**Quill & Quire** , 2004

[Susan Glaspell's Poetics and Politics of Rebellion](#) Emeline Jouve, 2017-07-01 A pioneer of American modern drama and founding member of the Provincetown Players Susan Glaspell 1876 1948 wrote plays of a kind that Robert Brustein defines as a drama of revolt an expression of the dramatists discontent with the prevailing social political and artistic order Her works display her determination to put an end to the alienating norms that in her eyes

and those of her bohemian peers were stifling American society This determination both to denounce infringements on individual rights and to reform American life through the theatre shapes the political dimension of her drama of revolt Analyzing plays from the early *Trifles* 1916 through *Springs Eternal* 1943 and the undated incomplete *Wings* author Emeline Jouve illustrates the way that Glaspell's dramas addressed issues of sexism the impact of World War I on American values and the relationship between individuals and their communities among other concerns Jouve argues that Glaspell turns the playhouse into a courthouse putting the hypocrisy of American democracy on trial In staging rebels fighting for their rights in fictional worlds that reflect her audience's extradiegetic reality she explores the strategies available to individuals to free themselves from oppression Her works envisage a better future for both her fictive insurgents and her spectators whom she encourages to consider which modes of revolt are appropriate and effective for improving the society they live in The playwright defines social reform in terms of collaboration which she views as an alternative to the dominant alienating social and political structures Not simply accusing but proposing solutions in her plays she wrote dramas that enacted a positive revolt A must for students of Glaspell and her contemporaries as well as scholars of American theatre and literature of the first half of the twentieth century

*Rebel Leaders* River Stone, AI, 2025-03-21 *Rebel Leaders* examines the lives and legacies of those who challenged established power exploring the motivations and strategies behind historical rebellions By analyzing figures from diverse backgrounds the book provides insights into the dynamics of power resistance and social change It highlights the ethical dilemmas inherent in revolutionary movements and the long term consequences of challenging authority One intriguing fact is that while rebel leaders often possess charisma and strategic thinking their success hinges on adaptability and broad based support The book takes a comparative approach drawing parallels and contrasts between leaders from different eras and cultures Beginning with a framework for understanding rebellion and key themes like propaganda and violence it progresses through case studies analyzing leadership styles and the conditions enabling their rise It then culminates with an assessment of their contributions to political thought and social reform This book is valuable for students of history political science and general readers interested in understanding power dynamics

**The Rebel and the Kingdom** Bradley Hope, 2022-11-01 How did an Ivy League activist become a global fugitive The New York Times bestselling co author of *Billion Dollar Whale* and *Blood and Oil* chronicles the heart pounding tale of a self taught operative his high stakes attempt subvert the North Korean regime Propulsive Hope's account is both deeply reported and novelistic Ed Caesar contributing staff writer for *The New Yorker* author of *The Moth and the Mountain* In the early 2000s Adrian Hong was a soft spoken Yale undergraduate looking for his place in the world After reading a harrowing account of life inside North Korea he realized he had found a cause so pressing that he was ready to devote his life to it What began as a trip down the safe and well worn path of organizing soon morphed into something more dangerous Hong journeyed to China outwitting Chinese security services as he helped asylum seeking North Koreans escape across the

border Meanwhile Hong's secret organization Cheollima Civil Defense later renamed Free Joseon began tracking the North Korean government's activities and its volatile third generation ruler Kim Jong un Free Joseon targeted North Korean diplomats who might be persuaded to defect while drawing up plans for a government in exile After the shocking broad daylight assassination in 2017 of Kim Jong nam the dictator's older brother Hong along with U S Marine veteran Christopher Ahn helped ferry Kim Jong nam's family to safety Then Hong took the group a step further He initiated a series of high stakes direct actions culminating in an armed raid at the North Korean embassy in Madrid an act that would put Ahn behind bars and turn Hong into one of the world's most unlikely fugitives In the tradition of Jon Krakauer's *Into the Wild* *The Rebel and the Kingdom* is an exhilarating account of a man who turns his back on the status quo to instead live boldly by his principles Acclaimed journalist and bestselling author Bradley Hope who broke numerous details of Hong's operations in *The Wall Street Journal* now reveals the full contours of this remarkable story of idealism and insanity hubris and heroism all set within the secret battle for the future of the world's most mysterious and unsettling nation *The Critic*, 1884 *The Critic & Good Literature*, 1884 **Critic and Good Literature** Jeannette Leonard Gilder, Joseph Benson Gilder, 1884 **Fanny's First Novel** Frank Frankfort Moore, 2020-08-06 Reproduction of the original Fanny's First Novel by Frank Frankfort Moore **Journal of Education**, 1884 **Good Literature**, 1883 *The Future of Difference* Sabine Hark, Paula-Irene Villa, 2020-06-09 How feminism is used to attack immigration in Europe In recent years opponents of political correctness have surged to prominence from both left and right shaping a discourse in which perpetrators are defiantly imagined as Muslim refugees i.e. outsiders others while victims are identified as our women This poisonous and regressive situation grounds Hark and Villa's theorisation of contemporary regimes of power as engaged primarily in the violent production of difference In this moment they argue the logic of differentiate and rule thoroughly permeates the social our entire way of life is premised on endless subtle hierarchical distinctions which determine whole populations attitudes feelings and actions How can learn to value difference sabotaging all attempts to enlist difference in the service of domination Hark and Villa make a compelling case for the urgent necessity for a detoxification of feminism as a matter of urgency and for an ethical mode of living with the world that is living with alterity **Spy Fiction, Spy Films and Real Intelligence** Wesley K. Wark, 2013-09-13 This book won the Canadian Crime Writers Arthur Ellis Award for the Best Genre Criticism Reference book of 1991 This collection of essays is an attempt to explore the history of spy fiction and spy films and investigate the significance of the ideas they contain The volume offers new insights into the development and symbolism of British spy fiction **Littell's Living Age**, 1880 [The Saturday Evening Post](#), 1922 SCC Library has 1974 89 plus scattered issues **The Living Age**, 1880
