Palace Inns A Connoisseurs Guide To Historic:

The Palace Inns Brian McGinty, 1978 **Built to Last 100+ Year-Old Hotels West of the Mississippi** Stanley Turkel, 2017-05-23 This volume completes my three books about hundred year old hotels in the United States Built to Last 100 Year Old Hotels in New York 2009 32 Hotels Built to Last 100 Year Old Hotels East of the Mississippi 2011 86 Hotels Built to Last 100 Year Old Hotels West of the Mississippi 2017 60 Hotels This trilogy describes 178 hotels in the United States that are each more than a hundred years old and fifty rooms or larger The fascinating stories about their creation and the people who nurtured them represent great American business history They should be a required reading for every hotel owner general manager hotel employee and student of hotel management Every hotel in the country should have copies on hand to distribute to hotel guests Great American Hoteliers Stanley Turkel, 2009-09-16 During the thirty years prior to the Civil War Americans built hotels larger and more ostentatious than any in the rest of the world These hotels were inextricably intertwined with American culture and customs but were accessible to average citizens As Jefferson Williamson wrote in The American Hotel Knopf 1930 hotels were perhaps the most distinctively American of all our institutions for they were nourished and brought to flower solely in American soil and borrowed practically nothing from abroad Development of hotels was stimulated by the confluence of travel tourism and transportation In 1869 the transcontinental railroad engendered hotels by Henry Flagler Fred Harvey George Pullman and Henry Plant The Lincoln Highway and the Interstate Highway System triggered hotel development by Carl Fisher Ellsworth Statler Kemmons Wilson and Howard Johnson The airplane stimulated Juan Trippe John Bowman Conrad Hilton Ernest Henderson A M Sonnabend and John Hammons My research into the lives of these great hoteliers reveals that none of them grew up in the hospitality business but became successful through their intense on the job experiences My investigation has uncovered remarkable and startling true stories about these pioneers some of whom are well known and others who are lost in the dustbin of history **Great American Hotel Architects Volume 2** Stanley Turkel CMHS, 2020-10-27 The fourteen architects featured in this book designed 304 hotels and apartment hotels Many were designed on the European plan for families to live without full service kitchens Meals were prepared and served in restaurant type dining rooms catering exclusively to residents and their families The apartment hotels employed full time service staffs who prepared and served daily room service meals The first apartment hotels were built between 1880 and 1895 They were followed by a second wave of construction after the passage of the 1899 building code and the 1901 Tenement House Law The third wave of apartment hotel construction occurred during the 1920s and ended with the Great Depression of the thirties The passage of the Multiple Dwelling Act of 1929 altered height and bulk restrictions and permitted high rise apartment buildings for the first time **New York Hotel Experience** Annabella Fick, 2017-03-15 For more than two hundred years hotels have played a significant role in American history The modern hotel is even an American invention In five case studies of iconic New York hotels this book presents the hotel experience of the

white upper class literati young artists African Americans and Jewish Americans in the twentieth century Using a variety of texts including autobiographies movies and novels the impact of hotel experience on society and culture which has been neglected until now becomes apparent This unique approach offers a new way of reading New York and helps to better understand the city s special dynamics *Histories, Meanings and Representations of the Modern Hotel* Kevin J.

James,2018-08-15 This book surveys current writing on the history of the modern hotel focusing on three areas of vibrant and timely scholarly enquiry the uniqueness of the American hotel the contested status of the colonial and postcolonial hotel and the hotel s embroilment in violent conflict It explores the hotel as an institution that incubates innovation enables commercial relations on a variety of scales and supplies an arena for negotiating relations of political cultural and economic power The volume presents a number of case studies including the hotel in wartime and as a terrorist target and critically engages with innovative scholarship that links the relationship of the hotel to wider narratives of Western modernity It is aimed at tourism studies scholars as well as history and critical and applied tourism studies students at undergraduate and graduate levels

A Toast to Eclipse Brian McGinty,2012-08-31 The sparkling wines of California rival the best French Champagnes today but their place at our tables came about through careful craftsmanship that began more than a century ago The predecessor of today s California bubbly was Eclipse Champagne the first commercially successful California sparkling wine produced by Arpad Haraszthy in the mid to late nineteenth century In *A Toast to Eclipse* Brian McGinty offers a definitive history of the wine exploring California s winemaking past and two of the people who put the state s varietal wines on the map Arpad and his father Agoston Haraszthy the legendary father of California viticulture Inspired by his father s dream of making California one of the world s great viticultural regions Arpad Haraszthy 1840 1900 pursued that goal at a time when the best grapes for making California wine had yet to be discovered when the best locations for vineyards had not yet been established and when the public could hardly believe that good wine could be made in a country overrun with gold miners and desperados As a young man Arpad spent two years in the Champagne country of northeastern France studying the classic methods of French sparkling wine manufacture before bringing his knowledge home to California As McGinty shows the story of the award winning wine Haraszthy created is also the story of San Francisco during its heyday as the largest most dynamic city in the American West McGinty reveals new information about California varietals and winemaking districts and probes the controversy about whether Agoston Haraszthy introduced the Zinfandel grape to the Golden State Aficionados of wine and of California history will find this narrative insightful and refreshing and all readers will gain an appreciation for Arpad Haraszthy Eclipse and the delicate process of making a wine sparkle *Summer by the Seaside* Bryant Franklin Tolles,2008 A sweeping richly illustrated architectural study of the large historic New England coastal resort hotels [Anglo-American Travelers and the Hotel Experience in Nineteenth-Century Literature](#) Monika Elbert,Susanne Schmid,2017-08-24 This volume examines the hotel experience of Anglo American travelers in the nineteenth century from the viewpoint of literary

and cultural studies as well as spatiality theory Focusing on the social and imaginary space of the hotel in fiction periodicals diaries and travel accounts the essays shed new light on nineteenth century notions of travel writing Analyzing the liminal space of the hotel affords a new way of understanding the freedoms and restrictions felt by travelers from different social classes and nations As an environment that forced travelers to reimagine themselves or their cultural backgrounds the hotel could provide exhilarating moments of self discovery or dangerous feelings of alienation It could prove liberating to the tourist seeking an escape from prescribed gender roles or social class constructs The book addresses changing notions of nationality social class and gender in a variety of expansive or oppressive hotel milieu in the private space of the hotel room and in the public spaces foyers parlors dining areas Sections address topics including nationalism and imperialism the mundane vs the supernatural comfort and capitalist excess assignations trysts and memorable encounters in hotels and women s travels The book also offers a brief history of inns and hotels of the time period emphasizing how hotels play a large role in literary texts where they frequently reflect order and disorder in a personal and or national context This collection will appeal to scholars in literature travel writing history cultural studies and transnational studies and to those with interest in travel and tourism hospitality and domesticity

Built to Last Stanley Turkel CMHS ISHC, 2013-09-05 *Built to Last* 100 Year Old Hotels East of the Mississippi is a sequel to my 2011 book *Built To Last* 100 Year Old Hotels in New York It has 86 chapters one for each century old hotel of 50 rooms or more east of the Mississippi River and each is illustrated by an antique postcard The Foreword was written by Joseph McInerney CHA President of the American Hotel Lodging Association The book has been accepted for promotion distribution and sale by the American Hotel Lodging Educational Institute My research into the histories of these hotels turned up fascinating stories about single minded developers brilliant and accidental architects dedicated owners famous and infamous guests and even the story of an underground bunker shelter the size of two football fields built under a hotel to house the U S Government in the event of a nuclear war
