Pakistan Partypolitics Prebure Groups And Minorities:

Pakistan, Party Politics, Pressure Groups, and Minorities Attar Chand,1991 **Pakistan, Party Politics, Pressure Groups, and Minorities** Attar Chand,1991 **Guests of God : Pilgrimage and Politics in the Islamic World** Robert R. Bianchi Formerly Associate Professor of Political Science University of Chicago,2004-09-09 Each year more than two million pilgrims from over 100 countries converge on the holy city of Mecca to reenact the ritual dramas that Muslims have been performing for centuries Making the hajj is one of the most important duties in the life of a Muslim The pilgrimage and its impact on international politics is enormous and growing every year yet Westerners know virtually nothing about it What is the hajj and what does it mean Who are the hajjis What do they do and say in Mecca and how do they interpret their experiences Who runs the hajj and what are their political objectives How does the hajj encourage international cooperation among Muslims and can it also promote harmony between Islam and the West In *Guests of God* Robert R Bianchi seeks to answer these and many other questions While it is first and foremost a religious festival he shows the hajj is also very much a political event The Muslim world s leading multinational organization the Organization of the Islamic Conference has established the first international regime explicitly devoted to pilgrimage Every large Muslim nation has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it Yet Bianchi argues no authority secular or religious national or international can really control the hajj Pilgrims believe that they are entitled to travel freely to Mecca as *Guests of God* not as guests of any nation or organization that might wish to restrict or profit from their efforts to fulfill a fundamental religious obligation Drawing on his personal experience as a pilgrim and a wealth of data gathered over the course of ten years of research Bianchi has produced a fascinating look at the hajj filled with personal candid stories from political and religious leaders and hajjis from all walks of life A wide ranging study of Islam politics and power *Guests of God* is the most complete picture of the hajj available anywhere **Political Parties, Pressure Groups and Social Movements** Dr. Ram Ayodhya Singh,2021-09-15 A political party is a political organization that typically seeks to influence government policy usually by nominating their own candidates and trying to seat them in political office Parties participate in electoral campaigns and educational outreach or protest actions Parties often espouse an expressed ideology or vision bolstered by a written platform with specific goals forming a coalition among disparate interests An advocacy group is a group or an organization which tries to influence the government but does not hold power in the government A single issue group may form in response to a particular issue area sometimes in response to a single event or threat Some have developed into important social political institutions or social movements Some powerful Lobby groups have been accused of manipulating the democratic system for narrow commercial gain and in some instances have been found guilty of corruption fraud bribery and other serious crimes lobbying has become increasingly regulated as a result Some groups generally ones with less financial resources may use direct action and civil disobedience and in some cases are accused of being a threat to the social

order or domestic extremists Research is beginning to explore how advocacy groups use social media to facilitate civic engagement and collective action

Each year about two million pilgrims from over 100 countries converge on the Islamic holy city of Mecca for the hajj While the hajj is first and foremost a religious festival it is also very much a political event No government can resist the temptation to manipulate the hajj for political and economic gain Every large Muslim state has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it The Muslim world's leading multinational organization the Organization of the Islamic Conference has established the first international regime explicitly devoted to pilgrimage Yet Robert Bianchi argues no secular or religious authority national or international can really control the hajj State sponsored pilgrimage management consistently backfires giving government opponents valuable ammunition and allowing them to manipulate the symbols and controversies of the hajj to their own ends Bianchi has been researching the hajj for over ten years and draws on interviews with and data from hajj directors in five Muslim countries Pakistan Malaysia Turkey Indonesia and Nigeria statistics from Saudi Arabian hajj authorities as well as his personal experience as a pilgrim The result is the most complete picture of the hajj available anywhere and a wide ranging work on Islam politics and power
