even an Iranian oil platform where the United States fought a forgotten one day battle In a story by turns surreal and alarming Margonelli meets lonely workers on a Texas drilling rig an oil analyst who almost gave birth on the NYMEX trading floor Chadian villagers who are said to wander the oil fields in the guise of lions a Nigerian warlord who changed the world price of oil with a single cell phone call and Shanghai bureaucrats who dream of creating a new Detroit Deftly piecing together the mammoth economy of oil Margonelli finds a series of stark warning signs for American drivers Auto Mechanics Kevin L. Borg, 2007-06 The history of automobiles is not just the story of invention manufacturing and marketing it is also a story of repair Auto Mechanics opens the repair shop to historical study for the first time by tracing the emergence of a dirty difficult and important profession Kevin L Borg s study spans a century of automotive technology from the horseless carriage of the late nineteenth century to the check engine light of the late twentieth Drawing from a diverse body of source material Borg explores how the mechanic s occupation formed and evolved within the context of broad American fault lines of class race and gender and how vocational education entwined these tensions around the mechanic s unique expertise He further shows how aspects of the consumer rights and environmental movements as well as the design of automotive electronics reflected and challenged the social identity and expertise of the mechanic In the history of the American auto mechanic Borg finds the origins of a persistent anxiety that even today accompanies the prospect of taking one s car in for repair **Pump and Circumstance** John Margolies, 1995-06 Margolies s celebration of gas station memorabilia Pump and Circumstance Glory Days of the Gas Station was a runaway success with roadside Americana buffs everywhere This book of postcards includes the best of Margolies s color photos from old time curb pumps to glistening streamlined service stations The 1950s William H.
