Pure And Simple:

Pure and Simple Upasika Kee Nanayon, 2012-08-20 Upasika Kee was a uniquely powerful spiritual teacher. Evocative of the great Ajahn Chah, her teachings are earthy, refreshingly direct, and hard hitting. In the twentieth century she grew to become one of the most famous teachers in Thailand, male or female, all the more remarkable because rarer still she was not a monastic but a layperson. Her relentless honesty along with her encouraging voice is one reason so many contemporary Buddhist teachers recall Upasika Kee so fondly and so often. With this book, readers seeking something reminiscent of the classic *Mindfulness in Plain English* can receive instruction on meditation practice as they become acquainted with the legacy of a renowned Buddhist figure. *Pure and Simple*, the first widely available collection of her writings, will be gratefully received not only by those who knew Upasika Kee but by anyone who encounters her for the first time in its pages. **Pure and Simple**

Martin Meadows, 2015-08-19 *Get More out of Life with Less Effort*. You've heard of people living the good life. They always seem to have plenty of time, money, and energy to fulfill their goals and dreams. Their secret? A simple life. *Pure and Simple* is based on the 80/20 principle and suggests steps to simplify your life, accomplish more, and increase the quality of your time and efforts all with less work. Inside you'll learn how and why you should limit your choices in everyday life. Discover four areas of your life that can be greatly improved: declutter your physical and digital space. This doesn't mean living with less than 100 things; use the golden rules of simplification. Make decisions more quickly and with less effort; cut unnecessary time commitments. Have the time to reach your goals and fulfill your dreams; build a positive outlook. Learn to overcome a negative mindset to better enjoy your life. All these suggestions are laid out to help you shift away from the frustrating mindset of fixing your life by working harder, gaining more possessions, and holding on to what's truly limiting you in life. Each step is supported with research by leaders in psychology, behavioral studies, and neuroscience, as well as examples of real habits by successful people such as Warren Buffett and President Obama. Once you finish, you'll be better prepared to take your life to the next level. You'll be able to enjoy the simplicity and ease of a life without unnecessary and exhausting demands on your time and energy. More importantly, you'll be able to stick to your simple new habits instead of defaulting back to complexity. Buy the book now to accomplish more in less time and get more joy out of life than you thought possible.
