The Who's The Who Sell Out John Dougan, 2006-09-15 Released in the U S in January 1968 The Who Sell Out was according to critic Dave Marsh a complete backfire the album sold well but not spectacularly and was ultimately a nostalgic in joke Who but a pop intellectual could appreciate such a thing Further rarifying its in joke status was its unapologetic Englishness 13 tracks stitched together in a mock pirate radio broadcast without a DJ with cool anglocentric commercials to boot In the 36 years since its release Sell Out though still not the best selling release in The Who s catalog has been embraced by a growing number of fans who regard it as the band s best work one of the few recordings of the late 1960s that best represents the ambitious aesthetic possibilities of the concept album without becoming mired in a bog of smug self aggrandizing high art aspirations Sell Out powerfully and ecstatically articulates the nexus of pop music and pop culture As much as it is an expression of the band s expanding sonic palette Sell Out also functions as a critique of the rock and roll lifestyle Not the clich d mantra of sex drugs and rock and roll but in the ways that commercial advertising fabricates a youth oriented cultural reality by hawking pimple cream deodorant food musical equipment etc and linking it with rock and roll In this sense Sell Out is a reflective work one that struggles with rock and roll as a cultural expression that aspires to aesthetic permanence while marketed as ephemera From this conflict emerges a pop art masterpiece
