Bohlman,2000-12 A specter lurks in the house of music and it goes by the name of race write Ronald Radano and Philip Bohlman in their introduction Yet the intimate relationship between race and music has rarely been examined by contemporary scholars most of whom have abandoned it for the more enlightened notions of ethnicity and culture Here a distinguished group of contributors confront the issue head on Representing an unusually broad range of academic disciplines and geographic regions they critically examine how the imagination of race has influenced musical production reception and scholarly analysis even as they reject the objectivity of the concept itself Each essay follows the lead of the substantial introduction which reviews the history of race in European and American non Western and global musics placing it within the contexts of the colonial experience and the more recent formation of world music Offering a bold new revisionist agenda for musicology in a postmodern postcolonial world this book will appeal to students of culture and race across the humanities and social sciences

The Routledge History of Social Protest in Popular Music Jonathan C. Friedman, 2013-07-04 The major objective of this collection of 28 essays is to analyze the trends, musical formats, and rhetorical devices used in popular music to illuminate the human condition. Mestizaje Rafael Pérez-Torres, 2006 Focusing on the often unrecognized role race plays in expressions of Chicano culture, *Mestizaje* is a provocative exploration of the volatility and mutability of racial identities. In this important moment in Chicano studies, Rafael Pérez-Torres reveals how the concepts and realities of race, historical memory, the body, and community have both constrained and opened possibilities for forging new and potentially liberating multiracial identities. Informed by a broad-ranging theoretical investigation of identity, politics, and race, and incorporating feminist and queer critiques, Pérez-Torres skillfully analyzes Chicano cultural production. Contextualizing the history of *mestizaje*, he shows how the concept of mixed race has been used to engage issues of hybridity and voice and examines the dynamics that make *mestizo* and *mestiza* identities resistant to, as well as affirmative of, dominant forms of power. He also addresses the role that *mestizaje* has played in expressive culture, including the hip-hop music of Cypress Hill and the vibrancy of Chicano poster art. Turning to issues of *mestizaje* in literary creation, Pérez-Torres offers critical readings of the works of Emma Pérez, Gil Cuadros, and Sandra Cisneros, among others. This book concludes with a consideration of the role that the *mestizo* body plays as a site of elusive or displaced knowledge. Moving beyond the oppositions nationalism versus assimilation, men versus women, Texans versus Californians that have characterized much of Chicano studies, *Mestizaje* synthesizes and assesses twenty-five years of pathbreaking thinking to make a case for the core components, sensibilities, and concerns of the discipline. Rafael Pérez-Torres is professor of English at the University of California, Los Angeles.
