Christian Mission Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world? The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism specifically in the Psalms, Isaiah and Daniel. The contributions then discuss the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels, General Epistles and Revelation and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles. These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today.

Understanding Burnout Recovery Among Native-Born Korean Missionaries Hannah Kyong-Jin Cho, 2020-01-29 In this timely book Cho provides mission scholars, sending churches and mission agencies with an understanding of Korean missionaries' burnout recovery process. Her study of Korean missionary burnout recovery included thirty-nine research participants who had experienced burnout in missionary service and who subsequently recovered. Participants reported a variety of physical, emotional and spiritual symptoms as well as relational difficulties experienced during burnout. Cho describes how their self-help approach, characterized by independent religious self-effort, brought only temporary relief. Through self-care, however, they experienced genuine recovery. Self-care that leads to lasting recovery is holistic and grace-based, characterized by a correct understanding of the roles of God and others in their lives and engagement in authentic community for interdependent care. This study also gives insightful recommendations to missionary member care systems, mission agencies and other sending organizations in an Asian cultural context about how to care for Korean missionaries. It is also intended for counselors of home churches so that they can provide better member care for burned-out missionaries. Lastly, this study advances research into contextually appropriate paradigms and strategies helpful to cross-cultural missionaries in the area of both Korean missionaries and non-Western studies in missionary member care.

Paul's Territoriality and Mission Strategy Ksenija Magda, 2009 A revision of the author's thesis, Ph.D. London School of Theology, 2008 Transcending Mission Michael W. Stroope, 2017-03-16 Today the language of mission is in disarray. Where do the language and idea of mission come from? Do they truly have precedence in the early centuries of the church? Michael Stroope investigates these questions and shows how the language of mission is a modern phenomenon that shaped a grand narrative of mission. He then offers a way forward. A Supreme Desire to Please Him E.D. Burns, 2016-12-09 Adoniram Judson was not only a historic figurehead in the first wave of foreign missionaries from the United States and a hero in his own day but his story still wins the admiration of Christians even today Though numerous biographies have been written to retell his life story in every ensuing generation until now no single volume has sought to comprehensively synthesize and analyze the features of his theology and spiritual life His vision of spirituality and religion certainly contained degrees of classic evangelical piety yet his spirituality was fundamentally rooted in and ruled by a mixture of asceticism and New Divinity theology Judson s renowned fortitude emerged out of a peculiar missionary spirituality that was bibliocentric ascetic heavenly minded and Christocentric The center of Adoniram Judson s spirituality was a heavenly minded self denying submission to the sovereign will of God motivated by an affectionate desire to please Christ through obedience to his final command revealed in the Scriptures Unveiling the heart of his missionary spirituality Judson himself asked What then is the prominent all constraining impulse that should urge us to make sacrifices in this cause And he answered thus A supreme desire to please him is the grand motive that should animate Christians in their missionary efforts

Introduction to the Sociology of Missions Robert L. Montgomery, 1999-11-30 While much work has been done to apply anthropological insights to the study of missions the sociological perspective has been generally neglected by missiologists This volume defines the sociology of missions as a discrete subdiscipline within the sociology of religion and provides a working set of conceptual

resources for those involved in mission work to use in furthering their understanding of their task The author reviews the major areas of sociology that are most relevant to missions and presents his findings as a basis for discussion and a stimulus to further exploration of relevant sociological concepts and theories One of his main goals is to increase dialogue between missiologists and sociologists of religion by providing the former with a sociological perspective and the latter with a deeper understanding of the missionary enterprise

French Missionaries in Acadia/Nova Scotia, 1654-1755 Matteo Binasco, 2022-10-11 This book investigates and assesses how and to what extent the French Catholic missionaries carried out their evangelical activity amid the natives of Acadia Nova Scotia from the mid seventeenth century until 1755 the year of the Great Deportation of the Acadians It provides a new understanding of the role played by the French missionaries in the most peripheral and less populated area of Canada during the colonial period The decision to focus on
