Experiential Christianity Ray Morose,2011 Experiential Christianity The main objective of this book is to illuminate the experiential arm of Christianity and by doing so redefine its devotional arm The devotional arm may guide but it takes the experiential arm to confirm By its nature experiential Christianity can bypass religious borders as it is not a dogma theology or a belief but a state of experiential being Hence can connect with and be beneficial to everyone regardless of his or her religious affiliation In this reevaluation of Christianity its living essence is revealed That exposure reveals an experiential pathway that unveils a practical foundation for a moral compass to steer one through the various hazards of daily living By learning to avoid those hazards your one and only purpose in life is revealed which is to discover the experiential reality of the statement made by Jesus that God is within you Everything else is secondary Meaning that experience is primary as it is used to define how one lives acts and thinks Based upon that experience a moral foundation naturally arises providing a cornerstone for ethical stances that cannot be manipulated or twisted by the many and varied seductive playthings engendered by self interest The depth of understanding released by the actual experiential discovery that God is within you changes your life forever you are truly reborn However that experience is not achievable by belief alone You must be willing to experientially delve into the core of your existence to discover the reality of that statement by Jesus Meaning you must experience it and not just believe it For that journey you will require intellectual knowledge of how all the internal components of your existence function and interrelate Without that knowledge you would easily become bewildered and distressed by the confusing quantity of ambiguous information that can block your pathway and in despair claim that experience is impossible Hence this book outlines all the tools you need to survive that internal journey and provides a map to begin your search Using both the tools and map is a personal decision that another cannot make for you You either do or do not There is no in between Does a non material entity referred to as God exist Yes Is it possible to logically confirm that assertion Yes Is a personal connection to that entity possible Absolutely That personal connection is not hiding You are hiding from it This book provides all the necessary information to realize that connection When that realization is a living reality it transforms belief into actuality establishing the cornerstone of an indestructible faith that underpins every thought and action in your life That experience adds experiential authenticity to your life confirming your eternal career has begun and that beginning has no end

Weidong,2019-03-01 The Belt and Road Initiative hereafter BRI of China has attracted worldwide attention and participation causing a lot of debate over its implications for international society Although it is still in a budding stage the BRI seems to afford a framework for an increasing number of countries to explore jointly new international economic governance mechanisms and offer significant opportunities for them to cope jointly with global challenges Taking a globalization perspective and tracking the ancient silk roads this book tries to examine the general context in which the BRI is raised and implemented arguing that this Chinese initiative instead of replacing existing international cooperation mechanisms is a call for the reform and development of neoliberal globalization and will open up a new era of inclusive globalization Inclusive globalization is neither an overturning nor a simple continuation of neoliberal globalization but rather a proposal capable of addressing the problems of existing globalization The difference between them lies in the fact that globalization cannot only serve the spatial fix of capital but also has to meet the needs of living people The book also addresses a number of major issues on building the Belt and Road and contains Chinese media s interviews with the author on various BRI issues Given the author has been intensively involved in the study of and planning for the BRI the book offers a valuable academic insight into this Chinese initiative *"Pathways 2 Truth: A Devotional for Hardcore Believers"* Nicholas Carl Moore,2014-07-17 P2T has been written as a non traditional spiritual devotional dedicated to provoking the reader toward truth in the Word of God Our daily experiences are our catalyst to share the love of God through Christ Jesus You have heard it said that you are what you eat To that end P2T is an all you can eat spiritual buffet Bon a petite
