## **Radical And Evangelical:**

*Latin American Theology: Radical Or Evangelical?* C. Peter Wagner, 1970 This book is the first attempt to describe in broad terms what is occurring in theological circles in the Latin American Protestant Church It begins with an analysis of the most vocal segment of the church labeled the new radical left A general description of the position is followed by specific analyses of theological stresses found in the writings of such representatives as Gonzalo Castillo Jose Miguez Rubem Alvez Jorge Lara Emilio Castro Richard Shaull and others pointing out how the theology of these men has to one degree or another become secularized Their theology is then criticized from the point of view of the church growth position popularized by Dr Donald McGavran which the author holds One of the principal theses of the book is an attempt to show that radical theology as enunciated by this segment of Latin American theologians reduces to a type of syncretism and thus becomes not Biblical Christianity but rather another gospel Finally the theology of the relationship of the church to the world on the part of several evangelicals such as Fernando Vangioni Washington Padilla Jose Maria Rico and others is described although it is not a fully developed theology Evangelicals in Latin America have been busier putting a soul winning theology into practice rather than attempting to articulate it As a result they are strong on numbers of church members but not on theologizing The author's own position as to the rationale for an evangelical social ministry is outlined in the final chapter He believes that whereas the evangelical's primary responsibility in the world is to reconcile multitudes to Jesus Christ the church also has a secondary responsibility to serve society in general not necessarily as a means to an evangelistic end but in fact as an end in itself Publisher     *The Radical Evangelical* Nigel G. Wright, 2016-08-31 The gospel we profess is the most radical power on earth reaching to the depths of our personal social and political existence It needs a radical people to embody and proclaim it This book examines the nature of evangelical theology dealing with areas of persistent disagreement and controversy such as the status of the Bible the nature of Christ's achievement on the cross and the meaning of hell It offers a new way forward that remains committed to the fundamentals of faith while retaining a flexible response to the challenges of the future

*Transformation After Lausanne* Al Tizon, 2008 Lausanne 74 inspired evangelicals around the world to take seriously the full implications of the Gospel for mission This was especially true of a worldwide network of radical evangelical mission theologians and practitioners whose post Lausanne reflections found harbour in the notion of Mission as Transformation This missiology integrated evangelism and social concern like no other and it lifted up theological voices coming from the Two Thirds World to places of prominence This book documents the definitive gatherings theological tensions and social forces within and without evangelicalism that led up to Mission as Transformation And it does so through a global local grid that points the way toward greater holistic mission in the 21st century BOOK JACKET     *Evangelical Dictionary of Theology* Walter A. Loewenstein,2013-08-29 Treacherous Faith is a major study of heresy and the literary imagination from the English Reformation to the Restoration It analyzes both canonical and lesser known writers who contributed to fears about the contagion of heresy as well as those who challenged cultural constructions of heresy and the rhetoric of fear mongering

*Christian Masculinity* Yvonne Maria Werner,2011 In the mid nineteenth century when the idea of religion as a private matter connected to the home and the female sphere won acceptance among the bourgeois elite Christian religious practices began to be associated with femininity and soft values Contemporary critics claimed that religion was incompatible with true manhood and today s scholars talk about a feminization of religion But was this really the case What expression did male religious faith take at a time when Christianity was losing its status as the foundation of society This is the starting point for the research presented in *Christian Masculinity* Here we meet Catholic and Protestant men struggling with and for their Christian faith as priests missionaries and laymen as well as ideas and reflections on Christian masculinity in media fiction and correspondence of various kinds Some men engaged in social and missionary work or strove to harness the masculine combative spirit to Christian ends while others were eager to show the male character of Christian virtues This book not only illustrates the importance of religion for the understanding of gender construction but also the need to take into consideration confessional and institutional aspects of religious identity      *Progressive Evangelicals and the Pursuit of*
