Secrets of Chakras Jennie Harding, 2018-10-30 The chakras represent a system of belief that is related to the practice of yoga and the principles of Ayurveda from India The chakras are not physical structures that you can see with your eyes they are an energy map that overlays the physical structure of the spine Presenting the chakras as an energy map allows them to be explained in simple terms there are ways to apply the map differently by using images visualizations activities and healing practices so that the different energy levels can be experienced For example you may get persistent throat infections or keep losing your voice or you might be feeling unable to say what you really feel these are signs that the throat chakra is underperforming and needs more energy This book can provide ways to explore unblock and re energize the different chakras The Healing House Haruki Nishimura, 2025-05-16 The Healing House Essential Feng Shui Your home has something to say and perhaps it s asking for healing The Healing House is more than a guide about spaces it s a sensitive and powerful journey of reconnection with the place that shelters you every day With gentleness and depth the author leads us through the wisdom of Feng Shui the embrace of biophilic design and the perception of the invisible Each room gains a voice every object becomes symbolic and every detail of the house reveals something about who we are This book is an invitation to inhabit with intention to care with presence and to live in harmony By immersing in this book on Essential Feng Shui readers discover ways to transform their homes into living sanctuaries With approaches that blend Eastern philosophy and modern science this book on space harmonization introduces the fundamentals of Chi Yin Yang and the Five Elements in a practical and conscious way It is also a book on biophilic design that integrates nature and well being a book on vital energy and balance a book on environmental psychology energy cleansing and therapeutic homes Perfect for those seeking a book on natural elements and a book on conscious architecture that reflects the soul of its inhabitants The Aromatherapy **Companion** Victoria H. Edwards, 2025-04-08 Be happy healthy and beautiful Victoria Edwards offers the most comprehensive aromatherapy guide available with hundreds of recipes for beauty health and physical and emotional well being Edwards guides you through making perfumes bath and massage oils aphrodisiacs and health care supplements Learn about the properties of essential and carrier oils and master classic recipes for healing and relaxation You ll soon be creating customized blends for you and your friends that promote tranquility and strength **Psicoaromaterapia sciamanica** Luca Fortuna, 2014-09-18 La psicoaromaterapia sciamanica utilizza gli oli essenziali per accedere all inconscio portando il ricercatore verso una realt non ordinaria luogo di incontro del vero s Si tratta di un vero e proprio rituale sciamanico che consente di aprire le porte dell'anima In questo libro l'autore conduce sulla via sciamanica del profumo descrivendo la relazione tra essenza e anima tra aromaterapia e sciamanesimo con l intento di mostrare al lettore la via della consapevolezza e della guarigione possibile ascoltare il silenzio affrontare le paure pi profonde e trasformarle in energia creatrice Le essenze sciamaniche qui descritte saranno nobili quide per sondare i territori dove si esprime la persona il potere personale il processo di guarigione la creativit il successo la relazione con l'altro e con l'ambiente le varie fasi della

vita fino all ultimo misterioso viaggio terreno Il ricercatore audace sar affascinato dalla sintesi di semplicit e complessit che racchiude in s questo percorso con il profumo Se si lascer permeare potr sperimentare ricette suggestive sapientemente orchestrate corredate di tecniche e strumenti per perlustrare creativamente e responsabilmente il mondo del proprio The Health Book (Translated) Peter Deunov, Beinsa Douno, 2022-06-16 This book is compiled by a group of inconscio disciples using excerpts from Master Peter Deunov's lectures The recommendations collected over the years are addressed to listeners of different inspirations They have been grouped according to a logical organization so as to prioritize the accuracy of the original texts scattered in different books at the risk of repetition rather than depriving readers of in depth and more complete information Repetition itself constitutes a pedagogical method In order to respect the integrity of the Master's thought we considered it preferable not to disassociate the principles of high spirituality from the practice of daily life We entrust to everyone s attention and spiritual openness the putting into practice of this immemorial wisdom that was already expressed with a wide profusion of knowledge at the beginning of the 20th century The ultimate goal is the reconciliation