Andrzej Paczkowski

Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993:

Rebellious Civil Society Grzegorz Ekiert, Jan Kubik, 2010-08-04 Poland is the only country in which popular protest and mass opposition epitomized by the Solidarity movement played a significant role in bringing down the communist regime This book the first comprehensive study of the politics of protest in postcommunist Central Europe shows that organized protests not only continued under the new regime but also had a powerful impact on Poland s democratic consolidation Following the collapse of communism in 1989 the countries of Eastern Europe embarked on the gargantuan project of restructuring their social political economic and cultural institutions The social cost of these transformations was high and citizens expressed their discontent in various ways Protest actions became common events particularly in Poland In order to explain why protest in Poland was so intense and so particularized Grzegorz Ekiert and Jan Kubik place the situation within a broad political economic and social context and test it against major theories of protest politics They conclude that in transitional polities where conventional political institutions such as parties or interest groups are underdeveloped organized collective protest becomes a legitimate and moderately effective strategy for conducting state society dialogue The authors offer an original and rich description of protest movements in Poland after the fall of communism as a basis for developing and testing their ideas They highlight the organized and moderate character of the protests and argue that the protests were not intended to reverse the change of 1989 but to protest specific policies of the government This book contributes to the literature on democratic consolidation on the institutionalization of state society relationship and on protest and social movements It will be of interest to political scientists sociologists historians and policy advisors Grzegorz Ekiert is Professor of Government Harvard University Jan Kubik is Associate Professor of Political Science Rutgers University *Building Democracy and Civil Society East of the Elbe* Sven Eliaeson, 2006-04-18 This book explores the idea of civil society and how it is being implemented in Eastern Europe The implosion of the Russian empire fifteen years ago and the new wave of democratization opened a new field of inquiry The wide ranging debate on the transition became focused on a conceptual battle the question of how to define civil society Because totalitarian systems shun self organization real existing civil society barely existed East of the Elbe and the emergence of civil society took unusually complex and puzzling forms which varied with national culture and reflected the deep historical past of these societies This insightful text relates the concept of civil society and developments in Eastern Europe to wider sociological theories and makes international comparisons where appropriate It discusses particular aspects of civil society and examines the difficulties of establishing civil society It concludes by assessing the problems and prospects for civil society in Eastern Europe going forward Civil Society Organizations, Unemployment, and Precarity in Europe Simone Baglioni, 2014-04-14 This book provides a Europe wide comparative analysis of the role of civil society organizations active in the field of unemployment and precarity It illustrates how crucial civil society organizations are for the inclusion of the young unemployed mainly in two ways by delivering services and by advocating

policy **Civil Society Before Democracy** Nancy Gina Bermeo, Philip G. Nord, 2000 Bringing together historians and political scientists this unique collaboration compares nineteenth century civil societies that failed to develop lasting democracies with civil societies that succeeded **Ethnic Struggle, Coexistence, and Democratization in Eastern Europe** Sherrill Stroschein, 2012-05-28 Argues that protest by ethnic Hungarians in Romania and Slovakia brought about policy changes and integrated Hungarian minorities into the democratic process **Civil Society in Central and Eastern Europe** Sabine, 2014-04-15 As well as promoting debates about liberal democracy the dramatic events of 1989 also brought forth a powerful revival in the interest of the notion of civil society This revival was reflected mainly in two broad tracts of literature The first was primarily focused on the events surrounding the Solidarity movement in Poland and the tumultuous events of 1980-81 The second was concerned with the Velvet Revolutions more broadly Following the events of 1989 there appeared a number of works sharing the common central argument that civil society played a key role in the overthrow of these Communist regimes in 1989 Challenging the centrally accepted wisdom that dissent in totalitarian regimes was representative of civil society Civil Society and Communism posits the argument that the totalitarian public sphere a new theoretical typology presents a more robust and rigorous way by which to understand dissent and opposition in totalitarian Czechoslovakia Poland and the GDR *Activism in Hard Times in Central and Eastern Europe* Patrice C. McMahon, Paula M. Pickering, Dorota Pietrzyk-Reeves, 2024-06-07 Activism in Hard Times in Central and Eastern Europe elevates the voices of civic activists from Central and Eastern Europe CEE and analyzes a wealth of information to generate new insights into how activism in the region manages to be vibrant diverse and consequential Because of these countries unique historical trajectory CEE activists have in important ways leapfrogged their counterparts in the West Giving special attention to activists in Bosnia and Herzegovina BiH Hungary Poland Russia and Ukraine the book focuses on responses to the recent hard times the shrinking of public space for civil society democratic backsliding polarization and Russia's war in Ukraine The contributors contend that CEE activists provide important lessons for others confronting similar challenges around the world The book is well suited for a variety of undergraduate and graduate courses such as comparative politics human rights global governance social movements Central and East European politics and contemporary world politics This timely and readable book co-created by academics and activists and written in a conversational tone will also be of interest to the interested public and practitioners The book encourages readers to think differently about the role of civil society and activism as well as about how new tools and polarizing dynamics affect activism in this region **Spring Will Be Ours** Andrzej Paczkowski, 2010-11-01 The Spring Will Be Ours focuses on the turbulent half century from the outbreak of World War II in 1939 which started the chain of events that would lead to the communist takeover of Poland to 1989 when futile attempts to reform the communist system gave way to its total transformation Andrzej Paczkowski shows how the communists captured and consolidated power describes their use of terror and propaganda and illuminates the changes that took place within the

