Rebirth Of The Druids:

Rebirth of the Druids Marcheale E Tyler, 2001 Long ago all the lords and the ladies of the magic lands or Druids as we know them left the known lands Only a few spellbinders and the old woman they called the Oracle remained behind The Druids promised to return but never did so there was an imbalance in the flow of magic that came from the five wellsprings beneath the land The magic flowed too freely and the motherland could not take the strain The Oracle predicted that in the next few years furious storms would take over the skies earthquakes would be common and all the seas would turn to poison Only the Druids had enough ability to harness the wellsprings and restore the balance At length the Oracle called a young guard a spellbinder named Curren to her private chamber She reminded him of the history of the Druids and of the wellsprings Then she told him of the vision she had just had Her vision showed her that soon they would have Druids among them again but not the Druids of old New ones would be born from common women but because of the lack of magic in the mothers bodies and the desperate need for it in the babies the children would not survive the birth without help This was Curren s mission to rescue resuscitate and rear the five Druid children by harnessing and channeling the magic of the land through his catalyst stone But it was a mission fraught with danger and betrayal *Witches, Druids and King Arthur* Ronald Hutton, 2006-09-15 In *Stations of the Sun and The Triumph of the Moon* Ronald Hutton established himself as a leading authority on the history of Paganism His wealth of unusual knowledge complemented by a deep and sympathetic understanding of past and present beliefs that are often dismissed as strange or marginal and an ability to write lucidly and wittily gives his work a unique flavour The essays which make up *Witches, Druids and King Arthur* cover elegantly and entertainingly a wide range of beliefs, myths and practices *Rebellion* Simon Heath, 2025-01-03 Claudius s invasion of Britannia was achieved almost unopposed The few pockets of credible resistance were ruthlessly crushed by the machine that was the Roman army What followed was a tense but relatively peaceful co existence even some merging of cultures That peaceful life was shattered by greed and oppression when the new Emperor Nero forces a change in hierarchy in the province Paulinus a brutal Governor and Catus the mercilessly greedy Procurator badly misjudged the mood of the Britons A misjudgement that led to something that had never happened before a uniting of the Britannic tribes Theft of inheritance a viciously humiliating beating of Queen Boudica and the rape of her daughters sets in motion a rebellion that grows into an unstoppable often uncontrollable army Weyland a Briton and the son of a blacksmith who as a boy was trained by a Roman soldier to fight as a Roman becomes an unlikely player in Boudica s plans to draw the Governor into fulfilling his pledge to eradicate the Druids Now with the majority of the Roman army in the west of the country Boudica sets about gathering together an overwhelming horde hell bent on revenge for years of occupation There can be only one outcome victory or death

Paul Ham,2025-08-05 Wonderfully entertaining Michael McGirr Sydney Morning Herald I am absolutely in awe of this book Hugh Mackay AO Almost everyone thinks they have one but nobody knows what it is For thousands of years the soul was an organ an entity something that was part of all of us that survived the death of the body and ventured to the underworld or to heaven or hell The soul could be saved condemned tortured bought And then mysteriously the soul disappeared The Enlightenment called it the mind And today neuroscientists demonstrate that the mind is the creation of the brain The religious soul lives on in the minds of the faithful while the secular soul means whatever you want it to mean In The Soul A History of the Human Mind critically acclaimed historian Paul Ham embarks on a journey that has never been attempted to restore the idea of the soul to the human story and to show how belief in and beliefs arising from the soul mind have animated and driven the history of humankind The Soul is much more than a mesmerizing narrative and uniquely accessible way of explaining our story It transforms our understanding of how history works It persuasively demonstrates that the beliefs of the soul mind are the engines of human history
