

The patient–doctor relationship: a synthesis of the qualitative literature on patients' perspectives

Matthew Ridd, Alison Shaw, Glyn Lewis and Chris Salisbury

ABSTRACT

Background

The patient–doctor relationship is an important but poorly defined topic. In order to comprehensively assess its significance for patient care, a clearer understanding of the concept is required.

Aim

To derive a conceptual framework of the factors that define patient–doctor relationships from the perspective of patients.

Design of study

Systematic review and thematic synthesis of qualitative studies.

Method

Medline, EMBASE, PsycINFO and Web of Science databases were searched. Studies were screened for relevance and appraised for quality. The findings were synthesised using a thematic approach.

Results

From 1985 abstracts, 11 studies from four countries were included in the final synthesis. They examined the patient–doctor relationship generally ($n = 3$), or in terms of loyalty ($n = 3$), personal care ($n = 2$), trust ($n = 2$), and continuity ($n = 1$). Longitudinal care (seeing the same doctor) and consultation experiences (patients' encounters with the doctor) were found to be the main processes by which patient–doctor relationships are promoted. The resulting depth of patient–doctor relationship comprises four main elements: knowledge, trust, loyalty, and regard. These elements have doctor and patient aspects to them, which may be reciprocally related.

Conclusion

A framework is proposed that distinguishes between dynamic factors that develop or maintain the relationship, and characteristics that constitute an ongoing depth of relationship. Having identified the different elements involved, future research should examine for associations between longitudinal care, consultation experiences, and depth of patient–doctor relationship, and, in turn, their significance for patient care.

Keywords

communication; continuity of patient care; physician–patient relations; qualitative research.

INTRODUCTION

The patient–doctor relationship is an important concept in health care, especially primary care. However, it is also a complex topic that means different things to different people. As a consequence of this, research in the area has been somewhat fragmented.

Many studies have investigated it in terms of the communication and interpersonal skills of the doctor.^{1–4} Another major facet is continuity of patient care, where the relational aspect is referred to as interpersonal continuity.^{5–7} More recently there has been interest in examining the characteristics of the ongoing relationship itself, such as trust.⁸ The patient–doctor relationship can be seen as a specialised form of human relationship, and work in other disciplines has distinguished between the dynamic interactive aspects of relationships and the mental associations made by people 'in' relationships, which are 'historically derived representations of experience'.⁹ All of these elements are thought to be important, but in the absence of a conceptual framework that can be applied to patient–doctor relationships, we are unlikely to establish the significance of the different parts and how they affect patient care.

M Ridd, MRCPGP, MRC clinical research fellow; A Shaw, PhD, senior lecturer in primary health care research; C Salisbury, FRCPGP, professor of primary health care, Academic Unit of Primary Health Care; G Lewis, FRPsych, professor of psychiatric epidemiology, Academic Unit of Psychiatry, Department of Community Based Medicine, University of Bristol, Bristol.

Reasonable Care Legal Perspectives On The Doctor Patient Relationship

Ashish Kumar Rai

Reasonable Care Legal Perspectives On The Doctor Patient Relationship:

Reasonable Care Harvey Teff, 1994 Though more and more medical disputes are reaching the courts English law still reflects the fundamental belief that doctors should be allowed to set their own standards Criticism of this situation as of medical paternalism itself centres on the denial of patients rights The interest that patients have in their well being should not however be expressed exclusively through the assertion of rights Though patients increasingly wish to be involved in decisions about their treatment unqualified self determination and moves toward contractualism in the restructured NHS may prove detrimental to patient welfare A collaborative approach to medical care can offer distinctive therapeutic advantages as well as due respect for patient autonomy In the key legal area of liability for negligence it would be consistent with legal principle and with developments in other jurisdictions to accord less weight to customary practice and more to patients reasonable expectations This book offers a sustained treatment of these issues primarily as they arise in the hospital setting but also within the context of a wide range of diverse therapies As such it provides a unique analysis of the central areas of medical law written in a fashion which will appeal to anyone with an interest in medicine health care and the law

Medical Law: Text, Cases, and Materials Emily Jackson, 2013-08-15 Providing a clear and accessible guide to medical law this work contains extracts from a wide variety of academic materials so that students can acquire a good understanding of a range of different perspectives

