Patriarchs And Politics The Plight Of The Mormon Woman:

Patriarchs and Politics Marilyn Warenski,1978 *Women and Indians on the Frontier, 1825-1915* Glenda Riley,1984
Study of life for white women and Indians during the expansion west Patriarchs and Politics Marilyn Warenski,1978

Religion and Politics in the Contemporary United States R. Marie Griffith,Melani McAlister,2008-06-09 This collection of essays from a special issue of American Quarterly explores the complex and sometimes contradictory ways that religion matters in contemporary public life Religion and Politics in the Contemporary United States offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies The contributors explore numerous modes through which religious faith has mobilized political action They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture Their work includes the political activities of a very diverse group of religious believers Christians Jews Muslims Hindus Buddhists and others In addition the book explores the meanings of religion for people who might contest the term those who are spiritual but not religious for example as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion Several essays also examine the meanings of secular identity humanist politics and the complex evocations of civil religion in American life No other book on religion and politics includes anything like the diversity of religions ethnicities and topics that this one does from Mormon political mobilization to attempts at Americanizing Muslims in the post 9 11 United States from C sar Ch vez to James Dobson from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States Mormon Feminism Joanna Brooks,Rachel Hunt Steenblik,Hannah Wheelwright,2016 This is the first ever collection of classic writings and speeches from four decades of the modern Mormon feminist movement A definitive and essential guide for anyone who wants to understand the unique and often controversial history of gender in Mormonism Mormon Feminism makes available in one place for the first time the groundbreaking essays speeches and poems of the Mormon feminist movement Women in Utah History Patricia Lyn Scott,Linda Thatcher,2005-11-15 A project of the Utah Women s History Association and cosponsored by the Utah State Historical Society Paradigm or Paradox provides the first thorough survey of the complicated history of all Utah women Some of the finest historians studying Utah examine the spectrum of significant social and cultural topics in the state s history that particularly have involved or affected women **The Antipolygamy Controversy in U.S. Women's Movements, 1880-1925** Joan Smyth Iversen,2014-01-21 This first study of the antipolygamy movement in the United States traces its growth from a Utah based women s group into a national crusade where it sparked a debate in suffrage politics The author analyzes this debate highlighting the differing views of marriage family and the role of women held by suffrage leaders Mormon women and antipolygamy reformers Antipolygamy rhetoric masked a more significant debate within women s groups about the structure and meaning of the American family Coming in the post Civil War period the antipolygamy

agenda reflects an attempt to re construct the Republican family diminish patriarchal authority and improve the status of women The reaction of the antipolygamy women was also more than a struggle for power Their adherence to the Republican family was a discourse involving not just rhetoric but a whole range of cultural forms and institutions which provided women with status moral authority and an identity Often the fear of polygamy was mingled with anxiety over the increase in divorce and the emergence of the new woman Ironically by the end of the long congressional battle over Utah and the Mormons both the rhetoric of polygamy and antipolygamy were used against the women s movement

Encyclopedia of American Women and Religion June Melby Benowitz, 2017-08-18 This two volume set examines women s contributions to religious and moral development in America covering individual women their faith related organizations and women s roles and experiences in the broader social and cultural contexts of their times This second edition of Encyclopedia of American Women and Religion provides updated and expanded information from historians and other scholars of religion covering new issues in religion to better describe and document women s roles within religious groups For instance the term evangelical feminism is one newly defined aspect of women s involvement in religious activism Changes are constantly occurring within the many religious faiths and denominations in America particularly as women strive to gain positions within religious hierarchies that previously were exclusive to men and rise within their denominations to become theologians church leaders and bishops The entries examine the roles that American women have played in mainstream religious denominations small religious sects and non traditional practices such as witchcraft as well as in groups that question religious beliefs including agnostics and atheists A section containing primary documents gives readers a firsthand look at matters of concern to religious women and their organizations Many of these documents are the writings of women who merit entries within the encyclopedia Readers will gain an awareness of women s contributions to religious culture in America from the colonial era to the present day and better understand the many challenges that women have faced to achieve success in their religion related endeavors

Department of Justice Confirmations United States. Congress. Senate. Committee on the Judiciary, 1981 Women of Principle Janet Bennion, 1998-10-08 This book offers an in depth study of the female experience in one Mormon polygynous community the Apostolic United Brethren Women in such rigid patriarchal religious groups are commonly portrayed as the oppressed powerless victims of male domination Janet Bennion shows however that the reality is far more complex Many women converts are attracted to this group and they are much more likely than male converts to remain there Often these women are seeking improved socio economic status for themselves and their children as well as an escape from their marginalized status in the mainstream Mormon church In the polygynous group women experience rapid assimilation autonomy and upward mobility Bennion supports her study with narratives from the lives of women now living in the group narratives that clearly reveal why many mainstream Mormon women are viewing polygyny as a viable alternative to the difficulties to single motherhood spinsterhood poverty and emotional deprivation

