rhetorical talents were to be used in counseling and instructing as a mother and wife Aided by twenty one illustrations Johnson has meticulously compiled materials from historical texts no longer readily available to the general public and in so doing has illuminated this intersection of rhetoric and feminism in the nineteenth century The rhetorical pedagogies designed for a postbellum popular audience represent the cultural sites where a rethinking of women s roles becomes open controversy about how to value their words Johnson argues this era of uneasiness about shifting gender roles and the icon of the quiet woman must be considered as evidence of the need for a more complete revaluing of women s space in historical discourse
