William Butler Yeats, 2011-11-08 Since its first appearance in 1962 M L Rosenthal s classic selection of Yeats s poems and plays has attracted hundreds of thousands of readers This newly revised edition includes 211 poems and 4 plays It adds *The Words Upon the Window Pane* one of Yeats s most startling dramatic works in its realistic use of a seance as the setting for an eerily powerful reenactment of Jonathan Swift s rigorous idealism baffling love relationships and tragic madness The collection profits from recent scholarship that has helped to establish Yeats s most reliable texts in the order set by the poet himself And his powerful lyrical sequences are amply represented culminating in the selection from *Last Poems and Two Plays* which reaches its climax in the brilliant poetic plays *The Death of Cuchulain* and *Purgatory* Scholars students and all who delight in Yeats s varied music and sheer quality will rejoice in this expanded edition As the introduction observes Early and late he has the simple indispensable gift of enchanting the ear He was also the poet who while very much of his own day in Ireland spoke best to the people of all countries And though he plunged deep into arcane studies his themes are most clearly the general ones of life and death love and hate man s condition and history s meanings He began as a sometimes effete post Romantic heir to the pre Raphaelites and then quite naturally became a leading British Symbolist but he grew at last into the boldest most vigorous voice of this century *Selected Poems and Four Plays* represents the essential achievement of the greatest twentieth century poet to write in English **The Cambridge Guide to Women's Writing in English**

Selected Poems William Jeffrey,1951 **Collected Poems** Joseph Ceravolo,2013-05-20 Like an underground river the astonishing poems of Joseph Ceravolo have nurtured American poetry for fifty years a presence deeply felt but largely invisible Collected Poems offers the first full portrait of Ceravolo s aesthetic trajectory bringing to light the highly original voice that was operating at an increasing remove from the currents of the time From a poetics associated with Frank O Hara and John Ashbery to an ever more contemplative deeply visionary poetics similar in sensibility to Zen and Dante William Blake and St John of the Cross this collection shows how Ceravolo s poetry takes on a direct quiet lyricism intensely dedicated to the natural and spiritual life of the individual As Ron Silliman notes Ceravolo s later work reveals him to be one of the most emotionally open vulnerable and self knowing poets of his generation Many new pieces including the masterful long poem The Hellgate are published here for the first time This volume is a landmark edition for American poetry and includes an introduction by David Lehman **The Poetics of Adonis and Yves Bonnefoy** Kareem James

Abu-Zeid,2021-06-15 This book examines the work of two major poets who wrote in the second half of the twentieth century Yves Bonnefoy of France and the Syrian born Adonis born Ali Ahmed Said In conducting close readings of key moments from their respective poetry the author illustrates how both of these writers in their own unique ways construct poetry as a form of spiritual practice that is as a way of transforming both the poet s and the implied reader s ontological perceptual and creative relationships with their internal and external worlds **The Social, Cultural and Spiritual Dimensions of**

Modern Indian Poetry in English Vijay Kumar Roy,2017-05-11 This volume brings together research papers on the poetry of modern Indian poets particularly those whose poetry is less explored It is well known that post Independence India has produced many brilliant writers whose writings have their own importance in the field of Indian English literature These writers have brought new themes and new styles of writing that have enriched Indian English literature to a greater extent The book explores the social cultural and spiritual dimensions of these emerging poets and will prove useful to students teachers and all those interested in Indian English poetry for studies and research purposes *Collected Poems* Lorna Goodison,2017-04-15 Lorna Goodison is a poet alive to places from the loved and lived in world of Jamaica where she began

and started a family to the United States and Canada where she has made her teaching career but always re connecting with her Caribbean roots She travels with an ear alert to histories and voices How differently English sounds in the tropi and in colder lands at seaside in sunlight and on prairies mountains and in cities The same words say quite different things depending on who speaks them and who s listening obeying or resisting She covers a wide range of subjects and themes too Her instinct is to celebrate being alive in a world that is rich but in peril And what is the rare quality that has gone out of poetry that these marvellous poems restore asks Derek Walcott Joy The mango of poetry eaten straight from the tree Goodison somehow finds growing in Wordsworth country and in Sligo in Russia and Norway in Spain and Portugal which spilled their empires into the Caribbean in Hungary and Far Rockaway The publication of Lorna Goodison s Collected Poems with their extraordinary music sensuous texture and powerful historical imagination is a major event These are poems stunningly alive to the nuances of language beautifully pitched and tuned rich with feeling and insight Jahan Ramazani Lorna Goodison brings herself into the presence of every poem and so into the presence of her readers Like the ideal teacher she enables us to hear history sing its joy and shout its rage in her own personal tones of voice and to feel the folds and textures of her various homelands like a display of rich cloths She excels in both the emblematic and descriptive powers of popular poetry and introduces us to an array of characters sharply but generously perceived and often as deliciously audible after death as in life This is an inspiring collection for a time when hopes for transnational unity are profoundly challenged Goodison s poems frequently acknowledge the complex unhealed scars of imperial greed and violence but the impulse is towards hope and our imaginations are enchanted by a potential global spring of warmth nourishment camaraderie and sheer fun In the poet s own words of gratitude to Miss Mirry African bush healing woman we should turn thanks now to Lorna Goodison for addressing us across so many years on her unique world service of human truth and stay tuned Carol Rumens
