Murder Keeps A Secret:

Secrets Can be Murder Jane Velez-Mitchell, 2008-06-10 A respected television news journalist dissects the nation's most fascinating recent trials and court cases unearthing the disturbing secrets of criminals and victims and revealing how little separates a so-called normal life from that of a sociopath

Keeping Secrets Joan Lowery Nixon, 2013-11-27 It's the autumn of 1863 and as the Civil War rages a stranger named Violet seeks refuge with the Kelly family. Peg Kelly, 11, is thrilled Violet treats her like an adult, not a child. Violet is fleeing Confederate raiders and has information that may save the Union. But she can't deliver her message unless she takes a dangerous journey

Monster Mash Murder Leslie Langtry, 2023-10-17 From USA Today bestselling author Leslie Langtry comes a hauntingly hilarious mystery. What's scarier than ex-CIA agent Merry Wrath's Girl Scout troop? How about the spookiest Halloween haunted house ever? And the girls have found the perfect place to hold it: a disturbingly dilapidated Victorian with something in the basement that gives off some serious 'we're all gonna die' vibes. Tween mayor Ava bought the house with city funds, which has drawn the ire of grumpy city inspector Gilbert Moody. Who also happens to be the only one in town who is not afraid of the most terrifying Girl Scout in Merry's troop: the infamous Betty. This cranky civil servant has the paperwork to condemn any building, and he's not afraid to use it. Merry's got a horrifyingly full plate this fall: from her Chechen brothers-in-law moving in with her after their pregnant wives kicked them out to the troop illegally adopting a sullen turkey vulture named Reggie. And now her favorite ice cream parlor, Sugar Lips Feeling Lucky House of Delights, has been condemned. Moody would be feeling her wrath if he hadn't been murdered by zombies inside the haunted house. Following a cryptic series of confusing clues and dodging a hail of bullets, Merry needs to find the killer fast if she's going to save this Halloween.

What critics are saying about Leslie Langtry's books: I laughed so hard I cried on multiple occasions. Girl Scouts, the CIA, and the Yakuza: what could possibly go wrong? Fresh Fiction: Darkly funny and wildly over the top, this mystery answers the burning question: Do assassin skills and Girl Scout merit badges mix? RT Book Reviews: Mixing a deadly sense of humor and plenty of sexy sizzle, Leslie Langtry creates a brilliantly original, laughter-rich mix of contemporary romance and suspense. Chicago Tribune: Langtry gets the fun started from page one. Publisher's Weekly

The 1066 via Derby Howard of Warwick, 2020-04-24 The Normans are in town beware be careful or be dead From multiple Best Selling author Howard of Warwick comes more medieval mystery but not as we know it First there was medieval fiction then there was the medieval detective now the whole business has simply got ridiculous And Howard of Warwick must be held to account Medieval crime comedy didn't even exist until he started interfering An old wise woman of Derby is dead and Brother Hermitage has been asked to deal with her Which means she must have been murdered people only die of murder when Brother Hermitage is in town And if she was murdered who on earth would do that to an old wise woman in her own hovel for goodness sake The Norman soldiers camping just down the road Quite likely The local people who seem to have good reason to hate her Quite possibly Anyone who wanted to steal her ill-gotten gains Quite feasibly Very well quite a few people would want to kill an old wise woman in her own hovel Brother

Hermitage just has to work out which one Can t be hard surely But this is Brother Hermitage and the characters of Derby are being less than helpful as well as pretty peculiar In The 1066 via Derby Brother Hermitage is once more disappointed by the moral standards of the average 11th Century killer Stumbling through a host of conclusions one of which must be right surely and a small host of extra murders just for completeness Hermitage uncovers crime of a truly despicable nature The guilty must face the consequences of their actions and pay the price but that s someone else s business Hermitage only does investigation Comments are consistent 5 Another Fun Filled Adventure 5 OH MY 5 And Howard of Warwick has done it again 5 Ha ha ha Aha Brother Hermitage does it again 5 Excellent work 5 Please Sir when is the next one coming 5 Another success 5 Another masterpiece from Howard 5 Top marks as usual

Michael

Gordon,2015-10-03 The Thames Torso Murders have been overshadowed by Jack the Ripper and his crimes but were just as brutal and gruesome They began in 1887 in London s East End just north of the Thames River in Rainham England The killer took one victim that year another in 1888 and two more in 1889 He resumed his crimes in 1902 taking his last victim south of the Thames and leaving her body in a pile of dismembered parts as he had done with most of his other victims This work delves deep into the case of the Thames Torso Murders It begins with a look at London in the late 1800s a time of great confusion and tremendous population increase and the killer s path to London which seems to include a murder in Paris in 1886 The book then examines in great detail each murder and the investigation that may have been hindered by the search for Jack the Ripper It also raises the idea that Jack the Ripper and the Torso Murderer may have been the same man Severin Klosowski better known as George Chapman the Borough Poisoner It ends with an examination of Serial Killers the Ripper Torso and Borough Poisoner murder cases the search for clues to the serial killer responsible for the five Thames Torso

murders and Wolff Levisohn a dark horse who seems to have known much about all three sets of murders testified at Chapman's murder trial and then faded away as Chapman was sent to the gallows Keeping Secrets, Telling Lies Nishawnda Ellis, 2009 When a woman frames someone else for a murder she committed she finds herself caught in a game of cat and mouse that leaves several more people murdered and many lives torn apart The Traditional Tunes of the Child Ballads, Volume 2 Bertrand Harris Bronson, 2015-12-08 Continuing the monumental work begun in Volume I Bertrand Bronson presents here the words and music for Child Ballads 54 through 113 The texts are those established in the famous Child canon of English and Scottish ballads To them Mr Bronson has added more than a thousand variant tunes grouped to show their melodic kinship and the characteristic variations developed in the course of traditional singing and oral transmission Originally published in 1962 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Tell No Lies But Keep Secrets Monique Bizzell, 2008-11-11 Sci fi is very popular these days We love our tech gadgets that do wonders that seem like miracles or magic We can't get enough of it in books in movies and on television We are on a train that no one knows for sure where it's leading us Will technology be used to help us gain better control over our lives or will our lives become controlled by technology instead What if the answer was both The former wouldn't be cause for alarm but the latter would be Just how is technology going to control our lives and will it hurt Tell No Lies But Keep Secrets takes the reader on a journey that's filled on the future of mankind and where technology should fit into the schema of man's existence Tell No Lies But Keep Secrets is an action thriller with action scenes and fight scenes that would look awesome on the big screen There are some unexpected twists to the unusual fight scenes in the action thriller spy genre What I like most about this story is besides writing it is the technology Much of the technology in Tell No Lies But keep Secrets is fringe science but some of it actually does exist with only bits of the full scope of the technology having been released to the public such as mind reading technologies The future tech that was created for this story does not exist today but there is a great possibility that it some day could Tell No Lies But Keep will have the reader think about technology and its place amongst us The reader is also taken on a journey that will have them pondering on what are the real truths and what are created truths of their very own existence
