Rebuilding The Land Of Israel:

Rebuilding the Land of Israel Gershon Canaan,1954 **Rebuilding the Land of Israel** Gershon Canaan,1954

Rebuilding the Land of Israel Garson Canaan,1991-01-01 Profusely illustrated with photos and drawings of famous historic structures as well as details and plans for modern buildings this is an absorbing account of the search for an architecture suitable to the needs of the young Jewish State that will be of great interest to architects faced with similar problems throughout the world Rebuilding the Land of Israel Anatole A. Solow,1954 The Restoration of Israel Michael E. Fuller,2012-02-14 This study identifies and explores texts of restoration in a wide selection of Early Jewish Literature in order to assess the variety of ways in which Jews envisioned Israel s future restoration Particular attention is given to the expression of restoration in what is identified in the present study as the exilic model of restoration In this model Israel s restoration is characterized by the features of a a future re gathering b the fate of the nations and c the establishment of a new Temple The present work focuses primarily on the first two features Through this framework Jews in the Greco Roman period could draw on Israel s history and legacy but re appropriate exile and return in new and creative ways Finally the writing of Luke Acts is investigated for its ideas of restoration and its indebtedness to Early Jewish traditions

Rebuilding the Land of Israel (a Haven for Jewish Wanderer, a Homestead for the Jewish Pioneer). United Palestine Appeal,1926 **The Land of Israel in the Book of Ezekiel** Wojciech Pikor,2018-05-31 Pikor analyzes the land of Israel in the book of Ezekiel showing how its preoccupation with the Babylonian exile and the loss of the Promised Land that this entails is directly linked to the danger this poses to Israel s covenant with God Pikor examines the motif of land in its literary and historical contexts and in relation to the oracles of salvation in chapters 34 39 as well as the vision of the new Israel and the return of Yahweh s Glory to the temple Pikor begins by examining the motif of land in its literary and historical contexts The main body of the book then addresses specific sections of Ezekiel Chapter two analyzes the oracles of punishment addressed to Israel in which the land undergoes a process of anthropomorphization Chapter three situates the punishment experienced by Ezekiel and his listeners in a broader historical context suggested by the prophet in Ezekiel 20 Chapter four analyses the oracles of salvation in Ezekiel 34 39 in which the restoration of the land of Israel remains intertwined with the promise of the new covenant Finally chapter five addresses the closing vision of the new Israel Ezekiel 40 48 which is characterized by the territorial dimension of the future restoration This feature is shown via analysis of the rhetoric of the land the crucial element of which is the return of Yahweh s Glory to the temple God s presence adds sacral value to the land in which his covenant with his people is to be realized The covenant will be finalized through Israel s repopulation of the renewed land **The Future Restoration of Israel** Stanley E. Porter,Alan E. Kurschner,2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been

fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature **Israel Digest** ,1954 **Christian Zionism and the Restoration of Israel**
Colin Chapman,2021-03-31 How should Christians today understand the many promises and prophecies in the Old Testament about the future of Israel and its land Are Christian Zionists justified in believing that these have been fulfilled in the return of Jews to their land since the 1880s and the creation of the State of Israel in 1948 This book discusses all the key texts about the restoration of Israel that are quoted in these debates questioning the Christian Zionist interpretation and offering an alternative This is followed by a detailed study of two important Old Testament texts dealing with the future of Israel Ezekiel 33 47 and Zechariah 9 13 understanding them in their original context and exploring how they are interpreted in the New Testament This is no theoretical ivory tower debate We are dealing here with the most bitter and protracted conflict of the last 150 years and the way we interpret the Bible has profound political consequences
