Rebel With A Just Cause:

Политическо Пътешествие Срещу Ветровете На XX Век Спас Тодоров Райкин, 2001 **Balthazaris Ayala... De jure et officiis bellicis et disciplina militai lib** Baltasar Ayala, 1912 Just and Unjust Wars in Shakespeare Franziska Quabeck, 2013-03-22 The concept of the just war poses one of the most important ethical questions to date Can war ever be justified and if so how When is a cause of war proportional to its costs and who must be held responsible The monograph Just and Unjust Wars in Shakespeare demonstrates that the necessary moral evaluation of these questions is not restricted to the philosophical moral and political discourse This analysis of Shakespeare s plays which focuses on the histories tragedies and Roman plays in chronological order brings to light that the drama includes an elaborate and complex debate of the ethical issues of warfare The plays that feature in this analysis range from Henry VI to Coriolanus and they are analysed according to the three Aquinian principles of legitimate authority just cause and right intention Also extending the principles of analysis to more modern notions of responsibility proportionality and the jus in bello presupposition this monograph shows that just war theory constitutes a dominant theoretical approach to war in the Shakespearean canon *Balthazaris Ayala... De Jure Et Officiis Bellicis Et Disciplina Militari Libri III.* Balthazar Ayala, 1912 Balthazaris Ayala Balthazar Ayala, 1912

Balthazaris Ayala I.c. Et Exercitus Regii Apud Belgas Supremi Juridici De Jure Et Officiis Bellicis Et Disciplina Militari Libri III: Reproduction of the first edition, with introduction by John Westlake Balthazar Ayala, 1582 The American Rebellion. Letters on the American Rebellion. 1860 to 1865, Etc Samuel A. Goddard, 1870 For Faith and Freedom Walter Besant, 1889 **Islamic Law and International Human Rights Law** Mark Ellis, Anver M. Emon, Benjamin Glahn, 2012-10-11 Deepening the discussion of the relationship between Islamic law and human rights this volume gathers leading experts in both fields to examine how each system protects and limits fundamental freedoms From gender equality to freedom of religion the book explores the main flashpoints in the debate examining the operation of the law in context

Letters on the American Rebellion Samuel Aspinwall Goddard, 1870 **Understanding The Anatomy of Evil** William Nitardy, 2016-04-14 The book examines the anatomy of evil in the realm of ideological and philosophical beliefs This includes politics culture religion science and law It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar Although the author uses many scriptural verses to support the book s thesis it does not simply rely on scripture but relies on probability science and rationale to draw conclusions while showing consistency with and support of scripture Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity he is very critical of denominational Christianity and other religions including pseudo science and other religions that masquerade as secular entities He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive Those false foundations justify and support

many evils that have been and are being promoted in America The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return The book addresses the current political situation and the upcoming presidential election The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence Although this book should connect well with Christians it is hoped that the rational approach taken would attract atheists agnostics and skeptics as well as pastors and religious leaders Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contaminated soil that prevents the gospel seeds from germinating

The Ethics of Special Ops Deane-Peter Baker,Roger Herbert,David Whetham,2023-11-30 The field of military ethics has generally been attentive to emerging trends in modern warfare Cyber robotics and AI for example have inspired an abundant and flourishing literature One trend however has been largely overlooked the emergence of special operations as a prominent instrument of statecraft Drawing extensively on historical cases and first hand experience the authors of this book call attention to qualities inherent in special operations and special operators that challenge the moral framework which has long informed conventional military operations Moral theorists will find this analysis provocative while practitioners those who conduct or oversee special operations and have an interest in the moral wellbeing of special operators can put the authors insights to practical use Those who simply view with fascination the opaque world of special
