Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults. For them libraries become a place for work, the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units such as *Cartoon Cavalcade*, *Log On at the Library*, *Go in Style*, *Cruising the Mall*, *Space Shots*, *Teens on TV* and 44 others that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme-related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs.

Who Killed One the Gun? Gigi Little, 2025-10-07 A cozy noir for fans of *Knives Out*, time loops, and old-time whodunits. Private eye One the Gun and his right-hand dame Two the True Blue are on the trail of the killer of Five the No Longer Alive. But as the numbers and the clues stack up, One the Gun realizes that today is exactly like yesterday. In fact, maybe actually is yesterday, and he's pretty sure that at the end of yesterday he was shot to death. It's a dilly of a pickle as time continues to loop back on itself: one murder case becomes two, and the gumshoe races against the clock to smoke out his own killer before that killer can stop his clock for keeps. Gigi Little's noir, soaked and delightfully surreal, debut pays homage to the radio classics of the forties and fifties while investigating themes of greed, sexism, and the consequences of unchecked power.

21st-Century TV Dramas Amy M. Damico, Sara E. Quay, 2016-02-12 In its exploration of some of the most influential popular or critically acclaimed television dramas since the year 2000, this book documents how modern television dramas reflect our society through their complex narratives about prevailing economic, political, security, and social issues. Television dramas have changed since the turn of the 21st century for the good; many would say as a result of changes in technology, the rise of cable networks, and increased creative freedom. This book approaches the new golden age of television dramas by examining the programs that define the first 15 years of the new century through their complex narratives, high production value, star power, popularity, and enthusiastic fan culture. After an introduction that sets the stage for the book's content, thematic sections present concise chapters that explore key connections between television dramas and elements of 21st-century culture. The authors explore *Downton Abbey* as a distraction from contemporary class struggles, patriarchy, and the past in *Game of Thrones* and *Mad Men*, and portrayals of the dark hero protagonist in *The Sopranos*, *Dexter*, and *Breaking Bad* as a few examples of the book's coverage. With its multidisciplinary perspectives on a variety of themes—terrorism, race, class, gender, family dynamics, and sociopolitical and socioeconomic topics—this book will be relevant across the social sciences.
