nonviolence John Dear writes in the introduction Prayer and nonviolence go hand in hand On the one hand prayer is a daily journey toward ever deepening intimacy with the God of peace in the Holy Spirit of peace Through daily quiet meditation the God of peace we encounter in our prayer disarms us heals us and strengthens us to go forth and make peace practice nonviolence and love others Nonviolent people turn to God in prayer throughout the day for protection security blessings and fecundity That is the Christian way the human ideal That is the path of the peacemaker daily meditation is politically dangerous and a threat to the culture of violence and war As we combine prayer and nonviolence in this culture of violence and war we step into a new kind of dangerous mysticism where we lose our allegiance to the nation state and become full time citizens of God s reign

The Radical Prayer of Jesus Jim Warren, 2017-12-25 Jesus constantly and consistently challenged the cultural mindset of both the religious leaders and His disciples Time and time again He did not match up with either their religious norms or their cultural norms At one point many disciples turned to leave Him after such a confrontation His question Are you also going to leave must have stung in the ears of the Twelve Impetuous Peter was the first to speak up Lord to whom would we go Today Jesus challenges the North American culture and Western Mindset of His followers Nowhere is this more explicit than His response when the first disciples asked Lord teach us to pray As usual familiarity has caused this important pattern for our petitions and lifestyle to become one of many things we think we understand because well it s so simple But you will soon learn that Jesus challenges most of the cultural norms of both America and the American church The question is Are you also going to leave Maybe you will continue to ignore these keys to the Kingdom Maybe you will just Keep on Keep in on as if everything will work out fine in the end One reason these patterns for our petitions rock our religious norms is because of an insipid reality that permeates the Western church Many have

manufactured manipulated and managed If we are to be good little consumers our hunger must be endless We want because we are afraid of not having enough We want because we feel compelled to have more than our neighbor We want power over others Our broken wanting can break the world So Jesus gave us the prayer we need one that repairs and reorients our longings With stories from scripture whimsical anecdotes and pastoral wisdom Williams guides us into profound interaction with each line of the Lord's Prayer Questions and ideas for ways to experience the Lord's Prayer can facilitate and deepen group conversation and individual prayer There's power in the Lord's Prayer Williams testifies even if it's a power we have yet to understand

Integrating Islam Jonathan Laurence, Justin Vaisse, 2007-02-01 Nearly five million Muslims call France home the vast majority from former French colonies in North Africa While France has successfully integrated waves of immigrants in the past this new influx poses a new variety of challenges much as it does in neighboring European countries Alarmists view the growing role of Muslims in French society as a form of reverse colonization they believe Muslim political and religious networks seek to undermine European rule of law or that fundamentalists are creating a society entirely separate from the mainstream Integrating Islam portrays the more complex reality of integration's successes and failures in French politics and society From intermarriage rates to economic indicators the authors paint a comprehensive portrait of Muslims in France Using original research they devote special attention to the policies developed by successive French governments to encourage integration and discourage extremism Because of the size of its Muslim population and its universalistic definition of citizenship France is an especially good test case for the encounter of Islam and the West Despite serious and sometimes spectacular problems the authors see a French Islam slowly replacing Islam in France in other words the emergence of a religion and a culture that feels at home in and is largely at peace with its host society Integrating Islam provides readers with a comprehensive view of the state of Muslim integration into French society that cannot be found anywhere else It is essential reading for students of French politics and those studying the interaction of Islam and the West as well as the general public
