**The Purloined Clinic** Janet Malcolm, 2013-01-23 The Purloined Clinic is a retrospective of essays reviews and reports that reflect the range and depth of Janet Malcolm's engagement with psychology criticism art and literature She examines aspects of that absurdist collaboration the psychoanalytic dialogue from which come small stray self recognitions that no other human relationship yields brought forward under conditions that no other human relationship could survive She addresses such subjects as Tom Wolfe's vendetta against modern architecture Milan Kundera's literary experiments and Vaclav Havel's prison letters She explores the somewhat deflated world of post revolutionary Prague guides us through the labyrinthine New York art world of the eighties and takes us behind the one way mirror of Salvador Minuchin's school of family therapy And to each subject she brings the incisive skepticism and dazzling epigrammatic style that are her hallmarks Why don't more people write like Malcolm She is cast from the mold of the Eastern European intellectual beholden to modernism as familiar with Kundera's exile as she is with Freud's Vienna This sensibility must grant her the detachment she sometimes so mercilessly employs but it also gives her an unassailable passion for getting to the center of things Boston Globe

**Purloined Clinic** Janet Malcolm, 1994-06-01 [Voices from S-21](#) David Chandler, 2023-09-01 The horrific torture and execution of hundreds of thousands of Cambodians by Pol Pot's Khmer Rouge during the 1970s is one of the century's major human disasters David Chandler a world renowned historian of Cambodia examines the Khmer Rouge phenomenon by focusing on one of its key institutions the secret prison outside Phnom Penh known by the code name S 21 The facility was an interrogation center where more than 14 000 enemies were questioned tortured and made to confess to counterrevolutionary crimes Fewer than a dozen prisoners left S 21 alive During the Democratic Kampuchea DK era the existence of S 21 was known only to those inside it and a few high ranking Khmer Rouge officials When invading Vietnamese troops discovered the prison in 1979 murdered bodies lay strewn about and instruments of torture were still in place An extensive archive containing photographs of victims cadre notebooks and DK publications was also found Chandler utilizes evidence from the S 21 archive as well as materials that have surfaced elsewhere in Phnom Penh He also interviews survivors of S 21 and former workers from the prison Documenting the violence and terror that took place within S 21 is only part of Chandler's story Equally important is his attempt to understand what happened there in terms that might be useful to survivors historians and the rest of us Chandler discusses the culture of obedience and its attendant dehumanization citing parallels between the Khmer Rouge executions and the Moscow Show Trials of the 1930s Nazi genocide Indonesian massacres in 1965 66 the Argentine military's use of torture in the 1970s and the recent mass killings in Bosnia and Rwanda In each of these instances Chandler shows how turning victims into others in a manner that was systematically devaluing and racist made it easier to mistreat and kill them More than a chronicle of Khmer Rouge barbarism Voices from S 21 is also a judicious examination of the psychological dimensions of state sponsored terrorism that conditions human beings to commit acts of unspeakable

brutality The horrific torture and execution of hundreds of thousands of Cambodians by Pol Pot's Khmer Rouge during the 1970s is one of the century's major human disasters David Chandler a world renowned historian of Cambodia examines the Khmer Rouge phenomenon Focus On: 100 Most Popular English Emigrants to the United States Wikipedia contributors,

**Redeeming Art** Donald Kuspit, 2004-05-02 In essays culled from three decades of critical writing Donald Kuspit explores the aesthetic developments of the twentieth century from post impressionism to the latest permutation of post Modernism Ranging from Willem de Kooning to Andy Warhol to Sue Coe this provocative anthology chronicles the distinctive voice of a formidable art critic whose reflections on art artists and art criticism constitute an eclectic exploration of the ways in which art and art criticism have influenced contemporary thought and psychology The book's investigation into the social impact of artwork also reflects on the inner life of the artist **Race in Psychoanalysis** Celia Brickman, 2017-12-06 Race in

