Radical At Large American Essays:

A Radical at Large: American Essays Harvey Swados, 1968 **A Radical at Large** Harvey Swados, 1968

Advocacy Journalists Edd Applegate, 2009-05-11 In all likelihood advocacy journalism is the oldest form of reportage It appears frequently whenever journalists desire to advocate their beliefs or ideas about major political or social problems In *Advocacy Journalists A Biographical Dictionary of Writers and Editors* Edd Applegate identifies the most notable figures in this field Each entry contains biographical information about a writer or editor who either wrote advocacy journalism or edited one or more publications that featured such material Entries consist of discussions of the journalists lives professional careers major works and in some cases commentary on those works Among those profiled here are such notables as Ambrose Bierce William F Buckley Jr Eldridge Cleaver Daniel Defoe Germaine Greer Pete Hamill Karl Marx H L Mencken George Orwell Thomas Paine Wilfrid Sheed Gloria Steinem and Jonathan Swift Unlike other books that focus on the form of advocacy journalism itself or how and why it developed this book focuses on the lives of journalists and editors and their contributions to advocacy journalism For scholars teachers and students of journalism along with general readers who wish to discover more about advocacy journalism this volume is an important and accessible resource **The Port Huron Statement**

Richard Flacks, Nelson Lichtenstein, 2015-03-03 The Port Huron Statement was the most important manifesto of the New Left student movement of the 1960s Initially drafted by Tom Hayden and debated over the course of three days in 1962 at a meeting of student leaders the statement was issued by Students for a Democratic Society as their founding document Its key idea participatory democracy proved a watchword for Sixties radicalism that has also reemerged in popular protests from the Arab Spring to Occupy Wall Street Featuring essays by some of the original contributors as well as prominent scholars who were influenced by the manifesto The Port Huron Statement probes the origins content and contemporary influence of the document that heralded the emergence of a vibrant New Left in American culture and politics Opening with an essay by Tom Hayden that provides a sweeping reflection on the document s enduring significance the volume explores the diverse intellectual and cultural roots of the Statement the uneasy dynamics between liberals and radicals that led to and followed this convergence the ways participatory democracy was defined and deployed in the 1960s and the continuing resonances this idea has for political movements today An appendix includes the complete text of the original document The Port Huron Statement offers a vivid portrait of a unique moment in the history of radicalism showing that the ideas that inspired a generation of young radicals more than half a century ago are just as important and provocative today Contributors Robert Cohen Richard Flacks Jennifer Frost Daniel Geary Barbara Haber Grace Elizabeth Hale Tom Hayden Michael Kazin Nelson Lichtenstein Jane Mansbridge Lisa McGirr James Miller Robert J S Ross Michael Vester Erik Olin Wright **The Unknown Constellations** Harvey Swados, 1995 *Nights in the Gardens of Brooklyn* Harvey Swados, 2004-05-31 There was a time when New York was everything to me my mother my mistress my Mecca when I could no more have wanted to live any place

else than I could have conceived of myself as a daddy disciplining my boy and dandling my daughter So begins *Nights in the Gardens of Brooklyn* which gives its title to Harvey Swados's collected stories In this beautiful and heartbreaking novella Swados describes a generation aflame with romance and disillusion in search of pleasures and answers and shows how the demands of love and life temper its hopes and fears It is a perennial story told by Swados in straightforward and lyrical prose and with tremendous sympathy and without doubt one of the most enduring achievements of postwar American fiction

Harvey Swados's many splendid stories speak of work friendship and family They are about the common world as well as the final loneliness from which the common world cannot protect us And yet Swados as Richard Gilman has written was above all concerned with the breakthrough into true feeling the attainment of moral dignity and the linking up with others through compassion

Walter Reuther Nelson Lichtenstein, 1997 Walter Reuther the most imaginative and powerful trade union leader of the past half century confronted the same problems facing millions of working Americans today how to use the spectacular productivity of our economy to sustain and improve the standard of living and security of ordinary Americans As Nelson Lichtenstein observes Reuther the president of the United Automobile Workers from 1946 to 1970 may not have had all the answers but at least he was asking the right questions

The Most Dangerous Man in Detroit vividly recounts Reuther's remarkable ascent his days as a skilled worker at Henry Ford's great River Rouge complex his two year odyssey in the Soviet Union's infant auto industry in the early 1930s and his immersion in the violent labor upheavals of the late 1930s that gave rise to the CIO Under Reuther the autoworkers standard of living doubled

Publisher's description *The American Radical* Mary Jo Buhle, 2013-02-01 *The American Radical* tells the story of American democracy from the late 18th century to the present through the lives of the women and men who have fought to advance it

