Packhorses To The Pacific:

Packhorses to the Pacific Cliff Kopas, 2011-02-01 Babes in the woods That's how Ruth and Cliff Kopas were described by one of many colourful characters the pair encountered on their amazing journey across the Rockies through to British Columbia's west coast in 1933 Married on the day they left on their dangerous trek Ruth and Cliff were eager for adventure and their courageous spirits and resourceful minds made up for any experience they lacked Their motive was to fulfill Cliff's childhood dream of following in Alexander Mackenzie's footsteps to the Pacific For four months the two slogged scrambled and sloshed their way through some of the roughest terrain in North America Their horses were their loyal companions and the towering peaks azure lakes and shimmering skies that greeted them were their reward Their story full of excitement and suspense is peppered with humorous observations historical anecdotes and a deep love for the Canadian wilderness

Journal of Trip Across Canada Walter Cheadle, 2011-02-01 Walter B Cheadle's diary tells his incredible story of travelling with Lord Milton as they journeyed along the uncharted Yellowhead route in 1862-63 A miraculously successful expedition the men traversed the continent making their way from Quebec through Saskatchewan Alberta up the Athabasca River risking their lives opening the trails through the Canadian Rockies and eventually arriving in Victoria British Columbia in 1863 Cheadle's candid and gritty but also humorous account tells in intimate detail what life and travel was like in the Northwest and BC during the latter days of the fur trade era He acknowledges the heavy debt owed by all the early explorers to the Plains Indians who passed on to the first white men their sophistication in the ways of the wilderness He also records the gradual demoralization of the Native people under the impact of European culture A welcome addition to the Classics West series Cheadle's Journal is a rare and important document of a remarkable life and time [The Ranch on the Cariboo](#) Alan Fry, 2011-02-01 It was the summer of 43 on a Cariboo ranch He was 12 and had to become a man If you were a man you could become a cowboy Join the author on this nostalgic look back on the joys frustrations and observations of growing up and discovering where he belongs Excerpt from Eldon Lee's foreword This book by Alan Fry is probably the best book ever

written on ranch life in the Cariboo His account of everyday events is so perceptive and so true to the mark that all we country types yearn to re experience its joys and its miseries The Ranch on the Cariboo is a good book and while it may not make a pretty sight to the tractor jockeys by damn it is authentic I should know because I was raised on a similar ranch just 18 miles north

Carving the Western Path Robert Gurlay Harvey, 1999 The history of British Columbia's transportation systems north of the Canadian National Railway's mainline may not be well known but it certainly is colourful Continuing the story he began in the first volume of Carving the Western Path R G Harvey describes the development of river road and rail routes that crossed the northern two thirds of BC This was a land of dreams and schemes that seemed to feed on each other It started with the Collins Overland Telegraph a communication link that was to connect Europe and America in the 1860s Though this plan collapsed with the success of the trans Atlantic cable the telegraph surveyors established patterns for future roads and settlement They also sparked the Omineca gold rush It was a land full of larger than life characters including Charles Hays who dreamed of a major seaport at Prince Rupert but died on the Titanic before he could realize his vision Charles Bedaux who in the 1930s carved his 416 mile path into the northern Rockies Railway promoters Warburton Pike Sir Edward Phillipps Wolley William Mackenzie and Donald Mann who got gifts of land and money but couldn't always meet their promises Their stories mingle with those of the Grand Trunk Pacific Railway the Alaska Highway the White Pass and Yukon Railway and those of the sternwheelers fur traders gold miners and other adventurers who were drawn to this last frontier

Canoeing a Continent Max Finkelstein, 2005-03-21 A highly personal account of the travels of Max Finkelstein as he retraces some two hundred years later the route of Alexander Mackenzie the first European to cross North America 1793 Mackenzie's water trail is now commemorated as the Alexander Mackenzie Voyageur Route More than just a travelogue of a canoe trip across Canada this is an account that crosses more than two centuries It is an exploration into the heart and mind of Alexander Mackenzie the explorer and Max Finkelstein the Voyageur in Training Using Mackenzie's journals and his own journal writings the author creates a view of the land from two vantage points The author retraced the route of Alexander Mackenzie across North America from Ottawa through to Cumberland House Saskatchewan and paddled the Blackwater Fraser and Peace Rivers completing the trip in 1999 This route is the most significant water trail in North America and perhaps the world A must read for everyone who loves wild places and the magic of canoes Cliff Jacobson Outdoor Writer Consultant Past and present collide in this journey of discovery across the map of Canada Max craves the extremes He relishes in coping with what nature throws at him punishing himself to find his physical limits and experiencing firsthand the inherent dangers in such a voyage With Alexander Mackenzie as his guide and inspiration Max finds the strength to carry on against all odds to forge poignant historical and personal links in this incredible cross Canada paddling odyssey Becky Mason Artist and Paddler Chelsea Quebec

Vikings of the Pacific Agnes C. Laut, 2019-12-17 In Vikings of the Pacific Agnes C Laut transports readers into the enthralling history of the Norse explorers who ventured beyond the Arctic navigating the

treacherous Pacific waters With a narrative style that balances meticulous historical research with vivid storytelling Laut unveils the complex interplay between geography culture and the fearless spirit of exploration Anchored in the late 19th and early 20th centuries when both interest in Norse mythology and ethnographic studies were surging this work offers a fascinating juxtaposition of romanticized adventure and scholarly rigor situating the Vikings as pioneering mariners who shaped early Pacific narratives Agnes C Laut a prolific Canadian author and journalist was known for her incisive writing and profound understanding of history and sociology which she skillfully weaves into her narratives Her passion for unearthing forgotten stories of the past led her to embark on this ambitious project Laut s experience as a researcher also illuminates her nuanced perspective on the Vikings transcending their often one dimensional portrayal in popular culture and revealing their true role as vibrant agents of change in Pacific history Readers with a fascination for maritime exploration Norse heritage or the nuanced narratives surrounding early Pacific encounters will find Vikings of the Pacific an indispensable addition to their literary collection Laut s engaging prose and thorough scholarship make this an exciting and informative read for both historians and casual readers alike offering a fresh lens through which to view the adventures that shaped our understanding of the Pacific
