Rebel Pity Eddie Roux, Edward Roux, Win Roux, 1970 **Rebel Pity** Edward Roux, Winifred Mary Roux, 1970 **The Return of Nature** John Bellamy Foster, 2020-06-16 Winner 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago John Bellamy Foster's Marx's Ecology Materialism and Nature introduced a new understanding of Karl Marx's revolutionary ecological materialism More than simply a study of Marx it commenced an intellectual and social history encompassing thinkers from Epicurus to Darwin who developed materialist and ecological ideas Now with The Return of Nature Socialism and Ecology Foster continues this narrative In so doing he uncovers a long history of the efforts to unite questions of social justice and environmental sustainability and helps us comprehend and counter today's unprecedented planetary emergencies The Return of Nature begins with the deaths of Darwin 1882 and Marx 1883 and moves on until the rise of the ecological age in the 1960s and 1970s Foster explores how socialist analysts and materialist scientists of various stamps first in Britain then the United States from William Morris and Frederick Engels to Joseph Needham Rachel Carson and Stephen J Gould sought to develop a dialectical naturalism rooted in a critique of capitalism In the process he delivers a far reaching and fascinating reinterpretation of the radical and socialist origins of ecology Ultimately what this book asks for is nothing short of revolution a long ecological revolution aimed at making peace with the planet while meeting collective human needs **The Making of an African Communist: Edwin Thabo Mofutsanyana** Robert Edgar, 2024-12-02 This book is a short biography of the life of Edwin Thabo Mofutsanyana the General Secretary of the Communist Party of South Africa Set against the backdrop of political crisis in South Africa the subject matter in this book discusses Mofutsanyana's political endeavors and his service and contribution to the freedom struggle Print editions not for sale in Sub Saharan Africa This book is part of Routledge's co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges *The Communist International, Anti-Imperialism and Racial Equality in British Dominions* Oleksa Drachewych, 2018-12-07 This book analyzes the stance of international communism towards nationality anti colonialism and racial equality as defined by the Communist International Comintern during the interwar period Central to the volume is a comparative analysis of the communist parties of three British dominions South Africa Canada and Australia demonstrating how each party attempted to follow Moscow's lead and how each party produced its own attempts to deal with these issues locally while considering the limits of their own agency within the movement at large **South Africa's Alternative Press** Les Switzer, 1997-02-13 Collection of essays on the South African alternative press from the 1880s to the 1960s **The Origins of Non-Racialism** David Everatt, 2009-06-01 How did South Africa embrace non racialism After centuries of white domination and decades of increasingly savage repression freedom came to South Africa far later than elsewhere in the continent and yet was marked by a commitment to

non racialism Nelson Mandela's Cabinet and government were made up of women and men of all races and many spoke of the birth of a new Rainbow Nation How did this come about How did an African nationalist liberation movement resisting apartheid a universally denounced violent expression of white supremacy open its doors to other races and whites in particular And what did non racialism mean This is the real miracle of South Africa that at the height of white supremacy and repression black and white democrats in their different organisations coming from vastly different backgrounds and traditions agreed on one thing that the future for South Africa would be non racial

Discordant Comrades Allison Drew, 2019-07-12 This title was first published in 2000 This book considers the fortunes of socialism in South Africa from the doctrine's arrival around 1900 to its legal suppression in 1950 Socialism's universal claims had to come to terms with South Africa's singular national experience in which a racial ideology and a racial division of the working class played a far greater role than in any other country The left in South Africa had to deal with all the complexities of ideology and strategy that faced their counterparts in Europe and North America but in South Africa it was further vexed by challenges of profound racial and national inequalities and a white labour movement which sought protection through racial segregation Communism rather than Social Democracy prevailed hence the reverberations of the splits in the Communist International were far more debilitating in South Africa than anywhere else In the years after World War II African nationalism became the dominant influence on the South African left chiefly through the relationship between the ANC and the Communist Party **Discordant Comrades** draws on a wide range of primary sources from inside and outside South Africa including the archives of the Communist International in Moscow The result is a scholarly and challenging analysis of the South African left

Anarchism and Syndicalism in the Colonial and Postcolonial World, 1870-1940, 2010-11-11 Narratives of anarchist and syndicalist history during the era of the first globalization and imperialism 1870-1930 have overwhelmingly been constructed around a Western European tradition centered on discrete national cases This parochial perspective typically ignores transnational connections and the contemporaneous existence of large and influential libertarian movements in Africa Asia Latin America and Eastern Europe Yet anarchism and syndicalism from their very inception at the First International were conceived and developed as international movements By focusing on the neglected cases of the colonial and postcolonial world this volume underscores the worldwide dimension of these movements and their centrality in anti colonial and anti imperialist struggles Drawing on in depth historical analyses of the ideology structure and praxis of anarchism syndicalism it also provides fresh perspectives and lessons for those interested in understanding their resurgence today Contributors are Luigi Biondi Arif Dirlik Anthony Gorman Steven Hirsch Dongyoun Hwang Geoffroy de Laforcade Emmet O Connor Kirk Shaffer Aleksandr Shubin Edilene Toledo and Lucien van der Walt With a foreword by Benedict Anderson

The Communist Party in South Africa Mia Roth, 2016-01-20 Why is the history of communism in a country at the bottom of the African continent still important enough to warrant this book South Africa is one of the few countries in the world that still

has a strong communist party whose views are not only taken into account by the government but whose members hold important positions in both the cabinet and in government offices This is the first account of the history of the Communist Party of South Africa based on archival sources The initial accounts were written by party members and had very little to do with reality The months that Mia Roth spent in the newly opened Russian and South African Archives in 1998 and the number of years she spent in writing it revealed to her not only the racism in the South African party but also the role it played in destroying the ICU the only genuine African mass movement of that time Its depiction of the part played by African communists was only a facade