governing elite He also documents the political opposition to the regime both inside Poland and abroad that resulted in upheavals in 1956 1968 1970 1976 and 1980 His narrative makes evident the pressures that the elite felt from above from Moscow and from below from the population and from within the party The history of Poland and the Poles is of special interest because on numerous occasions in the twentieth century this relatively small country influenced developments on a global scale

Austerity and Protest Marco Giugni, Maria Grasso, 2016-04-08 What is the relationship between economic crises and protest behaviour Does the experience of austerity or economic hardship more broadly defined create a greater potential for protest With protest movements and events such as the Indignados and the Occupy Movement receiving a great deal of attention in the media and in the popular imaginary in recent times this path breaking book offers a rigorously researched evidence based set of chapters on the relationship between austerity and protest In so doing it provides a thorough overview of different theories mechanisms patterns and trends which will contextualize more recent developments and provide a pivotal point of reference on the relationship between these two variables More specifically this book will speak to three crucial long standing debates in scholarship in political sociology social movement studies and related fields The effects of economic hardship on protest and social movements The role of grievances and opportunities in social movement theory The distinction between old and new movements The chapters in this book engage with these three key debates and challenge commonly held views of political sociologists and social movement scholars on all three counts thus allowing us to advance study in the field

From Dissent to Democracy Jonathan C. Pinckney, 2020 Peaceful protest is a strong driver for democratization across the globe Yet it doesn't always lead to democratic transition as seen in the Arab Spring revolutions in Egypt or Yemen Why do some nonviolent transitions end in democracy while others do not In *From Dissent to Democracy* Jonathan Pinckney systematically examines transitions initiated by nonviolent resistance campaigns and argues that two key factors explain whether or not democracy will follow such efforts First a movement must sustain high levels of social mobilization Second it must direct that mobilization away from revolutionary maximalist goals and tactics and towards support for new institutions Pinckney tests his theory by presenting a global statistical analysis of all political transitions from 1945 2011 and three case studies from Nepal Zambia and Brazil Original and empirically rigorous this book provides new insights into the intersection of democratization and nonviolent resistance and gives actionable recommendations for how to encourage democratic transitions

Staging Democracy Jessica Pisano, 2022-07-15 Focusing on the experiences of people in Russia and Ukraine *Staging Democracy* shows how some national leaders seeming popularity rests on local economic compacts Jessica Pisano draws on long term research in rural communities and company towns analyzing how local political and business leaders seeking favor from incumbent politicians used salaries benefits and public infrastructure to pressure citizens to participate in command performances Pisano looks at elections whose outcome was known in advance protests for hire and smaller mises en scene to explain why people participate what differs from spectacle

in totalitarian societies how political theater exists in both authoritarian and democratic systems and how such performances reshape understandings of the role of politics Staging Democracy moves beyond Russia and Ukraine to offer a novel economic argument for why some people support Putin and similar politicians Pisano suggests we can analyze politics in both democracies and authoritarian regimes using the same analytical lens of political theater **Social Capital in Eastern**

Europe Katarzyna Lasinska,2013-01-11 Katarzyna Lasinska deals with the consequences of democratic transitions in Middle and Eastern Europe By selecting specific sets of countries according to the main explanations such as Catholic tradition transformation process and communist legacies the author identifies key factors explaining particular findings in Poland Thank to systematically used comparative research strategy the pitfalls of idiosyncratic argumentation are successfully avoided Through inclusion of religious tradition as an explanative factor the results go beyond the commonly used East West comparisons The author presents a comprehensive picture of complex conditions and different processes for social capital building across Eastern European societies The Oxford Handbook of Political Theory John S Dryzek,Bonnie Honig,Anne

