Males At Risk The Other Side Of Child Sexual Abuse:

Males at Risk Frank G. Bolton, Jr., Larry A. Morris, Ann E. MacEachron, 1989-10-01 This volume is the first book in the field devoted to the abuse of boys The authors focus on the male s socialization and victimization and the results of various forms of sexual abuse of male children Although they do not claim that male children are at equal risk to female children they do point out that male stereotyping can have specific long term consequences for the male victim Breaking new ground by presenting a broader view of male sexual victimization they introduce a new concept the abuse of sexuality to help explain many of the social and sexual problems exhibited by males Finally an explicit model for formulating a treatment plan which utilizes a systematic multi remedial evaluation for both adult males and male childr *Sexual Abuse of Males* Josef Spiegel, 2013-08-21 Based on hundreds of case histories this book examines the sexual abuse of boys from the perspectives of victim perpetrator It adopts a psychosocial context seeks to develop a multidimensional understanding of dynamics effects

Adult Survivors of Sexual Abuse Mic Hunter, 1995-04-03 For the practitioner working with adult survivors of sexual abuse this book is a must Offering useful treatment innovations this volume opens with a clear review of dynamic theories that provides a solid introduction to understanding and treating adult survivors of sexual abuse What follows are three chapters dealing with various sexual problems of adult survivors including sexual dysfunction and sexual compulsivity The final part of this practical book examines clients with special needs the very difficult survivor with personality disorders chemically dependent survivors male survivors and partners of survivors Well balanced and written in an easy to follow style this volume provides concrete directions for intervention Practitioners in the fields of clinical psychology counseling social work and mental health as well as advanced clinical students will find this an indispensable resource Males at Risk Frank G. Bolton, Jr., Larry A. Morris, Ann E. MacEachron, 1989 This volume is the first book in the field devoted to the abuse of boys The authors focus on the male s socialization and victimization and the results of various forms of sexual abuse of male children Although they do not claim that male children are at equal risk to female children they do point out that male stereotyping can have specific long term consequences for the male victim Breaking new ground by presenting a broader view of male sexual victimization they introduce a new concept the abuse of sexuality to help explain many of the social and sexual problems exhibited by males Finally an explicit model for formulating a treatment plan which utilizes a systematic multi remedial evaluation for both adult males and male childr **Child Sexual Abuse** Celia Doyle, 2013-12-14 The inspiration for much of my writing comes from my direct work with abused children and their families However I was prompted to write this book by my experiences as a lecturer in child protection training for a variety of pro fessional workers I realized from the anxious questions asked and feelings expressed that despite the fact that many professionals are unlikely to encounter a high incidence of child sexual abuse cases in the course of their careers the subject is one that provokes considerable concern confusion and distress While front line investigative personnet such as child care social workers

specialist police officers police surgeons and paediatricians have a number of anxieties about working with child sexual abuse cases they can usually avail themselves of specific training detailed books and articles and the support of experienced colleagues to help sustain them through any difficulties It is non investigating workers on the periphery of child protection work many of whom are health professionals who are left feeling worried and vulnerable They may encounter only one or two cases of child sexual abuse during their careers and because the numbers they have to work with are small their employers perhaps understandably are reluctant to give them any special training in child protection work *Child Abuse, Child Exploitation, and Criminal Justice Responses* Daniel G. Murphy, April G. Rasmussen, 2020-01-08 There are few things in our society that provoke such raw emotions as that of child abuse Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response However the debate on child abuse usually happens through visceral emotions rather than facts Taking emotions out of a child abuse debate is much easier said than done but it is of utmost importance to identify the facts When the reader has a better understanding of the scope of child abuse they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population *Child Abuse Child Exploitation and Criminal Justice Responses* is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in field from this wonderful collaboration of criminal investigator and forensic nurse Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children The authors also presents the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses

