BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Metal Gear Solid The Novel* , **Patriot Future - Author's Draft** Milton Johns, 2012-02-21 A harrowing look at what America might be like in the year 2021 Narcotics Detective and Marine combat veteran Matt Sheridan is recruited to infiltrate a rebel group the Confederation of American Patriots in a future America where the New Liberty Party has risen to absolute power The more he learns about the rebels the more he questions the New Liberty government Originally published in 1997 as *Patriot Future* this manuscript is the author s complete story *Patriot Future Author s Draft* features an extended story line on the early lives of Matt Sheridan and rebel operative Jimmy White Horse This material was removed by the original publisher for reasons of physical size Praise for *Patriot Future* From Booklist One would normally expect a near future thriller in which teaching about the Civil War has been declared socially insufficient i e politically incorrect to be somewhere to the political right of *The Turner Diaries* Not so here War hero and federal cop Matt Sheridan is assigned to infiltrate the allegedly right wing Confederation of American Patriots But it turns out that CAP is really the good guys fighting a corrupt New Liberty regime that has stolen elections and introduced a lethal drug called jazz to justify an enormous federal police apparatus This is a comparatively standard internal conspiracy plot but Johns has a real knack for action scenes for making military and law enforcement hardware complement but not overwhelm his good archetypal characters and for genuinely engaging reader sympathies with the rebels Moreover in making his debut Johns has produced a novel that can be enjoyed by those who disagree with his politics an achievement some writers with far more books under their belts have yet to manage Roland Green **The Story of Patriot's Day, Lexington and Concord, April 19, 1775** George Jones Varney, 1895 **Technologies of Feminist Speculative Fiction**

Sherryl Vint, Sümeyra Buran, 2022-05-04 **Technologies of Feminist Speculative Fiction** Gender Artificial Life and the Politics of Reproduction explores how much technology has reshaped feminist conversations in the decades since Donna Haraway's influential *Cyborg Manifesto* was published. With sections exploring reproductive technologies, new ways of imagining femininity and motherhood via artificial means, queer readings of gender as a social technology, and posthuman visions of a world beyond gender, this book demonstrates how feminist speculative fiction offers an urgently needed response to the intersections of women's bodies and technology. This collection brings together authors from Europe, Japan, the US, and the UK to consider speculative films and texts, reproductive technologies and food futures, and opportunities to rethink family, aging, gender, and sexuality and community through feminist speculative fiction, a social technology for building better futures.

Whistleblowers: True Patriots of Humanity Shawn Alli, 2014-07-12 Whistleblowers are the gatekeepers who hold the keys of the kingdom in their pockets and are capable of revolutionizing all of humanity. The idea that patriotism is a concept limited to one's government and implies obedience to them is equal to propaganda on steroids. Generational societal, political, social, and religious conditioning reaches into the minds of whole populations and enslaves them in a dreamlike state. Whistleblowers are paradigm shifters who are capable of waking up the masses. And it's high time that the masses wake up, take responsibility for their lapse in judgement, and hold corrupt governments' officials accountable for their actions. In **Whistleblowers: True Patriots of Humanity**, you'll learn how to blow the whistle safely with various frameworks and methodologies. How to separate the real whistleblowers from the celebrity ones using the Standard Whistleblowing Criterion. Understand the dynamics of the conspiracy theory movement. Why many Five Eyes government constitutions and oaths of allegiance are invalid. Understand the US and UK government's war against journalists. How mainstream media and alternative media outlets can redefine themselves in the 21st century.
