reinforce stark social hierarchies The history of America's love-hate relationship with white bread reveals a lot about contemporary efforts to change the way we eat Today the alternative food movement favors foods deemed ethical and environmentally friendly and fluffy industrial loaves are about as far from slow local and organic as you can get Still the early twentieth century belief that getting people to eat a certain food could restore the nation's decaying physical moral and social fabric will sound surprisingly familiar Given that open disdain for unhealthy eaters and discrimination on the basis of eating habits grow increasingly acceptable *White Bread* is a timely and important examination of what we talk about when we talk about food

Sorry Daddy Marvin Ross, 1984-02 This informative and witty volume deals with such topics as nutrition hospitals and medical emergencies choosing a nursery school and day care and how to amuse the toddler Both fathers and mothers are provided with important advice on how to raise a non-sexist child

Pure Food Paul Collinson, Helen Macbeth, 2023-07-14 In presenting a variety of theoretical and cross-cultural perspectives on pure food this volume demonstrates similarities and variations in cultural beliefs behaviours and practices in different societies These in turn highlight that pure food is a common issue for humanity whatever the society whatever the era As a subject with much contemporary and cross-disciplinary relevance *Pure Food* will appeal to students and academics involved in any food-related discipline to professional practitioners promoting healthier foods and nutrition and to general readers with an interest in food
