A Mental Note William Roberts, William Roberts Pegler, 2011-06-01 Description A Mental Note is a novel based on the life and times of a man who suffers from a mental illness Will who has been diagnosed as a paranoid schizophrenic tells his story about living with this illness focusing mainly on specific periods and events relating to this condition and the reasons for it He describes life before becoming unwell the diagnosis and treatment as well as other incidents These are all included to show how Will's life

developed during his ordeal Although most of the book is factual some areas have been dramatised to bring the story to life Also many of the fictional passages have been included to give a sense of the nature of the illness and the thought process that goes with it For example a schizophrenic can create his or her own deluded perception of reality that although it isn't real seems perfectly believable to the sufferer The book is comical in places and some of the fun in the book is designed to show that even when suffering from a mental illness it is still possible to have a good time and enjoy oneself I have tried to focus mainly on the good experiences for this reason but I have also referred to the darker sides of the illness so that people in similar situations can possibly relate to them Hopefully this may give others a bit of an insight into living with the disease and its harrowing effects I hope this book will be of considerable interest to anyone who either suffers from or is involved with someone who suffers from any similar mental health problems I also think that it makes for a stimulating insightful and humorous read for a wide range of other people concerned with such issues Finally because of some of the geographical locations in the book especially references to Shrewsbury I think people from those areas mentioned would enjoy reading this book too

About the Author William is a man with a story of courage He was born in Shrewsbury Shropshire UK in 1980 He was educated privately in Shrewsbury and at Adams School Newport Shropshire where he achieved 8 healthy GCSEs Trouble set in in his mid teens when he was caught between the Sixth Form College Shrewsbury and the Radbrook College Shrewsbury where he transferred from an academic to a practical career prospect studying to be a chef From Shrewsbury to Croydon near London he pursued his chef career He had a breakdown out of which he has pulled himself together and written A MENTAL NOTE an imaginative and dynamic fictional testimony to what it is to be like to be pained by schizophrenia but to work one's way through He is currently living in Birmingham and writing his next imaginative books
