Traditional Embroideries of India Shailaja D. Naik, 1996 **State and Civil Society in Pakistan** I. Malik, 1996-11-13 Problems of governance in Pakistan are rooted in a persistently unclear and antagonistic relationship among the forces of authority ideology and ethnicity Based on theoretical and empirical research this book focuses on significant themes such as the oligarchic state structure dominated by the military and bureaucracy civil society Islam and the formation of Muslim identity in British India constitutional

traditions and their subversion by coercive policies politics of gender ethnicity and Muslim nationalism versus regional nationalisms as espoused by Sindhi nationalists and the Karachi based Muhajir Qaumi Movement MQM

Democracy and Dictatorship in South Asia Robert W. Stern, 2000-11-30 In reaction to British imperialism during the 19th and 20th centuries Indian Muslims and Hindus imagined and invented their separate and distinct religious communities and communal nationalisms These were institutionalized in the subcontinent's political systems by the British government in collaboration with Indian politicians Stern argues that this production of communalism has been crucial in structuring the composition and organization of South Asia's politically dominant classes and that they in turn have been crucial in determining parliamentary democracy's growth or atrophy on the subcontinent In what became India the overwhelmingly Hindu National Congress formed a coalition of professionals and landed peasants later joined by industrialists that was friendly to the development of parliamentary democracy In its western provinces Pakistan's legacy from British government was a ruling coalition of landlords and civilian and military bureaucrats that has continued to impede the development of parliamentary democracy Until 1971 this coalition equated parliamentary democracy with the loss of their dominance to Pakistan's Bengali majority Only among them in Pakistan's eastern province now Bangladesh was there a politically dominant coalition of classes that was friendly to the development of parliamentary democracy It had the ironic effect in Pakistan of entrenching the west's anti democratic coalition Dogged by the legacies of twenty four years as Pakistan's subordinate province disorganization among its dominant classes and a vanished rural base the development of parliamentary democracy in Bangladesh has been slow and uneven

Islam, Nationalism and the West I. Malik, 1999-06-03 A growing interest in political Islam also called Islamism has assumed significant ideological and intellectual dimensions especially in recent years Rather than viewing it as Islam versus the rest or tradition against modernity this volume without overlooking the tensions also acknowledges the mutualities It centres on issues such as the Rushdie affair conflictive pluralism in South Asia and its linkages with the crucial regional themes like the Kashmir dispute Iranian revolution civil war in Afghanistan and Western public diplomacy

Indian Drama Publications Division, 2016-09-10 The book explores the various histories and aspects of Indian drama in different languages

Political Inheritance of Pakistan D. A. Low, 1991-06-18 Based on papers originally presented at a conference in Churchill College Cambridge this book discusses the pre independence history of those areas of

the South Asian sub continent that territorially became the Pakistan of 1947 Titles in the series include South Africa A Modern History *India, Pakistan, and Democracy* Philip Oldenburg, 2010-09-13 The question of why some countries have democratic regimes and others do not is a significant issue in comparative politics This book looks at India and Pakistan two countries with clearly contrasting political regime histories and presents an argument on why India is a democracy and Pakistan is not Focusing on the specificities and the nuances of each state system the author examines in detail the balance of authority and power between popular or elected politicians and the state apparatus through substantial historical analysis India and Pakistan are both large multi religious and multi lingual countries sharing a geographic and historical space that in 1947 when they became independent from British rule gave them a virtually indistinguishable level of both extreme poverty and inequality All of those factors militate against democracy according to most theories and in Pakistan democracy did indeed fail very quickly after Independence It has only been restored as a facade for military bureaucratic rule for brief periods since then In comparison after almost thirty years of democracy India had a brush with authoritarian rule in the 1975-76 Emergency and some analysts were perversely reassured that the India exception had been erased But instead after a momentous election in 1977 democracy has become stronger over the last thirty years Providing a comparative analysis of the political systems of India and Pakistan as well as a historical overview of the two countries this textbook constitutes essential reading for students of South Asian History and Politics It is a useful and balanced introduction to the politics of India and Pakistan **The Mahratta**, 1923 *The Savage Within* Henrika Kuklick, 1991 This study examines law enforcement within the context of Sung society Professor McKnight shows that the group of criminals who were the core of the habitual criminal group in Sung China were young unattached males with few lifeskills What became of the criminal after capture and conviction is also an important aspect of this study which addresses basic questions in Chinese punishment This work is the first comprehensive study of law enforcement in traditional China The depth and rigor to which the subject is treated would make it most appropriate for scholars in legal history and East Asian studies Publisher's description

