Real Thing Truth And Power At The Coca Cola Company:

The Real Thing Constance L. Hays, 2005 A definitive history of Coca Cola the world's best known brand by a New York Times reporter who has followed the company and who brings fresh insights to the world of Coke telling a larger story about American business and culture

The Coke Machine Michael Blanding, 2011-09-06 The Coke Machine takes readers deep inside the Coca Cola Company and its international franchisees to reveal how they became the number one brand in the world and just how far they'll go to stay there Ever since its I'd like to teach the world to sing commercials from the 1970s Coca Cola has billed itself as the world's beverage uniting all colors and cultures in a mutual love of its caramel sweet sugar water The formula has worked incredibly well making it one of the most profitable companies on the planet and Coca Cola the world's second most recognized word after hello However as the company expands its reach into both domestic and foreign markets an increasing number of the world's citizens are finding the taste of Coke more bitter than sweet Journalist Michael Blanding's The Coke Machine probes shocking accusations about the company's global impact including Coca Cola's history of winning at any cost even if it meant that its franchisees were making deals with the Nazis and Guatemalan paramilitary squads How Coke has harmed children's health and contributed to an obesity epidemic through exclusive soda contracts in schools The horrific environmental impact of Coke bottling plants in India and Mexico where water supplies have been decimated while toxic pollution has escalated That Coke bottlers stand accused of conspiring with paramilitaries to threaten kidnap and murder union leaders in their bottling plants in Colombia A disturbing portrait drawn from an award winning journalist's daring in depth research The Coke Machine is the first comprehensive probe of the company and its secret formula for greed COKE is a registered trademark of The Coca Cola Company This book is not authorized by or endorsed by The Coca Cola Company

Finding Wisdom In Brand Tragedies: Managing Threats To Brand Equity Robert J Thomas, 2023-05-24 Brands and branding have deep historical roots Almost anything or anyone can be branded with a name or mark for commercial or other purposes The act of branding initiates activities in a brand ecosystem among people and organizations who have a vested interest in the brand's value Unfortunately a brand may experience a tragedy that can put its value and equity at risk Pundits will often conclude there is a primary reason for a specific brand's tragedy however studying the situation more deeply can reveal tragic flaws in response to brand challenging experiences that enhance managerial wisdom The purpose of the book is to examine the backstories of a selection of relatively well known brands that have experienced a tragedy The objective is to inform how and why some brands survived and some did not Doing so may help leaders and managers of current brands avoid the miscues that lead to brand tragedies and possibly revive a brand when tragedy strikes It is a book for those who need to improve their understanding of the vital importance of a brand for organizational success and who want to build and manage their brands to continuously improve value for customers employees shareholders and the well being of society While there will be no one right approach or silver bullet to avert or ameliorate a specific tragedy the better prepared leaders and managers are for a brand tragedy the greater the likelihood of avoiding one and realizing an expedient and constructive outcome when one occurs