Phillips,2008-06-12 Long recognized as one of the main branches of political science political theory has in recent years burgeoned in many different directions Close textual analysis of historical texts sits alongside more analytical work on the nature and normative grounds of political values Continental and post modern influences jostle with ones from economics history sociology and the law Feminist concerns with embodiment make us look at old problems in new ways and challenges of new technologies open whole new vistas for political theory This Handbook provides comprehensive and critical coverage of the lively and contested field of political theory and will help set the agenda for the field for years to come Forty five chapters by distinguished political theorists look at the state of the field where it has been in the recent past and where it is likely to go in future They examine political theory s edges as well as its core the globalizing context of the field and the challenges presented by social economic and technological changes **Poland in the Modern World** Brian

Porter-Szücs,2014-01-06 Poland in the Modern World presents a history of the country from the late nineteenth century to the present incorporating new perspectives from social and cultural history and positioning it in a broad global context Challenges traditional accounts Poland that tend to focus on national political history emphasizing the country s exceptionalism Presents a lively multi dimensional story balancing coverage of high politics with discussion of social cultural and economic changes and their effects on individuals daily lives Explores both the regional diversity within Poland and the country s place within Europe and the wider world Provides a new interpretive framework for understanding key historical events in Poland s modern history including the experiences of World War II and the postwar communist era Religious Persecution and Political Order in the United States David T. Smith,2015-11-12 Religious freedom is a foundational value of the United States but not all religious minorities have been shielded from religious persecution in America This book examines why the state has acted to protect some religious minorities while allowing others to be persecuted or actively

persecuting them It details the persecution experiences of Mormons Jehovah's Witnesses Catholics Jews the Nation of Islam and orthodox Muslims in America developing a theory for why the state intervened to protect some but not others The book argues that the state will persecute religious minorities if state actors consider them a threat to political order but they will protect religious minorities if they believe persecution is a greater threat to political order From the beginning of the republic to after 9/11 religious freedom in America has depended on the state's perception of political threats

Popular Politics and the Path to Durable Democracy Mohammad Ali Kadivar, 2022-11-22 A groundbreaking account of how prolonged grassroots mobilization lays the foundations for durable democratization When protests swept through the Middle East at the height of the Arab Spring the world appeared to be on the verge of a wave of democratization Yet with the failure of many of these uprisings it has become clearer than ever that the path to democracy is strewn with obstacles Mohammad Ali Kadivar examines the conditions leading to the success or failure of democratization shedding vital new light on how prodemocracy mobilization affects the fate of new democracies Drawing on a wealth of new evidence Kadivar shows how the longest episodes of prodemocracy protest give rise to the most durable new democracies He analyzes more than one hundred democratic transitions in eighty countries between 1950 and 2010 showing how more robust democracies emerge from lengthier periods of unarmed mobilization Kadivar then analyzes five case studies South Africa Poland Pakistan Egypt and Tunisia to investigate the underlying mechanisms He finds that organization building during the years of struggle develops the leadership needed for lasting democratization and strengthens civil society after dictatorship *Popular Politics and the Path to Durable Democracy* challenges the prevailing wisdom in American foreign policy that democratization can be achieved through military or coercive interventions revealing how lasting change arises from sustained nonviolent grassroots mobilization

Women and Gender in Postwar Europe Joanna Regulska, Bonnie G. Smith, 2012-03-12 *Women and Gender in Postwar Europe* charts the experiences of women across Europe from 1945 to the present day Europe at the end of World War II was a sorry testimony to the human condition awash in corpses the infrastructure devastated food and fuel in such short supply From Soviet Union to the United Kingdom and Ireland the vast majority of citizens on whom survival depended in the postwar years were women This book charts the involvement of women in postwar reconstruction through the Cold War and post Cold War years with chapters on the economic social and political dynamism that characterized Europe from the 1950s onwards and goes on to look at the woman's place in a rebuilt Europe that was both more prosperous and as tension filled as before The chapters both look at broad trends across both eastern and western Europe such as the horrific aftermath of World War II but also present individual case studies that illustrate those broad trends in the historical development of women's lives and gender roles The case studies show difference and diversity across Europe whilst also setting the experience of women in a particular country within the broader historical issues and trends in such topics as work professionalization sexuality consumerism migration and activism The introduction and conclusion provide an overview that

integrates the chapters into the more general history of this important period This will be an essential resource for students of women and gender studies and for post 1945 courses