Psychoanalysis analyzes the often unrecognized racism in psychoanalysis by examining how the colonialist discourse of late nineteenth century anthropology made its way into Freud's foundational texts where it has remained and continues to exert a hidden influence Recent racial violence particularly in the US has made many realize that academic and professional disciplines as well as social and political institutions need to be re-examined for the racial biases they may contain Psychoanalysis is no exception When Freud applied his insights to the history of the psyche and of civilization he made liberal use of the anthropology of his time which was steeped in colonial racist thought Although it has often been assumed that this usage was confined to his non-clinical works this book argues that through the pivotal concept of primitivity it fed back into his theories of the psyche and of clinical technique as well Celia Brickman examines how the discourse concerning the presumed primitivity of colonized and enslaved peoples contributed to psychoanalytic understandings of self and raced other She shows how psychoanalytic constructions of race and gender are related and how Freud's attitudes towards primitivity were related to the anti-Semitism of his time All of this is demonstrated to be part of the modernist aim of psychoanalysis which seeks to create a modern subjectivity through a renegotiation of the past Finally the book shows how all of this can affect both clinician and patient within the contemporary clinical encounter Race in Psychoanalysis is a pivotal work of significance for scholars practitioners and students of psychoanalysis psychologists clinical social workers and other clinicians whose work is informed by psychoanalytic insights as well as those engaged in critical race and postcolonial studies Narrative Identity and Personal Responsibility Linda Ethell, 2010-01-01 The exploration of personal identity and theories of narrative in Narrative Identity and Personal Responsibility is extraordinarily suggestive resulting in implications for theories of action as well as ethics and psychology Taking seriously the thought that we mediate our relations with the world by means of self-defining narratives grounded in the natural phenomenon of desire provides new answers to old puzzles of what it means to be human *Forty-One False Starts* Janet Malcolm, 2013-05-07 A National Book Critics Circle

Finalist for Criticism A deeply Malcolmian volume on painters photographers writers and critics Janet Malcolm's In the Freud

Archives and *The Journalist and the Murderer* as well as her books about Sylvia Plath and Gertrude Stein are canonical in the realm of nonfiction as is the title essay of this collection with its forty one false starts or serial attempts to capture the essence of the painter David Salle which becomes a dazzling portrait of an artist Malcolm is among the most intellectually provocative of authors writes David Lehman in *The Boston Globe* able to turn epiphanies of perception into explosions of insight Here in *Forty one False Starts* Malcolm brings together essays published over the course of several decades largely in *The New Yorker* and *The New York Review of Books* that reflect her preoccupation with artists and their work Her subjects are painters photographers writers and critics She explores Bloomsbury's obsessive desire to create things visual and literary the passionate collaborations behind Edward Weston's nudes and the character of the German art photographer Thomas Struth who is haunted by the Nazi past yet whose photographs have a lightness of spirit In *The Woman Who Hated Women* Malcolm delves beneath the onyx surface of Edith Wharton's fiction while in *Advanced Placement* she relishes the black comedy of the Gossip Girl novels of Cecily von Ziegesar In *Salinger's Cigarettes* Malcolm writes that the pettiness vulgarity banality and vanity that few of us are free of and thus can tolerate in others are like ragweed for Salinger's helplessly uncontaminated heroes and heroines Over and over as Ian Frazier writes in his introduction she has demonstrated that nonfiction a book of reporting an article in a magazine something we see every day can rise to the highest level of literature One of *Publishers Weekly's* Best Nonfiction Books of 2013 *When Women Held the Dragon's Tongue* Hermann Rebel, 2010-02-01 Peasants tell tales one prominent cultural historian tells us Robert Darnton Scholars must then determine and analyze what it is they are saying and whether or not to incorporate such tellings into their histories and ethnographies Challenging the dominant culturalist approach associated with Clifford Geertz and Marshall Sahlins among others this book presents a critical rethinking of the philosophical anthropologies found in specific histories and ethnographies and thereby bridges the current gap between approaches to studies of peasant society and popular culture In challenging the methodology and theoretical frameworks currently used by social scientists interested in aspects of popular culture the author suggests a common discursive ground can be found in an historical anthropology that recognizes how myths fairytales and histories speak to a universal need for imagining oneself in different timescapes and for linking one's local world with a known larger world

**Picnic Comma Lightning: The Experience of Reality in the Twenty-First Century** Laurence Scott, 2019-05-28 A stylish playful exploration of what digital life is doing to the way we find meaning in the world *Guardian* In Vladimir Nabokov's *Lolita* Humbert Humbert offers a memorably brief account of his parents' death picnic lightning *Picnic Comma Lightning* too opens with death that of Laurence Scott's mother because for a philosopher death raises a profound existential question How do we know what is real especially when we have come to question the reality of so many of our day to day experiences Writing from the intersection of philosophy politics and memoir Scott transforms his personal meditation on loss into a beguiling exploration of what it means to exist in the world today It used to be that our lives were rooted in

reasonably solid things to people places and memories Now in an age of online personas alternative truths constant surveillance and an increasingly hysterical news cycle our realities are becoming flimsier and more vulnerable than ever before Scott's far ranging examination charts the ways our traditional mental models of the world have started to fray He ponders how ubiquitous cameras reframe our private lives an event only exists once someone posts the video how mysterious algorithms undermine our attempts at self definition through their own data driven portraits and what happens in those moments when our illusions about reality are ruptured by incontrovertible facts like the death of a parent or a bolt of lightning A report from the front line of the online generation Sunday Times Picnic Comma Lightning is an essential account of how we've started to make sense of our strange new world

