International Finance: Theory and Policy in Africa Daniel Gbetnkom, 2012-01-26 It is now well known that there are close links between financial sector development and economic growth and in turn between economic growth and poverty reduction A well functioning financial sector that allocates finance to the best opportunities can contribute to a more diverse economy and a more equal society rewarding entrepreneurial newcomers and challenging an entrenched and sometimes corrupt economic and political status quo However at first glance the international finance theory and policies would seem to have little relevance for Africa as there were built up in response to developments that took place far from Africa and whose direct impact on Africa was limited Nonetheless key components of the international finance functioning are very relevant for Africa The ongoing global financial and economic crises that are shaking the world have come as a stark reminder that African countries have a direct interest in global financial stability even though they may not be the main actors In this line economic fundamentals sound national macroeconomic and structural policies and a sound and properly regulated financial system are as critical as ever in Africa This volume explores the application of the basic theory and the policies of international financial transactions in Africa It contains six chapters on conceptual and policy oriented issues Analyses raise important questions and offers favorable counter arguments to the application of international finance theory after bringing to focus the relevance of certain themes in Africa's inter state and intrastate policies

The Challenges of Democratic Governance in Nigeria's Fourth Republic Stanley Naribo Ngoa, Farooq A. Kperogi, Eghosa E. Osaghae, 2024-10-14 This book is a collection of scholarly essays from some of Nigeria's most notable social science scholars on the character contours and peculiarities of democratic practices in Nigeria's fourth attempt at constitutional rule after years of brutally absolutist military regimes The Fourth Republic began in 1999 and continues to this day It is coterminous with the restoration of constitutional rule after 16 years of sustained military rule which represents the longest stretch of democratic self rule since Nigeria won independence from British colonialism in 1960 The chapters in this book contain scholarly insights into the pitfalls of governance institutional dysfunctions and foundational woes that continue to threaten the vitality of the Fourth Republic Contributors to the book offer critical theoretical lenses to gaze at the decline in democratic citizenship weakening of faith in the promises of democracy loss of critical media engagement with the state and deterioration of the socio political fortunes of the state in Nigeria

Planning for Human Systems Jean-Marc Choukroun, Roberta M. Snow, 2015-10-01 Russell Lincoln Ackoff is a recognized authority in the field of operations research and systems theory This volume is divided into four major sections The first deals with Ackoff's intellectual roots in the American pragmatic tradition The second section demonstrates how systems thinkers have incorporated Ackoff's ideas in their own work The third section shows the influence of Ackoff's thinking on decision making and problem solving while the final section offers a reassessment of current approaches to

systems planning on the national level In addition the editors have provided a general introduction as well as introductions to each of the five sections Planning for Human Systems will be of interest to students and scholars of operations research and systems theory Contributors Michel Chevalier C West Churchman Thomas A Cowan Eric Trist Ian I Mitroff Stafford Beer and Ignacy Sachs Knowledge and Incentives in Policy Stefanie Haeffele, 2018-06-04 The relative effectiveness of various institutions such as the market or government is based on the ability for individuals to access and use dispersed knowledge in society and the incentives that steer their actions Market process theory emphasizes the effectiveness of the price system to consolidate and transmit knowledge in the marketplace Together this framework provides new insights on the capability of individuals to cooperate and improve society and the limits to government interventions in society The original research in each chapter uses this economic way of thinking to analyze a variety of public policy issues examining the incentives responsible for and the factors that contribute to the creation and effectiveness of the policies These chapters authored by public policy practitioners and researchers tackle such pressing issues as public education the process for approving medical devices tax policy and land use regulation **Hunger and Public Action** Jean Drèze, Amartya Sen, 1989 This book analyses the role of public action in solving the problem of hunger in the modern world and is divided into four parts Hunger in the modern world Famines Undernutrition and deprivation and Hunger and public action **The Political Economy of Economic Growth in Africa, 1960-2000: Volume 1** Benno J. Ndulu, Stephen A. O'Connell, Robert H. Bates, Paul Collier, Chukwuma C. Soludo, 2009-04-30 The period from 1960 to 2000 was one of remarkable growth and transformation in the world economy Why did most of Sub Saharan Africa fail to develop over this period Why did a few small African economies succeed spectacularly The Political Economy of Economic Growth in Africa 1960 2000 is by far the most ambitious and comprehensive assessment of Africa s post independence economic performance to date Volume 1 examines the impact of resource wealth and geographical remoteness on Africa s growth and develops a new dataset of governance regimes covering all of Sub Saharan Africa Separate chapters analyze the dominant patterns of governance observed over the period and their impact on growth the ideological formation of the political elite the roots of political violence and reform and the lessons of the 1960 2000 period for contemporary growth strategy