The Party Leads All Jacques deLisle,Guobin Yang,2022-09-27
Examining the past current and potential future roles of the Communist Party in governing China The Chinese Communist Party and its polices touch nearly every aspect of life in China and dominate some An often quoted current phrase one with roots in the era of Mao Zedong says the Party leads all Under the leadership of Xi Jinping the Party determines much of what is permitted and prohibited in the country s social economic and political activity as well as China s increasingly consequential foreign relations Even so the Communist Party always has faced limits on what it can control and it may encounter new obstacles ahead This book addresses important questions about the current and future roles of the party Has Xi s tenure brought a qualitative increase in the pursuit or achievement of party control How is party rule shaped and exercised by internal party dynamics the party s control over the state society economy foreign affairs government institutions and rules and ideology How serious are the threats to party strength and success posed by Xi s approach to power corruption in the party s ranks a rapidly changing society a fraught international environment or a possibly overly ambitious agenda for party control Leading scholars examine these questions from several disciplinary perspectives each focusing on a key area of the party and its efforts to lead control or influence the world around it This book offers the most comprehensive and up to date assessment of the party s roles in China s economy government civil society legal system military affairs and foreign policy It does so at a critical moment with the full contours of the Xi Jinping era in China becoming more evident and as the CCP reaches its 100th anniversary and nears three quarters of a century in power It will be essential reading for all scholars students and policy makers interested in contemporary China

Inequality After the Transition Ekrem Karakoç,2018-09-26 After the Transition is an all encompassing examination of the origins increase and persistence of inequality in new democracies It challenges the conventional thinking found in much of the democratization inequality literature and offers a new theory It speaks simultaneously to literature of democratization party systems social policy and inequality to explain why democracies are not able to fulfill their promise to the disadvantaged and why they cannot achieve income equality It investigates social policy programs such as pensions unemployment benefits and other social transfers in Poland and the Czech Republic in Post Communist Europe and Turkey and Spain in Southern Europe The volume traces the origins and development of social policy from the formation of nation states to the present and considers how different political regimes whether totalitarian post totalitarian or authoritarian designed welfare policies to prioritize civil servants and the working classes in formal sectors at the expense of the majority poor It then demonstrates how these legacies perpetuate and widen disparities in access to welfare policies and thus income inequality in countries where low mobilization by the poor and unstable party systems prevail This study employs interviews with Polish Czech Turkish and Spanish union leaders bureaucrats and business people while also conducting an original survey in Turkey to dissect the

linkage between organized groups and parties Employing a multi method approach two paired case studies on these countries also demystify why and how new populist parties have successfully appealed to voters and affected the trajectory of social policy party systems and inequality Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Emilie van Haute Professor of Political Science Universit libre de Bruxelles Ferdinand M ller Rommel Director of the Center for the Study of Democracy Leuphana University and Susan Scarrow John and Rebecca Moores Professor of Political Science University of Houston

From Elections to Democracy Susan Rose-Ackerman, 2005 The countries of Central Europe in the first round for admission to the European Union have all established constitutional electoral democracies and market economies However much remains to be done to achieve fully consolidated democratic states This study documents the weaknesses of public oversight and participation in policymaking in Hungary and Poland two of the most advanced countries in the region It discusses five alternative routes to accountability including European Union oversight constitutional institutions such as presidents and courts devolution to lower level governments the use of neo corporatist bodies and open ended participation rights It urges more emphasis on the fifth option public participation Case studies of the environmental movement in Hungary and of student groups in Poland illustrate these general points The book reviews the United States experience of open ended public participation and draws some lessons for the transition countries from the strengths and weaknesses of the American system

Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993 Introduction

In today's digital age, the availability of *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research

papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* books and manuals for download and embark on your journey of knowledge?

FAQs About Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* is one of the best book in our library for free trial. We provide copy of *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* in digital format, so the resources that you find are reliable. There are also many Ebooks of related with *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993*. Where to download *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* online for free? Are you looking for *Rebellious Civil Society Popular Protest And Democratic Consolidation In Poland 1989 1993* PDF? This is definitely going to save you time and cash in something you should think about.
