Patriarchs And Parasites The Gentry Of South West Wales In The Eighteenth Century

F. M. L. Thompson

Patriarchs And Parasites The Gentry Of South West Wales In The Eighteenth Century:

Patriarchs and Parasites David W. Howell, 1986 The 18th century was the high noon of the gentry's influence and power and this study is the first to investigate the fortunes and character of the ruling class of this particular isolated corner of Britain during their golden age **The Eighteenth Century**, 1970 *The Welsh Methodist Society* Eryn M.

White, 2020-06-15 The evangelical or Methodist revival had a major impact on Welsh religion society and culture leading to the unprecedented growth of Nonconformity by the nineteenth century which established a very clear difference between Wales and England in religious terms Since the Welsh Calvinistic Methodist movement did not split from the Church to form a separate denomination until 1811 it existed in its early years solely as a collection of local society meetings By focusing on the early societies in south west Wales this study examines the grass roots of the eighteenth century Methodist movement identifying the features that led to its subsequent remarkable success At the heart of the book lie the experiences of the men and women who were members of the societies along with their social and economic background and the factors that attracted them to the Methodist cause The Routledge Companion to Britain in the Eighteenth Century Jeremy

Gregory, John Stevenson, 2012-11-12 Enormously rich and wide ranging The Routledge Companion to Britain in the Eighteenth Century brings together in one handy reference a wide range of essential information on the major aspects of eighteenth century British history The information included is chronological statistical tabular and bibliographical and the book begins with the eighteenth century political system before going on to cover foreign affairs and the empire the major military and naval campaigns law and order religion economic and financial advances and social and cultural history Key features of this user friendly volume include wide ranging political chronologies major wars and rebellions key treaties and their terms chronologies of religious events approximately 500 biographies of leading figures essential data on population output and trade a detailed glossary of terms a comprehensive cultural and intellectual chronology set out in tabular form a uniquely detailed and comprehensive topic bibliography All those studying or teaching eighteenth century British history will find this concise volume an indispensable resource for use and reference *Government and Community in the English Provinces, 1700-1870* David Eastwood, 1997-06-09 In this bold and original study David Eastwood offers a reinterpretation of politics and public life in provincial England He explores the ways in which power was exercised and reconstructs the social and cultural foundations of political authority in provincial England Professor Eastwood demonstrates the crucial role played by local elites in policy making and shows how English public institutions and political culture can only be understood in terms of the long run development of the English state A Companion to Eighteenth-Century Britain H. T.

Dickinson, 2008-04-15 This authoritative Companion introduces readers to the developments that lead to Britain becoming a great world power the leading European imperial state and at the same time the most economically and socially advanced politically liberal and religiously tolerant nation in Europe Covers political social cultural economic and religious history

Written by an international team of experts Examines Britain's position from the perspective of other European nations

Comfort, Pleasure and Prestige Alan Wilson, 2016-12-05 *Comfort Pleasure and Prestige* describes the ways in which the Welsh gentry used domestic technology to ensure that their country house lifestyle was as comfortable as possible While the focus of the book is unashamedly about the technology of country houses in order to explain why some technologies were adopted while others were not domestic technology is placed squarely in its social and historical context Although the Welsh gentry's fortunes fluctuated wildly between 1750 and 1930 throughout that period they continued to pursue a quite hedonistic lifestyle in the relative opulence of their country houses To a large extent they did so due to their willingness to install new forms of technology such as flush toilets electric lighting and central heating In exploring the relationship between technology domestic service and the gentry's social aspirations *Comfort Pleasure and Prestige* draws on examples of country houses from across west Wales This book is essential reading for those wanting to know more about the technologies that enabled country houses to run smoothly It is also essential reading for those who wish to understand more fully how the gentry actually lived and the social technical and economic factors that lay behind the introduction of new technology in Welsh country houses

Crime, Justice and Discretion in England 1740-1820 Peter King, 2000-09-28 The criminal law has often been seen as central to the rule of the 18th century landed elite in England This book presents a detailed analysis of the judicial process of victim's reactions pretrial practices policing magistrates hearings trials sentencing pardoning and punishment using property offenders as its main focus The period 1740-1820 the final era before the coming of the new police and the repeal of the capital code emerges as the great age of discretionary justice and the book explores the impact of the vast discretionary powers held by many social groups It reassesses both the relationship between crime rates and economic deprivation and the many ways that vulnerability to prosecution varied widely across the lifecycle in the light of the highly selective nature of pretrial negotiations More centrally by asking at every stage who used the law for what purposes in whose interests and with what effects it opens up a number of new perspectives on the role of the law in eighteenth century social relations The law emerges as the less the instrument of particular elite groups and more as an arena of struggle of negotiation and of compromise Its rituals were less controllable and its merciful moments less manageable and less exclusively available to the gentry elite than has been previously suggested Justice was vulnerable to power but was also mobilised to constrain it Despite the key functions that the propertied fulfilled courtroom crowds the counter theatre of the condemned and the decisions of the victims from a very wide range of backgrounds had a role to play and the criteria on which decisions were based were shaped as much by the broad and more humane discourse which Fielding called the good mind as by the instrumental needs of the propertied elites

Footsteps of 'Liberty and Revolt' Mary-Ann Constantine, Dafydd Johnston, 2013-04-15 A collection of essays exploring the impact on Welsh culture of one of the most exciting periods in history the decades surrounding the French Revolution of 1789

Bride Ales and Penny Weddings R. A.