Shared Histories of Modernity Huri Islamoglu, Peter C. Perdue, 2020-11-29 While pre modernity is often considered to be the time of non European regions and modernity is seen as belonging to the West this book seeks to transcend the temporal bifurcation of that world history into pre modern and modern as well as question its geographical split into two irreconcilable trajectories the European and the non European The book examines shared experiences of modern transformation or modernity in three regions China India and the Ottoman Empire which conventional historiography identifies as non European and therefore by implication outside of modernity or only tangentially linked to it as its victim In other words this work looks at modernity without reference to any idealised criteria of what qualifies as modern or not studying the negotiation and legacies of the early modern period for the modern nation state It focuses on the experience of modernity of non European regions for they play a crucial role in the new phase of transformational patterns may have deeper roots than

are generally assumed Rejecting European characterisations of eastern states as Oriental despotisms the volume conceives of the early modern state as a negotiated enterprise one that questions the assumption that state centralisation must be a key metric of success in modernisation Among other topics the book highlights state formations in the three empires legislation pertaining to taxation property police reform the autonomy of legal sphere the interaction of different types of law law s role in governance administrative practice negotiated settlements and courts as sites of negotiation the blurred boundaries between formal law and informal mediation the ability of 18th century Qing and Ottoman imperial governments to accommodate diverse local particularities within an overreaching structure and the pattern of regional development pointing to the accommodative institutional capacity of the Mughal empire **Dowry Murder** Veena Talwar Oldenburg,2002

Oldenburg argues that dowry murder is not about dowry per se nor is it rooted in an Indian culture or caste system that encourages violence against women Rather dowry murder can be traced directly to the influences of the British colonial era

Language Policy and Language Conflict in Afghanistan and Its Neighbors Harold Schiffman,2011-12-09 The contribution of this collection of articles is to construct an updated picture of languages and language policy in and around Afghanistan and give potential language learners a clearer picture of what kinds of resources exist and what is still needed The book was co edited by Brian Spooner Professor of Anthropology at the University of Pennsylvania *India and World War I* Roger D. Long,Ian Talbot,2018-02-02 World War I directly and indirectly caused events and social and political trends which defined the history of the world for the rest of the century including the Russian Revolution and the rise of communism to the Great Crash of 1929 which lead to the Great Depression and the rise of Hitler and Nazi Germany It marked a turning point in world history as the end of the historical era of European dominance and the ushering in of a period which accelerated demands for freedom and autonomy in colonial settings India played a significant role in the war and in the Allied victory on the battlefield This book explores India s involvement in the Great War and the way the war impacted upon the country from a variety of different viewpoints including case studies focusing on key individuals who played vital roles in the war The long and short term impacts of the war on different locations in India are also explored in the chapters which offer an analysis of the importance of the war on India while commemorating the sacrifices which were made A new innovative and multidisciplinary examination of India and World War I this book presents a select number of case studies showing the intimate relationship of the global war and its social political and economic impacts on the Indian subcontinent It will be of interest to academics in the field of War Studies Colonial and Imperial History and South Asian and Modern Indian History *Life of the Mind* Shahzad Z. Najmuddin,2005-08 He lived life with indefatigable zest read widely and wrote with authenticity without hypocrisy or cant His particular fields of interest were English literature and political theory While Shakespeare was almost a second language to him he had read in depth the works of almost every political philosopher from Plato to Fukuyama Shahzad was deeply disturbed with the poverty of the many He saw the dominant powers in the world moving towards greater

affluence while the deprived and oppressed continued to subsist in acute poverty and misery He was firm in his view that this was not the end of history He sought in his readings and in his research a new political system that would assure a more just dispensation which promised equitable distribution of wealth power hope and wellbeing Shahzad had this way of identifying a subject researching it thoroughly and reducing his thoughts into precise analytical prose Life of the Mind is a collection of some of his essays They will prove of interest to the reader who is inclined towards higher scholarship from the tribute and exordium to Life of the Mind by Dilshad Najmuddin
