Patriotic Pacifism Waging War On War In Europe 1815 1914:

Patriotic Pacifism Sandi E. Cooper, 1991 Peace movements became a part of the national landscapes of British American and European politics in the nineteenth century reaching their peak during the European arms race of 1889 1914 This study examines the history of European peace movements from the end of the Napoleonic wars to the beginning of the First World War analysing their methods and influence and examining their ideological underpinnings and internal conflicts

The Oxford Handbook of Gender, War, and the Western World Since 1600 Karen Hagemann, Stefan Dudink, Sonya O. Rose, 2020 To date war history has focused predominantly on the efforts of and impact of war on male participants However this limited focus disregards the complexity of gendered experiences with war and the military The Oxford Handbook of Gender War and the Western World since 1600 investigates how conceptions of gender have contributed to the shaping of military culture examining the varied ideals and practices that have socially differentiated men and women s wartime experiences Covering the major periods in warfare since the seventeenth century The Handbook explores cultural representations of war and the interconnectedness of the military with civil society and its transformations *Cosmopolitan Outsiders* Katherine Sorrells, 2016-10-13 This book reconstructs the intellectual and social context of several influential proponents of European unity before and after the First World War Through the lives and works of the well known promoter of Pan Europe Richard Coudenhove Kalergi and his less well known predecessor Alfred Hermann Fried the book illuminates how transnational peace projects emerged from individuals who found themselves alienated from an increasingly nationalizing political climate within the Austro Hungarian Monarchy and the new nation states of the interwar period The book s most important intervention concerns the Jewish origins of crucial plans for European unity It reveals that some of the most influential ideas on European culture and on the peaceful reorganization of an interconnected Europe emerged from Jewish milieus and as a result of Jewish predicaments **The Glorious Art of Peace** John Gittings, 2012-02-23 A ground breaking history of the arts of peace from Confucius and Ancient Greece through to the 21st century opening an alternative window on history to show the strength of the case for peace which has been argued from ancient times onwards **The History of Social Movements in Global Perspective** Stefan Berger, Holger Nehring, 2017-01-12 Social movements have shaped and are shaping modern societies around the globe this is evident when we look at examples such as the Arab Spring Spain s Indignados and the wider Occupy movement In this volume experts analyse the classic and new social movements from a uniquely global perspective and offer insights in current theoretical discussions on social mobilisation Chapters are devoted both to the study of continental developments of social movements going back to the nineteenth century and ranging to the present day and to an emphasis on the transnational dimension of these movements Interdisciplinary and truly international this book is an essential text on social movements for historians political scientists sociologists philosophers and social scientists *The Failure to Prevent World War I* Hall Gardner, 2016-03-16 World War I represents one of the most

studied yet least understood systemic conflicts in modern history At the time it was a major power war that was largely unexpected This book refines and expands points made in the author s earlier work on the failure to prevent World War I It provides an alternative viewpoint to the thesis of Christopher Clark Fritz Fischer Paul Kennedy among others as to the war s long term origins By starting its analysis with the causes and consequences of the 1870 71 Franco Prussian War and the German annexation of Alsace Lorraine the study systematically explores the key geostrategic political economic and socio cultural ideological disputes between France Germany Austria Hungary Italy Russia Japan the United States and Great Britain the nature of their foreign policy goals alliance formations arms rivalries as well as the dynamics of the diplomatic process so as to better explain the deeper roots of the Great War The book concludes with a discussion of the war s relevance and the diplomatic failure to forge a possible Anglo German French alliance while pointing out how it took a second world war to realize Victor Hugo s nineteenth century vision of a United States of Europe a vision now being challenged by financial crisis and Russia s annexation of Crimea

Debating the Woman Question in the French Third Republic, 1870-1920 Karen Offen, 2018-01-11 A magisterial reconstruction and analysis of the heated debates around the woman question during the French Third Republic

The truest form of patriotism' Heloise Brown, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This book explores the pervasive influence of pacifism on Victorian feminism It provides an account of Victorian women who campaigned for peace and of the many feminists who incorporated pacifist ideas into their writing on women and gender The book explores feminists ideas about the role of women within the empire their eligibility for citizenship and their ability to act as moral guardians in public life It shows that such ideas made use in varying ways of gendered understandings of the role of force and the relevance of arbitration and other pacifist strategies The book examines the work of a wide range of individuals and organisations from well known feminists such as Lydia Becker Josephine Butler and Millicent Garrett Fawcett to lesser known figures such as the Quaker pacifists Ellen Robinson and Priscilla Peckover