Houston,2014-05 Looks at regionally distinctive practices of wedding traditions in Britain from the sixteenth to the nineteenth centuries in order to understand social networks community attitudes and local and regional identities *The Cambridge Social History of Britain, 1750-1950* F. M. L. Thompson,1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians have had no difficulty in finding their subject The difficulty rather is that the advance has occurred through such an outpouring of research and writing that it is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of recent monographic research and presented an interpretation of the development of modern British society since 1750 from three complementary perspectives those of regional communities of the working and living environment and of social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change *Reader's Guide to British History* David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication **The Rise and Fall of Class in Britain** David Cannadine,1999 Although politicians in Britain are now calling for a classless society can one conclude as do many scholars that class does not matter anymore Cannadine uncovers the meanings of class for such disparate figures as Adam Smith Karl Marx and Margaret Thatcher and identifies the moments when opinion shifted such as the aftermath of the French Revolution and the rise of the Labour Party in the early twentieth century **Love and Marriage in the Age of Jane Austen** Rory Muir,2024-01-01 What happened when Jane Austen s heroines and heroes were finally wed Marriage is at the centre of Jane Austen s novels The pursuit of husbands and wives advantageous matches and of course love itself motivate her characters and continue to fascinate readers today But what were love and marriage like in reality for ladies and gentlemen in Regency England Rory Muir uncovers the excitements and disappointments of courtship and the pains and pleasures of marriage drawing on fascinating first hand accounts as well as novels of the period From the glamour of the ballroom to the pressures of careers children managing money and difficult in laws love and marriage came in many guises some wed happily some dared to elope and other relationships ended with acrimony adultery domestic abuse or divorce Muir illuminates the position of both men and women in marriage as well as those spinsters and bachelors who chose not to marry at all This is a richly textured account of how love and marriage felt for people at the time revealing their unspoken assumptions fears pleasures and delights *Strangers Within the Realm* Bernard Bailyn,Philip D.

Morgan, 2012-12-01 Shedding new light on British expansion in the seventeenth and eighteenth centuries this collection of essays examines how the first British Empire was received and shaped by its subject peoples in Scotland Ireland North America and the Caribbean An introduction surveys British imperial historiography and provides a context for the volume as a whole The essays focus on specific ethnic groups Native Americans African Americans Scotch Irish and Dutch and Germans and their relations with the British as well as on the effects of British expansion in particular regions Ireland Scotland Canada and the West Indies A conclusion assesses the impact of the North American colonies on British society and politics Taken together these essays represent a new kind of imperial history one that portrays imperial expansion as a dynamic process in which the outlying areas not only the English center played an important role in the development and character of the Empire The collection interprets imperial history broadly examining it from the perspective of common folk as well as elites and discussing the clash of cultures in addition to political disputes Finally by examining shifting and multiple frontiers and by drawing parallels between outlying provinces these essays move us closer to a truly integrated story that links the diverse ethnic experiences of the first British Empire The contributors are Bernard Bailyn Philip D Morgan Nicholas Canny Eric Richards James H Merrell A G Roeber Maldwyn A Jones Michael Craton J M Bumsted and Jacob M Price *A New Anatomy of Ireland* Toby Christopher Barnard, 2004-01-01 What was life like for Irish Protestants between the mid 17th and the late 18th centuries Toby Barnard scrutinizes social attitudes and structures in every segment of Protestant society during this formative period *The Agrarian History of England and Wales....* Joan Thirsk, 1985 *Chapters from the Agrarian History of England and Wales: Volume 2, Rural Society: Landowners, Peasants and Labourers, 1500-1750* Joan Thirsk, 1990-03 Material from *The Agrarian History of England and Wales* in paperback with new introductions **The Rural Poor in Eighteenth-century Wales** David W. Howell, 2000 A comprehensive study of life in rural Wales in the 18th century comprising an exploration of the landscape land ownership and tenancy poverty and disease together with an appreciation of the rich culture religion and superstitions of the inhabitants and their contribution to the politics of the era **Peasant Petitions** R. Houston, 2014-07-02 This book examines the structures and texture of rural social relationships using one type of document found in abundance over all the four component parts of Britain and Ireland petitions from tenants to their landlords The book offers unexpected angles on many aspects of society and economy on estates in the 17th and 18th centuries
