Decolonial Environmentalisms David J. Vázquez, 2025-07-01 A critical examination of the environmental movement and the Latinx voices that are shifting how to think about a future shaped by climate change In *Decolonial Environmentalisms* David Vázquez argues that the mainstream environmental movement is implicated in racial capitalism not least through its ignorance of environmental justice as it pertains to Latinx people Through close readings of

eco minded novels films visual art and short stories by Chicana Puerto Rican Dominican Cuban American Peruvian and Central American culture makers Viquez surfaces diverse Latinx visions for an equitable and sustainable humanity In the creations of Helena María Viramontes Ester Hernández Salvador Plascencia the printmaking collective Dominican York Proyecto GRAFICA and others Viquez locates a bracing critique of racist elisions and assumptions in hegemonic environmentalist thought At the same time he shows that the roles of Latinx people in the exploitation of the US West and the ruin of Indigenous communities are ripe for self examination in hopes of sparking reform Indeed Decolonial Environmentalisms is a work of guarded optimism finding glimmers of possibility even in dystopic science fiction The overlooked experiences of Latinx people Viquez suggests can inspire environmental movements capable of transformative advocacy

AUUGN ,1996 *Civil War High Commands* John Eicher,David Eicher,2002-06-01 Based on nearly five decades of research this magisterial work is a biographical register and analysis of the people who most directly influenced the course of the Civil War its high commanders Numbering 3 396 they include the presidents and their cabinet members state governors general officers of the Union and Confederate armies regular provisional volunteers and militia and admirals and commodores of the two navies Civil War High Commands will become a cornerstone reference work on these personalities and the meaning of their commands and on the Civil War itself Errors of fact and interpretation concerning the high commanders are legion in the Civil War literature in reference works as well as in narrative accounts The present work brings together for the first time in one volume the most reliable facts available drawn from more than 1 000 sources and including the most recent research The biographical entries include complete names birthplaces important relatives education vocations publications military grades wartime assignments wounds captures exchanges paroles honors and place of death and interment In addition to its main component the biographies the volume also includes a number of essays tables and synopses designed to clarify previously obscure matters such as the definition of grades and ranks the difference between commissions in regular provisional volunteer and militia services the chronology of military laws and executive decisions before during and after the war and the geographical breakdown of command structures The book is illustrated with 84 new diagrams of all the insignias used throughout the war and with 129 portraits of the most important high commanders

Ethics of Spying: A Reader for the Intelligence Professional Jan Goldman,2023-11-15 The first volume introduced readers to ethics in intelligence operations Published when the U S was conducting operations in the post 9 11 era this book represents the first collection of articles to seriously study ethics for and about intelligence professionals The second volume established the codes of conduct that professionals in the private and public sectors would employ that could

be separate from those of their private lives

Ethics of Spying A Reader for the Intelligence Professional Volume 3 combines the best articles from the first two volumes It s reorganized into 5 parts and it contains new articles that expand and explain further the meaning and dichotomy of a working professional in the intelligence community and the national security and civil liberties they are entrusted with safeguarding New articles include Ethics of Human Intelligence Operations Tension and Strategy Ethics Phobia Tension and Strategy Sources and Bypassing Strategies Just Intelligence Theory Ethics Intelligence and Preemptive and Preventive Actions Speak No Evil Using Private Corporations to Conduct Intelligence Activities for National Security Purposes and Intelligence Research and Scholarship Organizing Crime in Chinatown

Jeffrey Scott McIllwain,2014-10-01 More than a century ago organized criminals were intrinsically involved with the political social and economic life of the Chinese American community In the face of virulent racism and substantial linguistic and cultural differences they also integrated themselves successfully into the extensive underworlds and corrupt urban politics of the Progressive Era United States The process of organizing crime in Chinese American communities can be attributed in part to the larger politics that created opportunities for professional criminals For example the illegal traffic in women laborers and opium was an unintended consequence of yellow peril laws meant to provide social control over Chinese Americans Despite this hostile climate Chinese professional criminals were able to form extensive multiethnic social networks and purchase protection and some semblance of entrepreneurial equality from corrupt politicians police officers and bureaucrats While other Chinese Americans worked diligently to remove racist laws and regulations Chinatown gangsters saw opportunity for profit and power at the expense of their own community Academics the media and the government have claimed that Chinese organized crime is a new and emerging threat to the United States Focusing on events and personalities and drawing on intensive archival research in newspapers police and court documents district attorney papers and municipal reports as well as from contemporary histories and sociological treatments this study tests that claim against the historical record Killer Weed

Susan C. Boyd,Connie Carter,2014-02-05 Since the late 1990s marijuana grow operations have been identified by media and others as a new and dangerous criminal activity of epidemic proportions With Killer Weed Susan C Boyd and Connie Carter use their analysis of fifteen years of newspaper coverage to show how consensus about the dangerous people and practices associated with marijuana cultivation was created and disseminated by numerous spokespeople including police RCMP and the media in Canada The authors focus on the context of media reports in Canada to show how claims about marijuana cultivation have intensified the perception that this activity poses significant dangers to public safety and thus is an appropriate target for Canada s war on drugs Boyd and Carter carefully show how the media draw on the same spokespeople to tell the same story again and again and how a limited number of messages has led to an expanding anti drug campaign that uses not only police but BC Hydro and local municipalities to crack down on drug production Going beyond the newspapers Killer Weed examines how legal political and

civil initiatives that have emerged from the media narrative have troubling consequences for a shrinking Canadian civil society

Bloodsport Robert Teitelman, 2016-04-05 *Bloodsport* is the story of how the mania for corporate deals and mergers all began how power lawyers Joe Flom and Marty Lipton major Wall Street players Felix Rohatyn and Bruce Wasserstein prominent jurists and shrewd ideologues provided the energy that drove the corporate elite into a less cozy Hobbesian world with total dollar volume in the trillions Four questions whose force remains undiminished Are shareholders the owners Should control be exerted by autonomous CEOs or is that illegitimate and inefficient Is the primary purpose of corporations to generate jobs and create prosperity for the masses and the nation or is it simply to maximize the wealth of shareholders
