## Radicalism and Reform in Britain, 1780–1850

Introduction by H. T. Dickinson

# Radicalism And Reform In Britain 1780-1850

**Rohan McWilliam**

## **Radicalism And Reform In Britain 1780-1850:**

**Radicalism and Reform in Britain, 1780-1850** J. R. Dinwiddy, 1992-07-01 This book brings together the articles of J R Dinwiddy to show both the coherence and importance of his contribution to British history in this period His work covers the spectrum of political activity and thought from the Whigs to the Luddites and from Burke via Bentham to Marx Thomas Hare and Political Representation in Victorian Britain F. Parsons, 2009-07-30 This book is a history of the emergence and development of the concept of proportional representation and its relation to political theory within the context of nineteenth century British party politics focusing on Thomas Hare 1806-1891 Thomas Paine J. C. D. Clark, 2018-03-09 Thomas Paine 1737-1809 was England's greatest revolutionary no other reformer was as actively involved in events of the scale of the American and French Revolutions and none wrote such best selling texts with the impact of Common Sense and Rights of Man No one else combined the roles of activist and theorist or did so in the age of revolutions fundamental as it was to the emergence of the modern world But his fame meant that he was taken up and reinterpreted for current use by successive later commentators and politicians so that the historic Paine was too often obscured by the usable Paine J C D Clark explains Paine against a revised background of early and mid eighteenth century England He argues that Paine knew and learned less about events in America and France than was once thought He de attributes a number of publications and passages hitherto assumed to have been Paine's own and detaches him from a number of causes including anti slavery women's emancipation and class action with which he was once associated Paine's formerly obvious association with the early origin and long term triumph of natural rights republicanism and democracy needs to be rethought As a result Professor Clark offers a picture of radical and reforming movements as more indebted to the initiatives of large numbers of men and women in fast evolving situations than to the writings of a few individuals who framed lasting and eventually triumphant political discourses

Political Ideology in Ireland Olivier Coquelin, Patrick Galliou, Thierry Robin, 2020-10-27 First delivered as part of an international conference held at Brest University in November 2007 under the aegis of the Centre de Recherche Bretonne et Celtique CRBC this collection of essays essentially aims at interrogating history in order to better understand the political and ideological complexity of early XXIst century Ireland This complexity reflects in many respects Ireland's uniqueness among the Western European nations Some of the multiple persuasions within the gamut of Irish political ideology from the Enlightenment to the present are thus explored from diverse angles of approach dialectical taxonomic theoretical practical individual collective and through a diverse range of disciplines human sciences political science social sciences literature philosophy and art history and themes from Jonathan Swift's rhetorical complexity to the evolution of Irish republicanism after 9/11 including the reassessment of Daniel O'Connell's political ideology Owenism in Ireland Oscar Wilde's socialistic ideology the ideological development of the Republican and Loyalist prisoners This unique collection of essays far from being a static historiographical description provides food for thought and sheds light on the fascinating ambivalent dynamics lying

at the heart of the building process of a modern nation resulting from the aggregate of individual will collective ideals and Zeitgeist The impressive variety of issues raised by authors of diverse origins United States Ireland Britain France including leading experts in the above mentioned areas Richard English Robert Mahony Jonathan Tonge Kieran Allen John Sloan Christopher Murray Vincent Geoghegan therefore widely contributes to the fact that the present book will be intellectually stimulating and enlightening at least as an introduction for all the students and scholars of Irish studies and other related disciplines

**Re-imagining Democracy in the Age of Revolutions** Joanna Innes, Mark Philp, 2013-06-27 Re-imagining Democracy in the Age of Revolutions charts a transformation in the way people thought about democracy in the North Atlantic region in the years between the American Revolution and the revolutions of 1848 In the mid-eighteenth century democracy was a word known only to the literate It was associated primarily with the ancient world and had negative connotations democracies were conceived to be unstable warlike and prone to mutate into despotisms By the mid-nineteenth century however the word had passed into general use although it was still not necessarily an approving term In fact there was much debate about whether democracy could achieve robust institutional form in advanced societies In this volume a cast of internationally renowned contributors shows how common trends developed throughout the United States France Britain and Ireland particularly focussing on the era of the American French and subsequent European revolutions Re-imagining Democracy in the Age of Revolutions argues that modern democracy was not invented in one place and then diffused elsewhere but instead was the subject of parallel re-imaginings as ancient ideas and examples were selectively invoked and reworked for modern use The contributions significantly enhance our understanding of the diversity and complexity of our democratic inheritance

**Popular Politics in Nineteenth-century England** Rohan McWilliam, 1998 This provides an accessible introduction to the culture of English popular politics between 1815 and 1900 McWilliam assesses popular ideology and reveals a much richer social history emerging in the light of recent historiographical developments

