training to the War on Terror I am a soldier and a ranger a specialist in reconnaissance intelligence and covert operations I never wanted to be a soldier but I found that I excelled at it I have fired my weapons in anger infiltrated terrorist groups and made and burnt sources Number 788 is my story Being good at doing bad things is not always a blessing You can't be the judge only the executioner The concept of for the greater good always has a flip side You are moving and living in the shadows The ones in control grant you the ultimate power of life but a life lived in the shadows is never your own My development was slow and meticulous it was improvised and innovative Now I write about what it was like to be pushed past the brink of what I thought was humanly possible I aim to share my flawed path lessons learned relationships forged revelations of self and the workings of others with the very small hope of inspiring a few new generation warriors I was trained at a unique time as I joined the forces after the Cold War but just before the attacks of 9 11 During my formation the lack of controls and regulation came with tremendous risks but also significant opportunities I seized them I am the product of brave officers who took action with great personal risk to save a regiment without permission and by asking for forgiveness later Officers who believed in the saying Who Dares Wins I share my small place as a silent mediator between the light and shadows in the long and flawed history of Western and Nordic fighters The end of the Cold War and subsequent peacekeeping missions caught the Swedish military flatfooted when the War on Terror came around The need for special operations forces was in high demand but for the most part Sweden lacked this niche capability While still in its conceptual form the International Ranger Platoon an elite force that became a Special Purpose Unit within the Ranger Battalion was used to fill the gap Newly recruited I was drawn to the challenge and adventure of it all I took on the tough selection course the reward was to be part of something new the Special Purpose Units