Transformation of the Mormon

Culture Region Ethan R. Yorgason, 2024-03-18 In this unique study Ethan R Yorgason examines the Mormon culture region of the American West which in the late nineteenth century was characterized by sexual immorality communalism and anti Americanism but is now marked by social conservatism Foregrounding the concept of region Yorgason traces the conformist conservative trajectory that arose from intense moral and ideological clashes between Mormons and non Mormons from 1880 to 1920 Looking through the lenses of regional geography history and cultural studies Yorgason investigates shifting moral orders relating to gender authority economic responsibility and national loyalty community and home life Transformation of the Mormon Culture Region charts how Mormons and non Mormons resolved their cultural contradictions over time by a progressive narrowing of the range of moral positions on gender in favor of Victorian gender relations the economy in favor of individual economics and the nation identifying with national power and might Mormons and non Mormons together constructed a regime of effective coexistence while retaining regional distinctiveness *Contemporary Mormonism* Claudia L. Bushman, 2006-01-30 Much misunderstood Mormonism had a colorful beginning in the 19th century as a visionary named Joseph Smith founded and built a community of believers with their own unique faith In the late 20th century the church had to come to terms with its own growth and organization as well as with the increasing pervasiveness of globalization secularization and cultural changes Today Mormonism is one of the major religions in America and continues to grow internationally However though the church itself remains strong it is elusive to those of other faiths Here a seasoned author and third generation Mormon sheds light on the everyday lives and practices of faithful Mormons Bushman s readers will come away with a more thorough appreciation of what it means to be Mormon in the modern world Much misunderstood Mormonism had a colorful beginning in the 19th century as a visionary named Joseph Smith founded and built a community of believers with their own unique faith In the late 20th century the church had to come to terms with its own growth and organization as well as with the increasing pervasiveness of globalization secularization and cultural changes Today Mormonism is one of the major religions in America and one that continues to grow internationally However though the church itself remains strong it is elusive to those of other faiths Here a seasoned author and third generation Mormon sheds light on the everyday lives and practices of faithful Mormons Bushman s readers will come away with a more thorough appreciation of what it means to be Mormon in the modern world Following Brigham Young into the Great Basin and founding communities that have endured for over 100 years Mormons have forged a rich history in this country even as they built communities around the world But the origins of this faith and those who adhere to it remain mysterious to many in the United States Bushman allows readers a vivid glimpse into the lives of Mormons their beliefs rituals and practices as well as their views on race ethnicity social class gender and sexual orientation The voices of actual Mormons reveal much about their inspiration devotion patriotism individualism and conservatism With its mythical history and unlikely success many wonder what has made this religion endure through the years Here readers will find answers to their questions about what it

means to be Mormon in contemporary America **Journal of Mormon History** ,2001 **The Altar at Home** Claudia Stokes,2014-07-17 Displays of devout religious faith are very much in evidence in nineteenth century sentimental novels such as Uncle Tom s Cabin and Little Women but the precise theological nature of this piety has been little examined In the first dedicated study of the religious contents of sentimental literature Claudia Stokes counters the long standing characterization of sentimental piety as blandly nondescript and demonstrates that these works were in fact groundbreaking assertive and highly specific in their theological recommendations and endorsements The Altar at Home explores the many religious contexts and contents of sentimental literature of the American nineteenth century from the growth of Methodism in the Second Great Awakening and popular millennialism to the developing theologies of Mormonism and Christian Science Through analysis of numerous contemporary religious debates Stokes demonstrates how sentimental writers rather than offering simple depictions of domesticity instead manipulated these scenes to advocate for divergent new beliefs and bolster their own religious authority On the one hand the comforting rhetoric of domesticity provided a subtle cover for sentimental writers to advance controversial new beliefs practices and causes such as Methodism revivalism feminist theology and even the legitimacy of female clergy On the other hand sentimentality enabled women writers to bolster and affirm their own suitability for positions of public religious leadership thereby violating the same domestic enclosure lauded by the texts The Altar at Home offers a fascinating new historical perspective on the dynamic role sentimental literature played in the development of innumerable new religious movements and practices many of which remain popular today *We Gather Together* Neil J. Young,2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day *We Gather Together* recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years Excavating Mormon Pasts Newell C. Bringham,Lavina Fielding Anderson,2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century Sisters in Spirit Maureen Ursenbach Beecher,Lavina Fielding Anderson,1987 This book of essays about Mormon women all written and edited by scholars who are themselves Mormon women is a brave and

important work Readers will fully appreciate just how brave and important it really is however if they can see how this work of historical theology fits into the history of historical writing about Mormon women as well as how it fits into Mormon history itself The women who contributed to this book are among the best of the Mormon literati they hold that there is hope within the church for change for reform for expansion of the place of women Women s Review of Books Historians of women in America have a great deal to learn from the history of Mormon women This fine set of essays provides an excellent introduction to a subject about which we should all know more Anne Firor Scott author of *Making the Invisible Woman Visible* Latter-day Saint Women in the Twentieth Century Claudia L. Bushman, 2004 Papers presented at Brigham Young University s Joseph Fielding Smith Institute for Latter day Saint History during the 2003 summer seminar These papers focus on Latter day Saint women s history in the nineteenth and twentieth centuries Sister Saints Colleen McDannell, 2019 Sister Saints offers a history of modern Mormon women and argues that we are on the verge of an era in which women are likely to play a greater role in the Mormon church *Resources in Women's Educational Equity*, 1979 Literature cited in AGRICOLA Dissertations abstracts international ERIC ABI INFORM MEDLARS NTIS Psychological abstracts and Sociological abstracts Selection focuses on education legal aspects career aspects sex differences lifestyle and health Common format bibliographical information descriptors and abstracts and ERIC subject terms used throughout Contains order information Subject author indexes
