Modern Trinitarian Perspectives:

Modern Trinitarian Perspectives John Thompson, 1994 Provides a survey of modern thought on the doctrine of the Trinity which has recently enjoyed a revival of interest The author examines the work of important theologians and their views on the relationship of the trinitarian doctrine to Scripture the Church philosophy politics and society *Modern Trinitarian Perspectives* John Thompson, 2023 *Modern Trinitarian Perspectives* John Thompson, 1994 Jesus in Trinitarian Perspective Fred R. Sanders, Klaus Dieter Issler, 2007 Jesus in Trinitarian Perspective studies the person of Jesus on Earth as well as how He is the eternal second person of the Trinity **Pannenberg on the Triune God** Iain Taylor, 2007-05-24 This book treats Pannenberg's stated ambition to write a theology more thoroughly Trinitarian than any I know of It evaluates it by answering two questions What does Pannenberg mean by his theology being thoroughly Trinitarian How far has his subsequent work especially Systematic Theology been successful in realizing his stated goal **The Liberative Cross** Hye Kyung Heo, 2015-03-24 The Liberative Cross offers a theological grounding of the orthopraxy that calls North American Korean women to live as imago Dei mirroring the perichoretic fellowship of the triune God in contemporary social relations through living in imitatio crucis and imitatio relationis In so doing this book emphasizes three elements First an appropriate theology of the cross meets the challenges or concerns of developing reality Second it is a feminist theology in the sense that it seeks to retrieve a theology of the cross that is life giving and liberating for women Third it is a social trinitarian approach to the theology of the cross that can reveal the essence of God to be in relation mutuality and community in diversity The constructive work achieved in this book makes a great contribution to pastoral and ecclesial praxis and imagination **The Doctrine of God in African Christian Thought** James Henry Owino Kombo, 2007 Noting the relationship between philosophy and the doctrine of the Trinity this book offers the African pre Christian understanding of God and the Ntu metaphysics as theoretical gateways for African reflections on the doctrine of the Trinity *Disciplining the Divine* Paul Fletcher, 2013-05-28 *Disciplining the Divine* offers the first comprehensive treatment of the Social Model of the Trinity exploring its central place within much theological discourse of the past half century including its relation to wider cultural and political concerns The book highlights the manner in which theologians have attempted to make the doctrine of God relevant to modern issues and outlooks and it charts the conditions that have necessitated such a reconfiguration of theological analysis While interrogatory in tone and intent *Disciplining the Divine* nevertheless provides a critical reconstruction of a Christian theology and practice which might be undertaken within the political and cultural contexts of the new millennium **A Scientific Theology: Nature** Alister E. McGrath, 2001 A Scientific Theology is a groundbreaking work of systematic theology in three volumes Nature Reality and Theory Written by one of the world's best known theologians these volumes together represent the most extended and systematic exploration of the relation between Christian theology and the natural sciences yet produced Thoroughly ecumenical this will be a significant work for Catholic

Orthodox Protestant and evangelical readers The work is marked throughout by a sustained and critical engagement with the history and philosophy of the natural sciences and by a passionate commitment to the legitimacy of theology as an academic discipline Thomas F. Torrance Paul D. Molnar,2009 This book provides an important study of the theology of Thomas F Torrance who is generally considered to have been one of the most significant theologians writing in English during the twentieth century with a view toward showing how his theological method and all his major doctrinal views were shaped by his understanding of the doctrine of the Trinity Torrance pursued a theology that was realist because he attempted to think in accordance with the unique nature of the object that is known In holding to such a methodology he drew an analogy between theology and natural science This book demonstrates how for Torrance God relates with humanity within time and space so that creation finds its meaning in relation to God and not in itself this enabled him to avoid many theological pitfalls such as agnosticism subjectivism and dualism while explaining the positive implications of various Christian doctrines in a penetrating and compelling manner This book offers an important resource for students of theology and for scholars who are interested in seeing how serious dogmatic theology shapes and should shape our understanding of the Christian life