An Essay in the History of the Radical Sensibility in America L.S. Halprin, 2021-04-06 How do you use the word radical Committed to the progressive The cooperative The communal The equalitarian In so far as social political and economic power is sought and wielded in malice just so far is benevolence radical The history of social political and economic power has been mostly the history of malice The history of benevolence has been mostly the history of radicalism The sensibility that loves benevolence has been a radical sensibility In *An Essay in the History of the Radical Sensibility in America* L S Halprin argues that before the middle of the nineteenth century the work of all American radicals was organized to defend some form of sentimental faith in millennial progress that the work of the great writers of the middle of the nineteenth century was the first to be fundamentally free of the constraints of sentimentality that despite that generation's accomplishments the old sentimentalities have persisted perpetuating the cycle in which illusions designed to make radicalism's chances seem better than they are become the disillusionments which make them seem worse Along the way Halprin unfolds something of the contribution of Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Walt Whitman to the specific content of the radical sensibility in America Since the middle of the nineteenth century the radical's work has been primarily to accomplish political power That work and the

frustrations of it often leave little energy for the pursuit of a thoroughgoing self awareness Halprin s analysis is particularly useful now to remind readers of both the sentimentalities and the wisdoms from which we come **Fighting for Total Person Unionism** Robert Bussel,2015-09-30 During the 1950s and 1960s labor leaders Harold Gibbons and Ernest Calloway championed a new kind of labor movement that regarded workers as total persons interested in both workplace affairs and the exercise of effective citizenship in their communities Working through Teamsters Local 688 and viewing the city of St Louis as their laboratory this remarkable interracial duo forged a dynamic political alliance that placed their citizen members on the front lines of epic battles for urban revitalization improved public services and the advancement of racial and economic justice Parallel to their political partnership Gibbons functioned as a top Teamsters Union leader and Calloway as an influential figure in St Louis s civil rights movement Their pioneering efforts not only altered St Louis s social and political landscape but also raised fundamental questions about the fate of the post industrial city the meaning of citizenship and the role of unions in shaping American democracy **The Glorious American Essay** Phillip Lopate,2021-10-19 A monumental canon defining anthology of three centuries of American essays from Cotton Mather and Benjamin Franklin to David Foster Wallace and Zadie Smith selected by acclaimed essayist Phillip Lopate Not only an education but a joy This is a book for the ages Rivka Galchen author of Atmospheric Disturbances The essay form is an especially democratic one and many of the essays Phillip Lopate has gathered here address themselves sometimes critically to American values We see the Puritans the Founding Fathers and Mothers and the stars of the American Renaissance struggle to establish a national culture A grand tradition of nature writing runs from Audubon Thoreau and John Muir to Rachel Carson and Annie Dillard Marginalized groups use the essay to assert or to complicate notions of identity Lopate has cast his net wide embracing critical personal political philosophical literary polemical autobiographical and humorous essays Americans by birth as well as immigrants appear here famous essayists alongside writers more celebrated for fiction or poetry The result is a dazzling overview of the riches of the American essay **The New Left and Labor in 1960s** Peter B. Levy,2024-04-22 It is a powerful story the relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day **A Son's Return** Sterling A. Brown,1996 Essays on African American politics literature and music by Sterling A Brown 1901 1989 which point out the biases against black Americans in white cultural expression and argue for a recognition of the cultural contributions of African Americans

Jewish Radicals Tony Michels, 2012-07-09 Winner of the 2013 New York Book Show Award in Scholarly Professional Cover Design *Jewish Radicals* explores the intertwined histories of Jews and the American Left through a rich variety of primary documents Written in English and Yiddish these documents reflect the entire spectrum of radical opinion from anarchism to social democracy Communism to socialist Zionism Rank and file activists organizational leaders intellectuals and commentators from within the Jewish community and beyond all have their say Their stories crisscross the Atlantic spanning from the United States to Europe and British ruled Palestine The documents illuminate in fascinating detail the efforts of large numbers of Jews to refashion themselves as they confronted major problems of the twentieth century poverty anti semitism the meaning of American national identity war and totalitarianism In this comprehensive sourcebook the story of Jewish radicals over seven decades is told for the first time in their own words Pages from a Black Radical's Notebook James Boggs, 2011 Stephen M Ward is assistant professor at the University of Michigan in the Center for Afroamerican and African Studies and the Residential College Book Jacket **Still the Big News** Bob Blauner, 2001 For more than thirty years Bob Blauner's incisive writing on race relations has drawn a wide and varied audience Whether his topic is the Watts riots in 1965 Chicano culture or the tension between Blacks and Jews his work is remarkable for its originality and candor Beginning with the key essays of his landmark book *Racial Oppression in America* this volume makes the case that race and racism still permeate every aspect of American experience Blauner launched his concept of internal colonialism in the turbulent 1960's a period in which many Americans worried that racial conflicts would propel the country into another civil war The notion that the systematic oppression of people of color in the United States resembles the situation of colonized populations in Third World countries still informs much of the academic research on race as well as public discourse Indeed today's critical race and whiteness studies are deeply indebted to Blauner's work on internal colonialism and the pervasiveness of white privilege Offering a radical perspective on the United States racial landscape Bob Blauner forcefully argues that we ignore the persistence of oppression and our continuing failure to achieve equality at our own peril After Winter John Edgar Tidwell, Steven C. Tracy, 2009-04-09 John Edgar Tidwell and Steven C Tracy have brought together for the first time a book length collection of critical and theoretical writings about Sterling A Brown that recovers and reasserts his continuing importance for a contemporary audience Exploring new directions in the study of Brown's life and work *After Winter* includes new and previously published essays that sum up contemporary approaches to Brown's multifaceted works interviews with Brown's acquaintances and contemporaries an up to date annotated bibliography and a discography of source material that innovatively extends th The Selected Essays of T. Harry Williams T. Harry Williams, 1999-03-01 This first collection of the essays of the late T Harry Williams brings together some of the best shorter works of a man who was by any standard one of the finest historians of our time Spanning the range of Williams interests this volume contains essays on the Civil War Reconstruction the era of the world wars military affairs the craft of the historian and the careers of Abraham

