The Poems of Henry Howard, Earl of Surrey Henry Howard Earl of Surrey, Frederick Morgan Padelford, 1920

Midcentury Quartet Thomas J. Travisano, 1999-12-29 In a February 1966 letter to her artistic confidant Robert Lowell Elizabeth Bishop tellingly grouped four midcentury poets Lowell Randall Jarrell John Berryman and herself For Bishop always wary of being pigeonholed and therefore reticent about naming her favorite contemporaries it was a rare explicit acknowledgment of an informal but enduring artistic circle that has evaded the notice of literary journalists for more than forty years Despite the private nature of

their dialogue the group's members Bishop Lowell Jarrell and Berryman left a compelling record of their mutual interchange and influence. Drawing on an extensive range of published and archival sources, Thomas Travisano traces these poets' creation of a surprisingly coherent postmodern aesthetic and defines its continuing influence on American poetry. The refusal of this midcentury quartet as Travisano calls them to voice a formalized doctrine coupled with their intuitive way of working has caused critics to miss the coherence of their project. Travisano argues that these poets are not only successors to Pound, Auden, Stevens, and Eliot but postmodern explorers in their own right. In forging their own aesthetic characterized here as a postmodern mode of elegy, they encountered significant resistance from their immediate modernist mentors: Allen Tate, John Crowe Ransom, and Marianne Moore. Jarrell, whom others of the group regarded as a critic of particular genius, was first described as a postmodernist in a 1941 review by Ransom that Travisano cites as the earliest known use of the term. In Jarrell's review of Lowell's *Lord Weary's Castle* six years later, he named Lowell a postmodernist and identified traits among them: the use of pastiche that are now considered by theorists such as Fredric Jameson as specifically postmodern. And Bishop's inventiveness allowed her to adapt a self-exploratory mode often but imprecisely termed confessional to challenging forms such as the double sonnet, villanelle, and sestina. Each of these poets suffered a devastating loss during childhood and lived through the twentieth-century disasters of the Great Depression, World War II, and the Holocaust and the Cold War. The continual tension in their poetry between subjectivity and form, claims Travisano, reflects the plight of the fractured individual in a postmodern world. By arguing so sharply for the importance of this circle, Midcentury Quartet is certain to redraw the map of postwar American poetry.

English Poetry of the Seventeenth Century George Parfitt, 2014-09-19
 Provides a comprehensive and entertaining account of the vitality and variety of achievement in seventeenth-century English poetry. Revised and updated throughout, Dr Parfitt has added new material on poets as varied as Marvell and Traherne. There is also a completely new chapter on women poets of the seventeenth century which considers the significant contributions of writers such as Katherine Philips and Margaret Cavendish. The proven quality and success of Dr Parfitt's survey makes this the essential companion for the teacher and student of seventeenth-century verse.

Eternity in British Romantic Poetry Madeleine Callaghan, 2022-05-13
 Eternity in British Romantic Poetry explores the representation of the relationship between eternity and the mortal world in the poetry of the period. It offers an original approach to Romanticism that demonstrates against the grain the dominant intellectual preoccupation of the era: the relationship between the mortal and the eternal. The project's scope is two-fold: firstly, it analyses the prevalence and range of images of eternity from apocalypse and afterlife to transcendence in Romantic poetry; secondly, it opens up a new and more nuanced focus on how Romantic poets imagined and interacted with the idea of eternity. Every poet featured in the book seeks and finds their uniqueness in their apprehension of eternity. From Blake's assertion of the Eternal Now to Keats's defiance of eternity, Wordsworth's two consciousnesses versus Coleridge's capacious poetry, Byron's swithering between versions of eternity compared to Shelleyan yearning and Hemans's

superlative account of everlasting female suffering each poet finds new versions of eternity to explore or reject This monograph sets out a paradigm shifting approach to the aesthetic and philosophical power of eternity in Romantic poetry