*This House of Grief* Helen Garner, 2024-10-01 The New York Times Book Review Editors Choice The engrossing true crime classic from a master anatomist of ordinary people in difficult times New York Times that follows a man and his broken life a community wracked by tragedy and the long and torturous road to closure On the evening of Father's Day 2005 separated husband Robert Farquharson was driving his three young sons back to their mom's house when the car veered off the road and plunged into a dam Farquharson survived the crash but his boys drowned Was this a tragic accident or an act of revenge The court case that followed became a national obsession a macabre parade of witnesses family members and the defendant himself each forced to relive the unthinkable for an audience of millions In *This House of Grief* celebrated writer Helen Garner tells the definitive and deeply absorbing story of it all from crash to final verdict Through a panoply of perspectives including her own as a member of the public Garner captures the exacting procedure and brutal spectacle of Australia's criminal justice system The result is a richly textured portrait of a man and his broken life of a community wracked by tragedy and of the long and torturous road to closure Considered a literary institution in Australia Helen Garner's incisive nonfiction evokes the keen eye of the New Journalists Brisk candid and never dismissive of its flawed subjects *This House of Grief* is a masterwork of literary journalism

**The Knotted Subject** Elisabeth Bronfen, 2014-07-14 Surrealist writer Andr Breton praised hysteria for being the greatest poetic discovery of the nineteenth century but many physicians have since viewed it as the wastebasket of medicine a psychosomatic state that defies attempts at definition and cure and that can be easily mistaken for other pathological conditions In light of a resurgence of critical interest in hysteria leading feminist scholar Elisabeth Bronfen reinvestigates medical writings and cultural performance to reveal the continued relevance of a disorder widely thought to be a romantic formulation of the past Through a critical rereading she develops a new concept of hysteria one that challenges traditional gender based theories linking it to dissatisfied feminine sexual desire Bronfen turns instead to hysteria's traumatic causes particularly the fear of violation and shows how the conversion of psychic anguish into somatic symptoms can be interpreted today as the enactment of personal and cultural discontent Tracing the development of cultural formations of hysteria from the 1800s to the present this book explores the writings of Freud Charcot and Janet together with fictional texts Radcliffe

Stoker Anne Sexton opera Mozart Wagner cinema Cronenberg Hitchcock Woody Allen and visual art Marie Ange Guilleminot Cindy Sherman Each of these creative works attests to a particular relationship between hysteria and self fashioning and enables us to read hysteria quite literally as a language of discontent The message broadcasted by the hysteric is one of vulnerability vulnerability of the symbolic of identity and of the human body itself Throughout this work Bronfen not only offers fresh approaches to understanding hysteria in our culture but also introduces a new metaphor to serve as a theoretical tool Whereas the phallus has long dominated psychoanalytical discourse the image of the navel a knotted originary wound common to both genders facilitates discussion of topics relevant to hysteria such as trauma mortality and infinity Bronfen's insights make for a lively innovative work sure to interest readers across the fields of art and literature feminism and psychology Originally published in 1998 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Silent Woman Janet Malcolm, 2013-01-16 In an astonishing feat of literary detection one of the most provocative critics of our time and the author of *In the Freud Archives* and *The Purloined Clinic* offers an elegantly reasoned meditation on the art of biography In *The Silent Woman* Janet Malcolm examines the biographies of Sylvia Plath to create a book not about Plath's life but about her afterlife how her estranged husband the poet Ted Hughes as executor of her estate tried to serve two masters Plath's art and his own need for privacy and how it fell to his sister Olwyn Hughes as literary agent for the estate to protect him by limiting access to Plath's work Even as Malcolm brings her skepticism to bear on the claims of biography to present the truth about a life a portrait of Sylvia Plath emerges that gives us a sense of knowing this tragic poet in a way we have never known her before And she dispels forever the innocence with which most of us have approached the reading of any biography Janet Malcolm: The Last Interview MELVILLE HOUSE, 2022-06-07 A provocative collection of interviews with the sublimely talented author of *The Journalist and the Murderer* The legendary journalist Janet Malcolm opened her most famous work *The Journalist and the Murderer* with the line Every journalist who is not too stupid or too full of himself to notice what is going on knows that what he does is morally indefensible Ever since its publication in 1980 she only increased her reputation as a devastatingly sharp writer whose eye for observation is matched only by her formal inventiveness and philosophical interrogations of the relationship between journalist and subject Predictably as an interview subject herself she was an intimidating mark In this collection interviewers tangle with their own projections and identifications while she often gamely plays along Full of insights about her writing process the craft of journalism and her own analysis of her most famous works this collection proves that Janet Malcolm is just as elusive and enlightening in conversation as she was on paper **Reading Chekhov**