Counseling Troubled Boys Mark S. Kiselica, Matt Englar-Carlson, Arthur M. Schwartzberg, 1998-06-25 An in depth overview this book examines major current problems faced by today's adolescents Authored by 16 leading international experts the book presents some of the latest research on the depressed and suicidal adolescent assessment procedures psychotherapeutic and psychopharmacological treatments eating disorders and violence Scholarly yet practical this volume will be a vital source of information to all scholars mental health professionals and students concerned with

adolescent behavior The book commences with a broad array of developmental issues in normal and pathological adolescents ranging from self esteem gender identity disorders attachment and detachment borderline psychodynamics psychosexual trauma and finally dynamic factors in the resilient adolescent Next the book focuses on depression the suicidal adolescent and a study of double suicide attempts The aggressive adolescent is addressed from the broad array of sociological psychological biological and psychopharmacological aspects of aggressive behavior as well as an interesting study of parents battered by adolescents Finally an integrated approach to adolescents with eating disorders and anorexia nervosa is discussed This book will be a source of information for all scholars mental health professionals students and allied professionals concerned with the problems of adolescents

The Male Survivor Matthew Parnik Mendel,1995 This landmark study examines the largest clinical sample to date of male survivors of sexual abuse in childhood Using data from his nationwide North American survey the author reveals that such abuse is extensive thus dispelling myths regarding the invulnerability of males Mendel argues that various societal myths have led to a profound under recognition of male childhood sexual abuse He proposes that increased attention to and acknowledgement of male victimization is needed in order to reduce both the stigma and isolation of male survivors and the incidence of abuse The author also suggests modifications to conceptual frameworks related to the long term impact of childhood sexual abuse to apply specifically to male

A Man's Recovery from Traumatic Childhood Abuse Robert Blackburn Knight,2002 Robert Blackburn Knight discusses how he overcame the trauma of childhood sexual abuse describing the psychological and physical impact the abuse had on him and the steps he took to come to terms with it

Betrayed as Boys Richard B. Gartner,2001-01-03 More than one in six boys in the United States is sexually victimized by the age of 16 Yet in the growing professional literature on child sexual abuse few books focus specifically on the experience of victimized boys and men This much needed volume examines how sexual betrayal affects boys and the ways they carry this hurt into adulthood Blending psychoanalytic understanding with insights from trauma oriented theory and practice Richard B Gartner presents effective strategies for meeting the unique therapeutic needs of men with sexual abuse histories Filled with evocative clinical material the book draws readers into the direct experience of these clients the therapists who work with them and the constantly shifting relational world they inhabit

The Male Heterosexual Larry A. Morris,1997 A psychological understanding of the problems associated with male sexuality is urgently needed for this is one of the dimensions of the male code that has fallen the farthest and the fastest In this volume Larry A Morris provides what we most need at this time A scholarly examination of male hetero sexuality in its broadest context Dr Morris surveys in turn the biological developmental psychological sociocultural and historical perspectives on male sexuality then takes up the issues of sexual dysfunctions sexually transmitted diseases and the modern men s movement and finally offers a new formula for the cultivation of healthy male sexuality The writing is very clear the material is presented in an interesting manner and both the author s breadth of knowledge and sense of humor come through

delightfully Dr Morris in this outstanding volume lights the way for all of us as we attempt to reconstruct gender roles for a new millennium from the Foreword by Ronald F Levant As the traditional code of masculinity erodes emergence of the new real man brings a unique challenge to the continuum of a male heterosexual development The move toward more balanced gender roles is viewed as a must for the next millennium but the process for many men is wrought with the confusion and loss Timely and clearly written The Male Heterosexual explores biological developmental psychological sociocultural and historical perspectives of male sexuality Readers are guided by the expertise and warm humor of author Larry A Morris on a journey into a wide range of issues surrounding male sexual development Morris skillfully exposes those elements that need to be discarded discusses those needing to be retained and concludes with a new formula for the cultivation of healthy male sexuality The Male Heterosexual is an ideal text for courses in male or gender issues and additionally an informative and fascinating read for academics researchers mental health professionals and any sophisticated lay reader interested in a very contemporary look at this issue

Working With African American Males Larry E. Davis, 1999 The contributors to this book write from their varying perspectives as educators psychiatrists anthropologists sociologists psychologists and social workers to provide a broad interdisciplinary view of the possible solutions to the different problems facing African American Men

Handbook of Counseling Boys and Adolescent Males Arthur M. Horne, Mark S. Kiselica, 1999-08-09 This comprehensive practical resource provides specific strategies for counsellors working with boys and male adolescents from different cultural backgrounds The first part examines how psychological career and athletic development of boys is shaped by a complex interaction of biological social cultural and economic forces The Second Part covers cultural considerations when counselling particular North American client groups such as Hispanic Americans The final part focuses on special populations such as gay sexually abused and developmentally disabled boys