*The Collected Works of Jeremy Bentham: An Introduction to the Principles of Morals and Legislation* Jeremy Bentham, 1996-01-11 The new critical edition of the works and correspondence of Jeremy Bentham 1748-1832 is being prepared and published under the supervision of the Bentham Committee of University College London In spite of his importance as jurist philosopher and social scientist and leader of the Utilitarian reformers the only previous edition of his works was a poorly edited and incomplete one brought out within a decade or so of his death Eight volumes of the new Collected Works five of correspondence and three of writings on jurisprudence appeared between 1968 and 1981 published by the Athlone Press Further volumes in the series since then are published by Oxford University Press The overall plan and principles of the edition are set out in the General Preface to The Correspondence of Jeremy Bentham vol 1 which was the first volume of the Collected Works to be published An Introduction to the Principles of Morals and Legislation Jeremy Bentham's best known work is a classic text in modern philosophy and jurisprudence First published in 1789 it contains the

important statement of the foundations of utilitarian philosophy and a pioneering study of crime and punishment both of which remain at the heart of contemporary debates in moral and political philosophy economics and legal theory Printed here in full is the definitive edition edited by the distinguished scholars J H Burns and H L A Hart An introductory essay by Hart first published in 1982 and a widely acknowledged classic in its own right is reprinted here It contains an important analysis of Bentham s principle of utility theory of action and an account of the relationship between law and morality A new introduction by the leading Bentham scholar F Rosen specially written for this Clarendon Paperback edition provides students with a helpful survey of Bentham s main ideas and an extensive bibliographical study of recent critical work on Bentham Professor Rosen s essay also contains a new analysis of the principle of utility in Bentham s philosophy which is compared with its use in Hume and J S Mill      English Education and the Radicals, 1780-1850 Harold Silver,2011-12-08 The radicalism of the period from the 1780s to the mid nineteenth century represented a harnessing of knowledge in protest against injustices and oppression a pooling of effort to transform society In this book the author explores the main strains in working and middle class radicalism over this crucial period with emphasis on the educational ideas and activities of radical movements their spokesmen and ideologies The author stresses some of the central educational interests of radical movements through the radical organizations of the 1780s and 1790s and early nineteenth century political and social movements including the utilitarians Owenites Chartists and Tory radicals He discusses educational ideas and action with regard to infants and adults basic literacy and political understanding examines some of the forms of study self education and propaganda to political action This book is a study in miniature of the processes of political and social change in a period of industrial political and social revolution its theme is education in its widest sense      **Revolutionary Europe 1780-1850** Jonathan Sperber,2017-04-21 Jonathan Sperber s Revolutionary Europe 1780 1850 is a history of Europe in the age of the French Revolution from the end of the old regime to the outcome of the revolutions of 1848 Fully revised and updated this second edition provides a continent wide history of the key political events and social transformation that took place within this turbulent period extending as far as their effects within the European colonial society of the Caribbean Key features include analyses of the movement from society s old regime of orders to a civil society of property owners the varied consequences of rapid population increase and the spread of market relations in the economy and the upshot of these changes for political life from violent revolutions and warfare to dramatic reforms and peaceful mass movements a lively account of the events of the period and a thorough analysis of the political cultural and socioeconomic transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in Europe s geographic scope between 1789 and 1848 including for the 1820 1830 and 1848 revolutions Revolutionary Europe 1780 1850 is the perfect introduction for students of the history of the French Revolution and the history of Europe more broadly      **Seditious Allegories** Michael Scrivener,2015-11-06 The multifaceted

