S. T. Joshi, Darrell Schweitzer, 2013-12-13 Anglo Irish writer Lord Dunsany 1878 1957 was a pioneering writer in the genre of fantasy literature and the author of such celebrated works as *The Book of Wonder* 1912 and *The King of Elfland's Daughter* 1924 Over the course of a career that spanned more than five decades Dunsany wrote thousands of stories plays novels essays poems and reviews and his work was translated into more than a dozen languages Today Dunsany's work is experiencing a renaissance as many of his earlier works have been reprinted and much attention has been paid to his place in the history of fantasy and supernatural literature This bibliography is a revision of the landmark volume published in 1993 which first charted the full scope of Dunsany's writing This new edition not only brings the bibliography up to date listing the dozens of new editions of Dunsany's work that have appeared in the last two decades and the wealth of criticism that has been written about him but also records many obscure publications in Dunsany's lifetime that have not been previously known or identified In all the bibliography has been expanded by at least thirty percent Among this new material are dozens of uncollected short stories newspaper articles and poems and many books essays and reviews of Dunsany's work published over the past century Altogether this bibliography is the definitive listing of works by and about Dunsany and will be the foundation of Dunsany studies for many years to come      **Lord Dunsany, H.P. Lovecraft, and Ray Bradbury** William F. Touponce, 2013-10-10 In his classic study *Supernatural Horror in Literature* H P Lovecraft discusses the emergence of what he called spectral literature literature that involves the gothic themes of the supernatural found in the past but also considers modern society and humanity Beyond indicating how authors of such works derived pleasure from a sense of cosmic atmosphere Lovecraft did not elaborate on what he meant by the term spectral as a form of haunted literature concerned with modernity In *Lord Dunsany H P Lovecraft and Ray Bradbury Spectral Journeys* William F Touponce examines what these three masters of weird fiction reveal about modernity and the condition of being modern in their tales In this study Touponce confirms that these three authors viewed storytelling as a kind of journey into the spectral Furthermore he explains how each identifies modernity with capitalism in various ways and shows a concern with surpassing the limits of realism which they see as tied to the representation of bourgeois society The collected writings of Lord Dunsany H P Lovecraft and Ray Bradbury span the length of the tumultuous twentieth century with hundreds of stories By comparing these authors Touponce also traces the development of supernatural fiction since the early 1900s Reading about how these works were tied to various stages of capitalism one can see the connection between supernatural literature and society This study will appeal to fans of the three authors discussed here as well as to scholars and others interested in the connection between literature and society criticism of supernatural fiction the nature of storytelling and the meaning and experience of modernity      **Lord Dunsany**