Trinity After Pentecost William P Atkinson,2014-07-31 Trinity After Pentecost considers the triune God from a Pentecostal viewpoint In so doing it offers a fresh articulation of the theology of the Trinity taking the Holy Spirit as its starting point It concludes that the Trinity cannot be adequately appreciated using any single model whether social modal or psychological Instead it presents three models relational instrumental and substantial that must be held in paradoxical tension with one another to gain insight into the Trinity Of these the relational model is the foremost Pentecost offers rich potential for seeing the relations between the Father the Son and the Spirit as a dynamic reciprocal dance in which each Person empties their self in order to exalt the others **Rediscovering the Triune God** Stanley James Grenz,2004 The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God s trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God s inner life vs God s relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God s trinitarian life figures in evolution social justice and spirituality Grenz s Introduction place this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology *Divine Freedom and the Doctrine of the Immanent Trinity* Paul D. Molnar,2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar s quest to place the doctrine of the

immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar's original presentation of the divine freedom Molnar re-visits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner's and Torrance's discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard Jüngel's thinking *Rethinking the Trinity and Religious Pluralism* Keith E. Johnson, 2011-09-02 Founding his argument on a close reading of St Augustine's *De Trinitate* Keith Johnson critiques four recent attempts to construct a pluralistic theology of religions out of the orthodox doctrine of the Trinity *The New Evangelical Subordinationism?* Dennis W. Jowers, H. Wayne House, 2012-08-16 Whether and in what sense the Son of God might eternally submit to his Father's will is a question that has ignited a firestorm of controversy in today's evangelical academy On one side stand those who regard the affirmation of any inequality whatsoever in the Godhead as a revival of ancient subordinationism On the other stand persons who consider the Son functionally subordinate to the Father even within the immanent Trinity without respect to the Incarnation and regard their belief as integral to historic orthodoxy Many evangelicals moreover view the issue of subordination within the Trinity as pivotal to contemporary disputes about the role of women in church home and state If the relations of the divine persons constitute a paradigm for human life persons on all sides of the gender question argue human relations ought to reflect either the divine persons' exceptionless equality or their orderly differentiation of roles At the same time others consider the issues of equality in the Trinity and gender relations irrelevant to each other and accuse both complementarians and evangelical feminists of degrading the doctrine of the Trinity into a partisan weapon The *New Evangelical Subordinationism* gathers commentary on evangelical debates about equality and subordination in the Trinity from representatives of the gamut of perspectives just mentioned Here evangelical theologians biblical scholars and church historians of widely differing theological orientations address themselves to the panoply of questions raised by these debates This volume unprecedented in the breadth and depth of its coverage of the controversy over subordination in the Trinity should become a standard source for teaching and research on its subject **An Introduction to the Trinity** Declan Marmion, Rik van Nieuwenhove, 2011 This book introduces the main people and themes in the history of Trinitarian theology and analyses recent alternative readings of the tradition *Salt, Light, and a City, Second Edition* Graham Joseph Hill, 2017-06-13 Graham Hill's pioneering classic remains the seminal work on missional ecclesiology The bestselling first edition redefined theology for the missional church Hill builds biblical foundations in conversation with major theologians including Sarah Coakley John Zizioulas Stanley Hauerwas Miroslav Volf and Jürgen Moltmann In this major update he offers new insights and provides fresh examples of missional churches In the