Complaints, Controversies and Grievances in Medicine Jonathan Reinartz, Rebecca Wynter, 2014-12-17 Recent studies into the experiences and failures of health care services along with the rapid development of patient advocacy consumerism and pressure groups have led historians and social scientists to engage with the issue of the medical complaint As expressions of dissatisfaction disquiet and failings in service provision past complaining is a vital antidote to progressive histories of health care This book explores what has happened historically when medicine generated complaints This multidisciplinary collection comprises contributions from leading international scholars and uses new research to develop a sophisticated understanding of the development of medicine and the role of complaints and complaining in this story It addresses how each aspect of the medical complaint between sciences professions practitioners and sectors within politics ethics and regulatory bodies from interested parties and patients has manifested in modern medicine and how it has been defined dealt with and resolved A critical and interdisciplinary humanities and social science perspective grounded in historical case studies of medicine and bioethics this volume provides the first major and comprehensive historical comparative and policy based examination of the area It will be of interest to historians sociologists legal specialists and ethicists interested in medicine as well as those involved in healthcare policy practice and management

Inspiring a Medico-Legal Revolution Pamela R. Ferguson, Graeme T. Laurie, 2016-03-09 This book marks the retirement of Professor Sheila McLean whose contribution to the discipline of medical law has been truly ground breaking As one of the pioneers of the discipline Sheila McLean inspired a revolution in the ways in which lawyers doctors courts and patients

perceive the relationship between medicine and the law The first International Bar Association Professor of Law and Ethics in Medicine she has worked tirelessly to champion the importance of law's role in regulating medicine and protecting patients' rights The span in content of this book reflects the range of contributions that Professor McLean has herself made Her work gave direction and shape to a new field of study at a time when few questioned the authority of medicine or thought much about the plight of the patient This collection brings together 21 leading scholars in healthcare law and ethics to honour the depth and significance of her contribution Including authors from the US Australia Canada and New Zealand the contributions cover areas as diverse as start and end of life reproductive rights and termination of pregnancy autonomy of patients the protection of vulnerable patient groups and the challenges posed by new technologies *Autonomy, Consent and the Law* Sheila A.M. McLean, 2009-09-10 The notion that consent based on the concept of autonomy underpins a good or beneficent medical intervention is deeply rooted in the jurisprudence of most countries throughout the world *Autonomy, Consent and the Law* examines these notions in the UK Australia and the US and critiques the way in which autonomy and consent are treated in bioethics and law The Impact of European Rights on National Legal Cultures Miriam Aziz, 2004-07-01 This book contributes to the debate about the impact of European Community Law on the national constitutional orders and cultures of the respective Member States The author examines the doctrine of sovereignty as a mechanism within which this impact may be best assessed and in particular how it underwrites the tension between European Union rights and the rights provided by the respective legal orders of the Member States In particular the book focuses on political social and civil rights drawing from T H Marshall's typology In endorsing an appropriate analytical framework the book challenges both existing law and secondary literature in order to argue that the terminology the concepts and the tools which are used to assess the impact of the EC law on the national constitutional orders are to be selected with great care This is particularly apposite given the complexity of constitutional diversity in terms of national constitutions and their reception of EC law It is also important because of the variety of approaches involved in the constitutional adjustment of the *acquis* of the Union within the context of the increasing drive to constitutionalisation of the Union on the one hand and enlargement on the other Medicine, Ethics and the Law in Ireland Deirdre Madden, 2011-01-01 Written by one of Ireland's leading medical law academics this practical book comprehensively covers Irish case law and regulations regarding the healthcare system the law relating to human reproduction and the key issues of consent and treatment Designed to be used by lawyers and healthcare professionals the book provides an invaluable reference tool for anybody who requires accurate information and guidance on this area of Irish law This second edition covers medical research and clinical trials organ donation and transportation patient safety and biobanking **Medical Negligence in Victorian Britain** Kim Price, 2015-02-26 *Medical Negligence in Victorian Britain* is the first detailed exploration of the hundreds of charges of neglect against doctors who were contracted to the new poor law after the Poor

Law Amendment Act of 1834 The author moves beyond the hyperbole of Victorian public scandal to use medical negligence as a prism through which to view hidden aspects of poor law doctors and their patients This provides a uniquely grounded perspective from the day to day experience of medical practice for both doctor and patient to the context of the medico political socio legal and cultural processes that underpinned the social construction of negligence at this time The result is a clearly enunciated description of what negligence meant to the Victorians and how they sought to define and deal with negligent care moving the topic from the sidelines of English welfare history to the centre stage role it played in Victorian society Thematically and chronologically arranged in two parts the book uses extensive new archival material with a particular focus on the official inquiries into neglect conducted by poor law inspectors It offers a fresh perspective on the poor laws that has repercussions for wider histories of welfare medicine and legal medicine