career of John Thelwall 1764 1834 poet novelist playwright journalist politician scientist is the lens through which we are offered here a new look at the phenomenon of British Jacobinism long distorted by the critical view of it as intellectually weak bequeathed to us by Coleridge and Wordsworth once Jacobins themselves This book the first on Thelwall in almost one hundred years combines literary analysis and historical description to show how this innovative political activist remained true to his radicalism while adapting his methods in the face of the anti Jacobin reaction that Paine s *The Rights of Man* helped set off The three parts of the book set Thelwall s achievements and challenges in the political and literary context of his times Part One Jacobin s Writing focuses on the most essential aspects ideologically and formally of the insurgent writing of the 1790s to which Thelwall contributed Part Two *The Voice of the People* treats both Thelwall s radical oratory and journalism as well as his writings and activities as a natural scientist and rhetorician a professor and technician of elocution Part Three Jacobin Allegory expounds on Thelwall s characteristic strategy of indirect expression through synecdoche and allegory which he used in his later career after repression forced him out of politics Through Thelwall s life Michael Scrivener succeeds in revealing how British Jacobinism reshaped the public sphere initiating numerous literary experiments with oratory pamphlets periodicals popularizations and songs in the spaces opened up by political associations lectures meetings and trials Jacobinism thus altered the very institutions of reading and writing by expanding literacy restructuring the popular arena for reading and generating a body of diverse texts that were seditious allegories *Napoleon and British Song, 1797-1822* Oskar Cox Jensen, 2015-10-12 This study offers a radical reassessment of a crucial period of political and cultural history By looking at some 400 songs many of which are made available to hear and at their writers singers and audiences it questions both our relationship with song and ordinary Britons relationship with Napoleon the war and the idea of Britain itself *Radical Spaces* Christina Parolin, 2010-12-01 RADICAL SPACES explores the rise of popular radicalism in London between 1790 and 1845 through key sites of radical assembly the prison the tavern and the radical theatre Access to spaces in which to meet agitate and debate provided those excluded from the formal arenas of the political nation the great majority of the population a crucial voice in the public sphere RADICAL SPACES utilises both textual and visual public records private correspondence and the secret service reports from the files of the Home Office to shed new light on the rise of plebeian radicalism in the metropolis It brings the gendered nature of such sites to the fore finding women where none were thought to gather and reveals that despite the diversity in these spaces there existed a dynamic and symbiotic relationship between radical culture and the sites in which it operated These venues were both shaped by and helped to shape the political identity of a generation of radical men and women who envisioned a new social and political order for Britain *William Wickham, Master Spy* Michael Durey, 2015-10-06 A biography of William Wickham 1761 1840 Britain s master spy on the Continent for more than five years during the French Revolutionary wars It follows Wickham s career to narrate the rise and fall of his secret service community *The Republic of Britain, 1760-2000* F. K. Prochaska, 2000 The

British monarchy is one of the most durable institutions in the world For almost a thousand years with only one brief interlude it has served as the formal head of the British state apparatus and has occupied its subjects imaginations to a profound extent Frank Prochaska takes a close look at the relationship between monarchy and its enemies since 1750 He considers the challenges that monarchy has faced and the reforms and reinventions they have forced on this apparently solid and timeless feature of the British constitution

**Private Law and Social Inequality in the Industrial Age** Willibald Steinmetz (historien.),2000 A promise of equality inherited from revolutionary declarations of rights enlightened law codes and constitutions stood at the beginning of the industrial age Conflicts were inevitable when in reality the law continued to be used as ever mostly in support of the rich and powerful The essays assembled here explore how private law helped to maintain change or upset inequalities that were common to all industrialized countries The book deals with relations between lords and peasants husbands and wives masters and servants landlords and tenants and producers and consumers While law and society histories have become a growth industry in recent years most studies in this field tend to be limited by national and disciplinary boundaries This volume goes beyond such boundaries by comparing legal cultures in Britain Germany France and the United States Taking analogous although not necessarily simultaneous conflicts as a starting point the essays offer new insights into different attitudes towards the law and different paths of juridification The book thus enables historians lawyers and social scientists to view the history of their own legal culture in the light of others

**William Cobbett, the Press and Rural England** James Grande,2014-08-12 William Cobbett the Press and Rural England offers a thorough re appraisal of William Cobbett 1763 1835 situating his journalism and rural radicalism in relation to contemporary political debates

*British Radical Culture of the 1790s* Robert M. Maniquis,2002 Essays on the political intellectual and linguistic contexts of British radicalism by Frederick Burwick John Barrell Philippe Roger Fredrika Teute Nigel Leask and Robert M Maniquis Each essay focuses on political problems comprehensible only in the cultural matrix of the 1790s and its particular mix of political aesthetic and philosophical languages

**Cumulative Bibliography of Victorian Studies** ,1970

Anti-radical Expression Michael Steven Smith,1999

**Radical Satire and Print Culture, 1790-1822** Marcus Wood,1994 Radical Satire and Print Culture 1790 1822 focuses on the work produced collaboratively between 1816 and 1822 by the poet and radical journalist William Hone and the brilliant young graphic satirist George Cruikshank Dr Wood provides a much needed analytical framework for Regency radical satire uncovering a set of new sources and previously unknown cultural contexts for Hone and Cruikshank s work which is shown to combine modernity and tradition in thrilling ways Hone fused the literary and political inheritance of eighteenth century satire with contemporary developments in advertising popular publishing and mass marketing Cruikshank combined the sophisticated conventions of the political print with the most up to date methods of advertizing politics and propaganda Entertaining and original this is an important contribution to the study of radical satire which sheds new light on the relations between popular political authors and graphic artists and

the major Romantic writers of the period

## Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **Radicalism And Reform In Britain 17801850**

In a world inundated with screens and the cacophony of quick interaction, the profound energy and mental resonance of verbal art often disappear in to obscurity, eclipsed by the constant onslaught of noise and distractions.