of man with the divine in him the basis of a path to a better existence in accordance with the laws of Nature in order to understand the causes of his illnesses and to find the means of healing best suited to man today divine creation exists in miniature in man Each man is like a string on the divine instrument on which unseen entities play with their bows Man's body is the result of the divine energy that created today's human organism Man possesses twelve bodies but for the time being only four are in operation the physical body the astral body or emotion body the mental body and a fourth named the causal body The other eight subtle bodies are still in the embronial state but they will manifest in the future When man reaches the spiritual world four other bodies will manifest and when he enters the divine world the other four bodies will develop Each will develop and manifest at the right time The human soul possesses its own specific body through which it can elevate and glorify itself This body is so plastic so well made that it is capable of shrinking or enlarging It is precisely this body that builds the physical body as well as all other bodies. The intellect and heart are as important as the physical body The latter represents the base in the bosom of which man draws his life forces The physical body represents a divine garment that is constantly being renewed It changes every seven years Because of this permanent renewal man is healthy full of energy and well being At present our spiritual body is in formation as it is not completed the forehead nose mouth bones skull brain hands are not yet fully processed. The astral hand is in the process of forming The astral substance is condensing preparing for a higher purer life At present it resembles something fluidic liquid like Man is shaped like a cone wider at the top at shoulder level narrower at the bottom This testifies to his descent into the physical world that is the material world The Scent of Empires Karl Schlögel, 2021-04-27 Can a drop of perfume tell the story of the twentieth century Can a smell bear the traces of history What can we learn about the history of the twentieth century by examining the fate of perfumes In this remarkable book Karl Schl gel unravels the interconnected histories of two of the

world's most celebrated perfumes In tsarist Russia two French perfumers Ernest Beaux and Auguste Michel developed related fragrances honouring Catherine the Great for the 300th anniversary of the Romanov dynasty During the Russian Revolution and Civil War Beaux fled Russia and took the formula for his perfume with him to France where he sought to adapt it to his new French circumstances He presented Coco Chanel with a series of ten fragrance samples in his laboratory and after smelling each she chose number five the scent that would later go by the name Chanel No 5 Meanwhile as the perfume industry was being revived in Soviet Russia Auguste Michel used his original fragrance to create Red Moscow for the tenth anniversary of the Revolution Piecing together the intertwined histories of these two famous perfumes which shared a common origin Schl gel tells a surprising story of power intrigue and betrayal that offers an altogether unique perspective on the turbulent events and high politics of the twentieth century. This brilliant account of perfume and politics in twentieth century Europe will be of interest to a wide general readership A Guide to Health Mahatma Gandhi,2019-11-20 In A Guide to Health Mahatma Gandhi offers a holistic perspective on health emphasizing the interconnectedness of body mind and spirit Written with simplicity and clarity the book draws from Gandhi s own experiences and experiments with diet hygiene and lifestyle illustrating his belief in the power of self discipline and natural living Contextually the work reflects the early 20th century Indian movement towards swadeshi and self reliance illustrating how personal health can contribute to national vitality With an engaging narrative style that is both practical and philosophical Gandhi addresses topics such as fasting vegetarianism and the importance of mental clarity Mahatma Gandhi a prominent leader of the Indian independence movement was deeply influenced by his pursuit of truth Satyagraha and non violence Ahimsa His exploration of health was motivated by a desire for holistic well being that complemented his political ideals Gandhi s varied experiences in both India and South Africa catalyzed these insights prompting him to articulate a vision of health that transcends western medical paradigms and emphasizes personal responsibility Recommended for readers interested in health philosophy and social movements A Guide to Health serves as not just a manual for physical wellness but also as an ethical treatise Through Gandhi s timeless wisdom readers will find practical guidance that fosters not only individual health but a healthier society