Issues in Human Rights Protection of Intellectually Disabled Persons Andreas Dimopoulos,2016-05-06 This book develops a legal argument as to how persons with intellectual disability can flourish in a liberal setting through the exercise of human rights even though they are perceived as non autonomous Using Ronald Dworkin s theory of liberal equality it argues that ethical individualism can be modified to accommodate persons with intellectual disability as equals in liberal theory Current legal practices the case law of the ECtHR on disability the provisions of the UNCRPD and a comparative analysis of English and German law are discussed as well as suggestions for positive measures for persons with intellectual disability The book will interest academics human rights activists and legal practitioners in the field of disability rights

The Impact of Ideas on Legal Development Michael Lobban,Julia Moses,2014-07-31 How have social and philosophical ideas influenced the development of tort law in Europe

Medicine, patients and the law Emma Cave,Margaret Brazier,Rob Heywood,2023-06-06 Embryo research cloning assisted conception neonatal care pandemic vaccine development saviour siblings organ transplants drug trials modern developments have transformed the field of medicine almost beyond recognition in recent decades and the law struggles to keep up In this highly acclaimed and very accessible book Margaret Brazier Emma Cave and Rob Heywood provide an incisive survey of the legal situation in areas as diverse as fertility treatment patient consent assisted dying malpractice and medical privacy The seventh edition of this book has been fully revised and updated to cover the latest cases Brexit related regulatory reform and COVID 19 pandemic measures Essential reading for healthcare professionals lecturers medical and law students this book is of relevance to all whose perusal of the daily news causes wonder hope and consternation at the advances and limitations of medicine patients and the law

Health Law Anne-Maree Farrell,John Devereux,Isabel Karpin,Penelope Weller,2017-05 Health Law Frameworks and Context adopts a theoretically informed and principles based approach to examining health law Appealing to students and academic scholars alike the text moves beyond traditional medical law frameworks to provide a broader contextual understanding of the way in which law intersects with health

Law and Ethics in Nursing and Health Care Judith Hendrick,2000 Provides an overview of the British legal

and ethical issues that nurses and other health professionals come across Hendrick Oxford Brookes U discusses the relationship between law and ethics and how at times they overlap or diverge Chapters include case studies theoretical discussion possible outcomes and a summary of how the legal and ethical approaches compare They also examine the patient client relationship confidentiality consent responsibility and accountability as well as the relationship between the law codes of practice and health care circulars The book includes guidelines from professional bodies Distributed in the US by ISBS c Book News Inc

Disputing Doctors Mulcahy, 2003-08-01 What are patient experiences of making complaints against doctors and what do they seek to achieve How do doctors and managers respond to complaints and what do their responses reveal about the implicit tensions in the doctor patient relationship What is the significance of the increasing incidence of disputes for approaches to the delivery of medical care This book looks at the dynamics of doctor patient disputes Reflecting on fifteen years of empirical research in the NHS it considers the contexts in which these disputes arise the different ways in which the parties construct disputing narratives and moral identities in the course of making and defending their claims and the extent to which existing systems for resolving disputes are sensitive to their needs This publication is timely Since the 1970s there has been an increasing amount of concern about the rise in complaints and medical negligence claims made by patients and their relatives Based on research with patients relatives doctors and NHS managers the book analyses how they perceive these disputes and what they seek to achieve by holding each other to account Disputing Doctors is valuable reading for all students researchers and academics working in the fields of the sociology of health and illness socio legal studies law and medicine medical sociology nursing and health policy

[Handbook on Legal Contemporary Issues in India](#) Ashish Kumar Rai, 2022-11-15 Since the professed idea of this book is to provide an opportunity for the Law Students Academicians and Advocates to publish their handpieces in a book of compiled chapters The chapters are collected under the event Call for Chapters which was organized by The Advocates League The Handbook on Legal Contemporary Issues in India will guide students throughout their educational endeavors and support the development of the educational system It will include the pertinent topics in the contemporary legal and social issues that will be helpful for law students as well as those who are beginning their careers in the legal field to have a clear and fundamental understanding of the issues happening in the country This book is also beneficial for researchers academicians and reviewers and supportive for legal institutions as well as organizations This book expresses the diversified views of the various Authors and Co Authors gives it a special touch and provides the opportunity for the reader to explore different opinions and ideas This framework of the book makes it unique and distinguishes it from other books This book is an outcome of the diligent editing work of Ms Tripti Bhushan Ma am This book contains a lucid exposition of essays articles studies research and analysis that discuss a variety of themes such as Indian judiciary Constitutional Laws Civil and Criminal Laws Intellectual Property Laws Cyber Laws International Laws Data Privacy and Security Consumer Laws Women and Child Laws Money Laundering Media Laws and so on

Hayes and

Williams' Family Law Mary Hayes, Stephen Gilmore, Lisa Glennon, 2012-08-23 Rev ed of Family law principles policy and practice 2nd ed c1999

