widely accepted notion that only heterosexual people are entitled to get married have sex and rear children you gain insight into personal struggles and affirmations that testify to the spirituality procreativity and wholesomeness of the diverse relationships of the Lavender community You will also learn about various ongoing efforts to give religious pride to the various configurations of gay relationships families and values and the disruption of popular interpretations of the Scriptures that have been used to justify the oppression of sexual minorities This book will intrigue you over and over again as you read about value systems transphobia equal marriage rights Buddhism s rejection of traditional family values Brazil s sex positive culture differences between gay male social formations and families choosing a language and terms that empower sexual minorities and the essence of the liberation movement sex as communion relationships based on nurture not transaction Designed for academics and students of religion pastors priests rabbis and lay readers alike Our Families Our Values is a multifaceted view of the gay community s response to the public controversy over gay marriage adoption and foster care rights Ideal as a textbook for courses in sexuality theology sociology women s studies and gay and lesbian studies this book will both inform you and delight you as it reminds you that same sex unions bring much cause for celebration and that religion and homosexuality are not mutually exclusive

Gays, Lesbians, & Family Values Elizabeth A. Say, Mark R. Kowalewski, 1998 The religious right claims to be the champions of family values political shorthand for the reassertion of the traditional heterosexual nuclear family complete with traditional gender roles of working Dad and stay at home Mom raising godly children Elizabeth Say and Mark Kowalewski present a new view Exploring not only the ways gays and lesbians live as families but also the values that emerge from their shared experiences they skillfully construct an ethic of five family values preserving fidelity seeking mutuality and accountability giving life sustaining identity and community and nurturing erotic power These values the authors suggest are integral to all intimate relationships When put into practice they have the power to transform families from oppressive systems to places of acceptance growth and stability