Lincoln Huey Long and Lyndon Johnson Williams reputation rests on such large scale works as Lincoln and His Generals and the Pulitzer Prize winning biography Huey Long exhaustively researched studies monumental in their scope and ambition Providing Williams with the chance to let his gaze probe beyond the fixed borders of such works the essay was a flexible medium in which he could freely pursue some of the ideas that grew out of his daily regimen of writing and reading He used the essay to examine large themes that spanned many areas of his interests as well as specific incidents in the course of American history to reach both a popular audience and his fellow historians to test ideas for books in the planning stage and to assess the works of his colleagues Among the essays brought together in this volume are That Strange Sad War in which Williams examines the Civil War as the first truly and tragically modern war Abraham Lincoln Pragmatic Democrat which sees Lincoln as the supreme example in our history of the union of principle and pragmatism in politics and The Louisiana Unification Movement of 1873 which traces the short history of an ambitious attempt to bring about racial unity in Reconstruction Louisiana In Interlude 1918 1939 an essay published here for the first time Williams analyzes the weakened state of American military preparedness before Franklin Roosevelt came into office and turned his attention to the growing threat of Hitler s Germany In The Macs and the Ikes America s Two Military Traditions Williams contrasts the opposing types of military leaders in American history those generals in the mold of Dwight Eisenhower who follow orders and submit to the power of the president and Congress and the more fractious generals such as Douglas Macarthur who view the military as an aristocracy of courage and genius and bridle at the reigns of civilian authority Huey Lyndon and Southern Radicalism traces the common political roots of two men Williams considered among the most successful power artists of the century And in Lyndon Johnson and the Art of Biography Williams discusses his own plans to write a biography of Johnson and speaks of his unapologetic belief in a great man theory of history

Heavy Radicals: The FBI's Secret War on America's Maoists Aaron J. Leonard, 2022-11-25 Heavy Radicals The FBI s Secret War on America s Maoists is a history of the Revolutionary Union Revolutionary Communist Party the largest Maoist organization to arise in the US from its origins in the explosive year of 1968 its expansion into a national organization in the early 70s its extension into major industry throughout the early part of that decade and the devastating schism in the aftermath of the death of Mao Tse tung to its ultimate decline as the 1970s turned into the 1980s From its beginnings the grouping was the focus of J Edgar Hoover and other top FBI officials for an unrelenting array of operations Informant penetration setting organizations against each other setting up phony communist collectives for infiltration and disruption planting of phone taps and microphones in apartments break ins to steal membership lists the use of FBI friendly journalists such as Victor Riesel and Ed Montgomery to undermine the group and much more It is the story of a sizable section of the radicalized youth whose radicalism did not disappear at the end of the 60s and of the FBI s largest and up to now untold campaign against it

The Cambridge History of the American Essay Christy Wampole, Jason Childs, 2023-12-14 From the country s beginning essayists in the United States have used their prose

to articulate the many ways their individuality has been shaped by the politics social life and culture of this place The Cambridge History of the American Essay offers the fullest account to date of this diverse and complex history From Puritan writings to essays by Indigenous authors from Transcendentalist and Pragmatist texts to Harlem Renaissance essays from New Criticism to New Journalism The story of the American essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing The essay in the US has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay Across genres and identities this volume offers a stirring account of American essayism into the twenty first century