Simester and Sullivan's Criminal Law J J Child, A P Simester, J R Spencer, F Stark, G J Virgo, 2022-09-15 undoubtedly a first rate companion for any undergraduate or post graduate law course John Taggart Criminal Law Review This outstanding account of modern English criminal law combines detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings Primarily it is written for undergraduate students of criminal law covering all subjects taught at undergraduate level The book s philosophical approach ensures students have a deeper understanding of the law that goes beyond a purely doctrinal knowledge As a result over its numerous editions it has become required reading for many criminal law courses The 8th edition covers all statutory law including the Assaults on Emergency Workers Act 2018 and Domestic Abuse Act s 71 Case law discussions now cover Grant complicity Barton dishonesty Broughton Field Kuddus and Rebelo homicide and AG s Ref No 1 of 2020 sexual offences

Revisiting Landmark Cases in Medical Law Shaun D. Pattinson, 2018-09-27 Is it lawful for a doctor to give a patient life shortening pain relief Can treatment be lawfully provided to a child under 16 on the basis of her consent alone Is it lawful to remove food and water provided by tube to a patient in a vegetative state Is a woman s refusal of a caesarean section recommended for the benefit of the fetus legally decisive These questions were central to the four focal cases revisited in this book This book revisits nine landmark cases For each a new leading judgment is attributed to an imagined judge Athena who operates within the constraints of the legal system of England and Wales Her judgments accord with an innovative legal theory referred to as modified law as integrity and are linked as a line of precedent The result is a re spinning of extant judicial threads into a web of legal principles with a greater claim to coherence and defensibility than those in the original cases The book will be of great interest to scholars and students of medical law criminal law bioethics legal theory and moral philosophy

Delict Francis McManus, 2012-01-06 e Recognising the multi faceted nature of this Scots law Francis McManus and Eleanor Russell have produced this all encompassing guide to delict With numerous case studies and questions for discussion after each chapter this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice The Scots law of delict encompasses a vast array of legal sources and contradictions Many elements are modern and highly developed while others remain ancient and obscure The majority of delictual principles are case law driven yet increasingly legislation plays a part Further although the concept of delict is limited to the Scottish jurisdiction private international law cannot be ignored e

The Mother of All Crimes Emma Cave, 2018-01-18 This book considers the appropriate response of the criminal law with regard to women whose acts or omissions in pregnancy cause the death or injury of the child born alive It compares recent developments in English law in the light of the Human Rights Act 1998 with those in America which has seen an enormous growth in litigation over the last two decades In England and Wales the born alive rule is currently applied only to third parties who injure the fetus which is

later born alive and dies as a result of these injuries In some American states a rule of similar origins has been extended so as to criminalize recent mothers whose acts or omissions in pregnancy caused injury or death to the resulting child The author examines the implications of the laws in both systems and also looks at the rights of the mother and child in relation to the obligations of the state to protect both of them

Thank you definitely much for downloading **Reasonable Care Legal Perspectives On The Doctor Patient Relationship**. Maybe you have knowledge that, people have look numerous times for their favorite books considering this Reasonable Care Legal Perspectives On The Doctor Patient Relationship, but stop stirring in harmful downloads.

Rather than enjoying a good ebook considering a mug of coffee in the afternoon, otherwise they juggled subsequent to some harmful virus inside their computer. **Reasonable Care Legal Perspectives On The Doctor Patient Relationship** is comprehensible in our digital library an online access to it is set as public hence you can download it instantly. Our digital library saves in complex countries, allowing you to acquire the most less latency era to download any of our books in the same way as this one. Merely said, the Reasonable Care Legal Perspectives On The Doctor Patient Relationship is universally compatible afterward any devices to read.

Reasonable Care Legal Perspectives On The Doctor Patient Relationship Introduction

In today's digital age, the availability of Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reasonable Care Legal Perspectives On The Doctor Patient Relationship versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and

downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reasonable Care Legal Perspectives On The Doctor Patient Relationship books and manuals for download and embark on your journey of knowledge?

FAQs About Reasonable Care Legal Perspectives On The Doctor Patient Relationship Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reasonable Care Legal Perspectives

On The Doctor Patient Relationship is one of the best book in our library for free trial. We provide copy of Reasonable Care Legal Perspectives On The Doctor Patient Relationship in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reasonable Care Legal Perspectives On The Doctor Patient Relationship. Where to download Reasonable Care Legal Perspectives On The Doctor Patient Relationship online for free? Are you looking for Reasonable Care Legal Perspectives On The Doctor Patient Relationship PDF? This is definitely going to save you time and cash in something you should think about.
