Religious Devotion and the Poetics of Reform George Pati, 2019-02-18 The poetry emanating from the bhakti tradition of devotional love in India has been both a religious expression and a form of resistance to hierarchies of caste gender and colonialism Some scholars have read this art form through the lens of resistance and reform but others have responded that imposing an interpretive framework on these poems fails to appreciate their authentic expressions of devotion This book argues that these declarations of love and piety can simultaneously represent efforts towards emancipation at the spiritual political and social level This book through a close study of Nalini 1911 a Malayalam lyric poem as well as other poems authored by Mahakavi Kumaran 1873-1924 a low caste Kerala poet demonstrates how he employed a theme of love among humans during the modern period in Kerala that was grounded in the native South Indian bhakti understanding of love of the deity He believed that personal religious freedom comes from devotion to the deity and that love

for humans must emanate from love of the deity In showing how devotional religious expression also served as a resistance movement this study provides new perspective on an understudied area of the colonial period Bringing to light an under explored medium in both religious and artistic terms this book will be of great interest to scholars of religious studies Hindu studies and religion and literature as well as academics with an interest in Indian culture

David Matsumoto, San Francisco State University, Director of SFSU's Culture and Emotion Research Laboratory. **The Publishers Weekly**, 1995. **Broken yet Beloved** Sharon G. Thornton, 2022-11-17. Sharon Thornton gives pastoral theology new ears that hear the true depth and breadth of suffering. She dares to look beyond the accepted perspectives of pastoral theology to discern a new vision of hope made possible by the cross. Thornton brings pastoral theology into conversation with public theology, reading them from the perspective of the cross. When interpreted from its political standpoint, the cross offers new and challenging pastoral perspectives on the complex experiences of modern life. The cross of Christ names suffering for what it is, giving us a means of radically critiquing all attempts to camouflage, minimize, or distort the truth of pain. Sharing her experiences of ministering to those anguished by poverty and oppression, Thornton brings to light the external forces that contribute both directly and indirectly to human brokenness. And through these same stories and the work of a faith community modeling alternative practices in pastoral care, she shows us that there is hope for healing.