Encyclopedia of Women Social Reformers Helen Rappaport, 2001-12-06 The first comprehensive guide to women activists from every part of the world illuminating the broad range of women s struggles to reform society from the 18th century to the present Despite being marginalized disenfranchised impoverished and oppressed women have always stepped forward in disproportionate numbers to lead movements for social change This two volume encyclopedia documents the visions struggles and lives of women who have changed the world This encyclopedia celebrates the lives and achievements of nearly 300 women from around the globe women who have bravely insisted that the way things are is not the way they have to be Nadeshda Krupskaya the wife of Lenin spearheaded the drive against illiteracy in post revolutionary Russia American Dorothy Day founded the Catholic worker movement Begum Rokeya Hossain organized a girls school in Calcutta in 1911 Rachel Carson launched the modern environmental movement with her book *Silent Spring* The stories of these women and the hundreds of others collected here

will restore missing pages to our history and inspire a new generation of women to change the world **Absolute War** Mark Hewitson, 2017-02-09 Wars have played a fundamental part in modern German history Although infrequent conflicts involving German states have usually been extensive and often catastrophic constituting turning points for Europe as a whole *Absolute War* is the first in a series of studies from Mark Hewitson that explore how such conflicts were experienced by soldiers and civilians during wartime and how they were subsequently imagined and understood during peacetime from Clausewitz and Kleist to J nger and Adorno Without such an understanding it is difficult to make sense of the dramatic shifts characterising the politics of Germany and Europe over the past two centuries The studies argue that the ease or reluctance with which Germans went to war and the far reaching consequences of such wars on domestic politics were related to soldiers and civilians attitudes to violence and death as well as to long term transformations in contemporaries conceptualisation of conflict *Absolute War* reassesses the meaning of military conflict for the millions of German subjects who were directly implicated in the Revolutionary and Napoleonic Wars Based on a re reading of contemporary diaries letters memoirs official correspondence press reports pamphlets treatises plays and cartoons this volume refocuses attention on combat and conscription as the central components of new forms of mass warfare It concentrates in particular on the impact of violence killing and death on many soldiers and some civilians experiences and subsequent memories of conflict War has often been conceived of as an act of violence pushed to its utmost bounds as Clausewitz put it but the relationship between military conflicts and violent acts remains a problematic one *The Great War and the Origins of Humanitarianism, 1918-1924* Bruno Cabanes, 2014-03-13 The aftermath of the Great War brought the most troubled peacetime the world had ever seen Survivors of the war were not only the soldiers who fought the wounded in mind and body They were also the stateless the children who suffered war s consequences and later the victims of the great Russian famine of 1921 to 1923 Before the phrases universal human rights and non governmental organization even existed five remarkable men and women Ren Cassin and Albert Thomas from France Fridtjof Nansen from Norway Herbert Hoover from the US and Eglantyne Jebb from Britain understood that a new type of transnational organization was needed to face problems that respected no national boundaries or rivalries Bruno Cabanes a pioneer in the study of the aftermath of war shows through his vivid and revelatory history of individuals organizations and nations in crisis how and when the right to human dignity first became inalienable **The New Atlantic Order** Patrick O. Cohrs, 2022-05-12 Sheds new light on a transformation process the struggle to create a modern Atlantic order in the long twentieth century *The age of internationalism and Belgium, 1880-1930* Daniel Laqua, 2015-07-01 Belgium was a major hub for transnational movements By taking this small and yet significant European country as a focal point the book critically examines major issues in modern history including nationalism colonial expansion debates on the nature of international relations and campaigns for political and social equality Now available in paperback this study explores an age in which many groups and communities from socialists to scientists

organised themselves across national borders The timeframe covers the rise of international movements and associations before the First World War the conflagration of 1914 and the emergence of new actors such as the League of Nations The book acknowledges the changing framework for transnational activism including its interplay with domestic politics and international institutions By tracing international movements and ideas the book aims to reveal and explain the multifarious and sometimes contradictory nature of internationalism

Global Civil Society 2006/7 Helmut K Anheier, Mary Kaldor, Marlies Glasius, 2006-10-02 Even though current public interest and engagement in issues of global violence are the results of terribly tragic and disturbing events it is good that these matters are receiving widespread attention I argue for a wider use of our voice in the working of global civil society to be distinguished from military initiatives and strategic activities of governments The Global Civil Society Yearbook can make a substantial contribution to the expression of public voice without border Amartya Sen Suicide bombings collateral damage kidnappings and air strikes pepper the lexicon of twenty first century politics Global Civil Society 2006 7 explores the complex relationship between violence civil society and legitimacy in a unique dialogue that crosses political cultural and religious boundaries Is the use of violence by non state actors ever justified How is violence transmitted from the private to the public sphere Why is terror and the war on terror catalysing rather than suppressing violence Do Western and Islamic traditions of thought offer any solutions This edition of the Yearbook also includes new research on economic and social rights the politics of water and football Chapters include Not Even a Tree Can Violence be Justified in a Global Era Mary Kaldor and Heba Raouf Ezzat Bringing Violence Back Home Jenny Pearce Pipe dream or Panacea Global Civil Society and Economic and Social Rights Marlies Glasius War and Peace the Role of Global Civil Society Mary Kaldor Denisa Kostovicova and Yahia Said Water a Global Contestation Willemijn Dicke Patrick Bond Fadia Daibes Murad Sanjeev Khagram Alessandro Palmieri Carlos Vainer Zo Wilson and Patricia Wouters The Church the Mosque and Global Civil Society Mark Juergensmeyer The Odd Couple Football and Global Civil Society David Goldblatt