first edition Hill interacted with twelve major theologians to build a missional ecclesiology In this thoroughly updated edition he interacts with sixteen major theologians from the Western world This edition includes five new chapters and an expanded treatment on the key convictions of global missional theology It also offers a new study guide that has been uploaded on an innovative website linked to this book This expanded edition now becomes volume 1 in a series on missional ecclesiology In volume 2 Hill will turn our attention to voices from the Majority World Known for his groundbreaking approach to theology theology for the global missional community Hill shows how God is releasing his global church to mission across all cultures and Christian traditions This extensive update to Hill s influential work offers pioneering theology and practices that will continue to shape the global missional church for generations Contributors 1 Joseph Ratzinger Benedict XVI The Church as Communion 2 Karl Rahner The Church as Community of Witness 3 Hans Kung The Church as Eschatological Community of Salvation 4 Catherine LaCugna The Church as Trinitarian Community Eastern Orthodox 5 Thomas Hopko The Church as Fullness of God 6 Vigen Guroian The Church as Peculiar and Ethical Community 7 John Zizioulas The Church as Eucharistic Communion 8 Frederica Matthews Greene The Church as Praying and Transformed Community Protestant 9 Letty Russell The Church as Household of Freedom 10 Jurgen Moltmann The Church as Messianic and Relational Koinonia 11 John Webster The Church as Communion of Saints 12 Dana L Robert The Church as Global and Missional People Free Church 13 John Howard Yoder The Church as New Redeemed Community 14 Barry Harvey The Church as Altera Civitas 15 Miroslav Volf The Church as Image of the Trinity 16 Reta Halteman Finger The Church as World Transforming Homes

The One, the Many, and the Trinity Marc A. Pugliese, 2011-04-15 Process metaphysics is frequently minimized or dismissed as a result of a failure to grasp its genuine significance Developments of the last several centuries in philosophy science and physics fostered a revolution in metaphysics This book surveys the reasons for process philosophy and theology its genesis and historical development It considers Alfred Whitehead s metaphysics and Charles Hartshorne s and others treatment of process theology The One the Many and the Trinity analyzes perhaps the most ambitious and robust system of process thought developed from a Roman Catholic perspective that of Joseph A Bracken S J Bracken brings together traditional Christian Trinitarian theism with process thought while integrating into a fundamentally Whiteheadian metaphysics a litany of diverse sources including Aristotelianism Thomism German Idealism Anglo American Idealism social theory existentialism postmodern thought and contemporary philosophy of science The book goes on to examine Bracken s process response to the problem of the one and many from a more traditional Catholic philosophical and theological perspective ABOUT THE AUTHOR Marc A Pugliese is assistant professor of theology at Brescia University PRAISE FOR THE BOOK Pugliese offers an extremely well informed careful and accurate reading of the philosophy of Joseph Bracken certainly the greatest Catholic advocate of process theology in the second half of the twentieth century With this book Pugliese has provided the most extensive reconstruction and critique of Bracken s thought yet available Philip Clayton Ingraham Professor of Theology

Claremont School of Theology Christology from Within and Ahead Mark L. Y. Chan, 2001 A hermeneutical Christology is developed which takes into account the historical contingency of knowledge Through the proposed models of Christology from within and from ahead it underscores the role of tradition experience and eschatology in the formulation of Christology

The Cambridge Companion to the Trinity Peter C. Phan, 2011-06-30 How do Christians reconcile their belief in one God with the concept of three divine persons This Companion provides an overview of how the Christian doctrine of the Trinity has been understood and articulated in the last two thousand years The Trinitarian theologies of key theologians from the New Testament to the twentieth century are carefully examined and the doctrine of the Trinity is brought into dialogue with non Christian religions as well as with other Christian beliefs Authors from a range of denominational backgrounds explore the importance of Trinitarian thought locating the Trinity within the wider context of systematic theology Contemporary theology has seen a widespread revival of the doctrine of the Trinity and this book incorporates the most recent developments in the scholarship

As recognized, adventure as with ease as experience nearly lesson, amusement, as skillfully as concurrence can be gotten by just checking out a books **Modern Trinitarian Perspectives** plus it is not directly done, you could receive even more re this life, around the world.

We allow you this proper as without difficulty as simple pretentiousness to acquire those all. We find the money for Modern Trinitarian Perspectives and numerous ebook collections from fictions to scientific research in any way. in the course of them is this Modern Trinitarian Perspectives that can be your partner.