Janet Malcolm, 2007-12-18 To illuminate the mysterious greatness of Anton Chekhov's writings Janet Malcolm takes on three roles literary critic biographer and journalist Her close readings of the stories and plays are interwoven with episodes from Chekhov's life and framed by an account of Malcolm's journey to St Petersburg Moscow and Yalta She writes of Chekhov's childhood his relationships his travels his early success and his self imposed exile always with an eye to connecting them to themes and characters in his work Lovers of Chekhov as well as those new to his work will be transfixed by Reading Chekhov

*Hamlet on the Couch* James E. Groves, 2017-10-19 Hamlet on the Couch weaves a close reading of Shakespeare's Hamlet with a large variety of contemporary psychoanalytic and psychological theory looking at the interplay of ideas between the two Hamlet can be read almost as a psychoanalytic case study and be used to understand and illustrate a range of core psychoanalytic concepts Covering such basic psychoanalytic concepts as identity transference and countertransference the good enough mother the compulsion to repeat and the death instinct James E Groves shows how Hamlet can shed new light on understanding psychoanalytic theory and how psychoanalysis can in turn enrich our understanding of Shakespeare's work Perhaps the most radical feature of psychoanalysis is its tradition of self examination Mirroring it the book throughout uses an eclectic subjective critical approach to study how the poetry of Hamlet creates its realistically flawed and believably complex characters Combining deep insightful knowledge of Shakespeare and of psychoanalysis Hamlet on the Couch will be of great interest to psychoanalysts and psychoanalytic psychotherapists as well as literary scholars

**Encyclopedia of Bohemian and Czech-American Biography** Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

*In the Freud Archives* Janet Malcolm, 2002-11-30 Includes an afterword by the author In the Freud Archives tells the story of an unlikely encounter among three men K R Eissler the venerable doyen of psychoanalysis Jeffrey Moussaieff Masson a flamboyant restless forty two year old Sanskrit scholar turned psychoanalyst turned virulent anti Freudian and Peter Swales a mischievous thirty five year old former assistant to the Rolling Stones and

self taught Freud scholar At the center of their Oedipal drama are the Sigmund Freud Archives founded headed and jealously guarded by Eissler whose sealed treasure gleams and beckons to the community of Freud scholarship as if it were the Rhine gold Janet Malcolm s fascinating book first appeared some twenty years ago when it was immediately recognized as a rare and remarkable work of nonfiction A story of infatuation and disappointment betrayal and revenge In the Freud Archives is essentially a comedy But the powerful presence of Freud himself and the harsh bracing air of his ideas about unconscious life hover over the narrative and give it a tragic dimension

**Approaching Hysteria** Mark S. Micale, 2019-01-15 Few diseases have exercised the Western imagination as chronically as hysteria from the wandering womb of ancient Greek medicine to the demonically possessed witch of the Renaissance from the vaporous salong women of Enlightenment Paris through to the celebrated patients of Sigmund Freud with their extravagant erotically charged symptoms In this fascinating and authoritative book Mark Micale surveys the range of past and present readings of hysteria by intellectual historians historians of science and medicine scholars in gender studies art history and literature and psychoanalysts psychiatrists clinical psychologists and neurologists In so doing he explores numerous questions raised by this evergrowing body of literature Why in recent years has the history of hysterical disorders carried such resonance for commentators in the sciences and humanities What can we learn from the textual traditions of hysteria about writing the history of disease in general What is the broader cultural meaning of the new hysteria studies In the second half of the book Micale discusses the many historical cultures of hysteria He reconstructs in detail the past usages of the hysteria concept as a powerful descriptive trope in various nonmedical domains including poetry fiction theater social thought political criticism and the arts His book is a pioneering attempt to write the historical phenomenology of disease in an age preoccupied with health and a prescriptive remedy for writing histories of disease in the future Mark S Micale is Assistant Professor of History at Yale He is the editor of *Beyond the Unconscious* Essays of Henri F Ellenberger Princeton Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