Women Strike for Peace Amy Swerdlow, 1993-11-15 Women Strike for Peace is the only historical account of this ground breaking women s movement Amy Swerdlow a founding member of WSP restores to the historical record a significant chapter on American politics and women s studies Weaving together narrative and analysis she traces WSP s triumphs problems and legacy for the women s movement and American society Women Strike for Peace began on November 1 1961 when thousands of white middle class women walked out of their kitchens and off their jobs in a one day protest against Soviet and American nuclear policies The protest led to a national organization of women who fought against nuclear arms and U S intervention in Vietnam While maintaining traditional maternal and feminine roles members of WSP effectively challenged national policies defeating a proposal for a NATO nuclear fleet withstanding an investigation by the House Committee on Un

American Activities and sending one of its leaders to Congress as a peace candidate As a study of a dissident group grounded in prescribed female culture and the struggle of its members to avoid being trapped within that culture this book adds a crucial new dimension to women's studies In addition this account of WSP's success as a grass roots nonhierarchical movement will be of great interest to historians political scientists and anyone interested in peace studies or conflict resolution Swerdlow has re-created a unique piece of American political history a chapter of the international peace movement and an origin of the modern feminist movement No historian activist or self-respecting woman should be without *Women Strike for Peace* It shows not only how one group of women created change but also how they inevitably changed themselves Gloria Steinem

Dreamworlds of Race Duncan Bell, 2020-12-08 The author takes up the ideas of dozens of thinkers on both sides of the Atlantic from the celebrated to the obscure though central to the book is a quartet of noteworthy figures Andrew Carnegie W T Stead Cecil J Rhodes and H G Wells Campaigning groups were established transatlantic networks were formed articles pamphlets books and speeches were written and disseminated all with the aim of emphasising unity Proposals for institutionalising transatlantic links ranged from the modest to the extraordinarily bold The former included strengthening defence co-operation deepening economic connections and co-ordinating imperial strategy while the latter encompassed plans for the creation of novel forms of political community even a single transatlantic state And much of the thinking was underpinned by ideas about race and a shared Anglo-Saxon cultural inheritance Jewish Women in the Early Italian Women's Movement, 1861-1945 Ruth Nattermann, 2022-06-30 This book is the first epoch-spanning study on Jewish participation in the Italian women's movement focussing in a transnational perspective on the experience of Italian Jewish protagonists in Liberal Italy during the First World War and the Fascist dictatorship until 1945 Drawing on ego documents contemporary journals and Jewish community archives as well as records by the police and public authorities it examines the tensions within the emancipation process between participation and exclusion The book argues that the racial laws from 1938 did not represent the sudden end of an idyllic integration but rather the climax of a long-term development Social marginalization the persecution of Jewish rights and the assault on Jewish lives during fascism are analysed distinctly from the perspective of Jewish women In spite of their significant influence on the transnational orientation of the Italian women's movement their emancipation as women and Jews remained incomplete **The Remnants of War** John Mueller, 2007 Mueller argues that war is an idea like dueling or slavery that has been substantially discredited reduced to its remnants or dregs and thugs are the residual combatants *Crossing the Atlantic* Thomas Adam, Nils H. Roemer, 2011-04-19 travel as an exploration of the other which becomes an exploration of the self a confirmation of identity from the Introduction by Frank Trommler In an age when travel was more difficult but leisure was more available those who journeyed across the Atlantic from the Old World to America or back created a wonderful literature about the divergent cultures and the fertile interactions among them In travel diaries journals novels journalistic reports and

guide books nineteenth and early twentieth century writers recorded impressions and ruminations that not only offer opportunities for comparison and contrast but also shed light on the processes of modernization and the future that would emerge on both sides of the Atlantic This latest offering from the important Walter Prescott Webb Memorial Lectures series explores themes like urbanization modernization education gender Jewish identity nationalism and internationalism political and cultural values and the experience of travel itself Volume editors Thomas Adam and Nils Roemer have assembled a collection of varied studies that permit enlightened reflection on the ways in which travelers from the New and Old Worlds have observed documented understood and negotiated their similarities and differences The freshness and variety of the previously little heard voices documented in *Crossing the Atlantic* will serve as an important reminder that an attentive interaction with foreignness has been and will continue to be one of the best paths to a more enlightened engagement with the familiar
